By order of the President.

Brown, of the Bellefonte *Republican*, after informing his readers that he has joined the church, also informs them that "our new head will be on next week." If he keeps on improving he will be so disguised after a while that his old friends will not know him.

According to the snow record kept by Mr. Buffington, of Milesburg, fifty inches fell in that borough between the 22d of November and the 10th of February. So says the Bellefonte *Watchman*. We have no doubt this locality can go 25 inches better.

The Postage laws have undergone a radical change. After the 1st of July next letter postage will be *two* instead of *three* cents, and the postage on a daily newspaper will be 60 cents instead of $1.20 after the 1st of January 1874, but paid in advance at the office of mailing. We will be compelled to pay the postage on every copy of the Republican we send out of the county.

We notice by our exchanges that Samuel Roush, long identified with the public business of Union county, having filled the offices of Register and Recorder and Prothonotary for about a quarter of a century, died near Camden, Delaware, where he had removed several years ago, on the 5th instant, aged 77 years, 11 months and 5 days. He belonged to that old class of officials who discharged their duties for legal fees.

Local Option.—The vote taken on this question in Jefferson county, week before last, resulted as follows:

Total vote against license 2,156
Total vote for license 1,194
Majority against 962

Of the twenty-seven districts only six gave a majority for license. Elk and Forest counties have both declared for license.

Seriously Injured.—Philip Antes, an aged resident of Lawrence township, met with a serious accident last Thursday morning. He was staying over night with his son-in-law, Mr. Mitchell, in this borough, and arose from his bed in the morning to come down stairs, but in doing so he fell and was precipitated to the bottom, and was picked up senseless. Through proper restoratives and kind treatment he is much better, but suffers considerable pain caused by the breaking of some of his ribs.

Distressing.—James Morrison, a former resident of Goshen township, in this county, but now living in Cannon City, Rice county, Minnesota, had his house burned on the night of the 24 inst. He and his family escaped, but saved nothing but their night clothing. The night was very cold and nearly all got their feet frozen. We learn that all are being properly cared for by the neighbors, who have donated clothing, wheat, meat, etc., rendering them as comfortable as can be expected.

"Little Blair."—We do not like to talk about our neighbors, but when they give us a rare chance we sometimes take that liberty. We notice by the Auditors' report that Blair county has outstanding taxes in the hands of her collectors amounting to over $45,000. Suppose Clearfield county had but *half that sum* in the hands of "the ring," would we not hear some loyal thunder in this neck of woods? To allow that amount of public money to remain in the hands of a number of cronies, and continue to assess taxes, is nothing more nor less than robbery.

A Monster Log.—Last week the largest oak saw log that perhaps has been handled in this section of country for many years, was brought from a woods back of Turbutville to Cook & Pardee's saw mill, in this place, by John R. Seiler. The log contained 241 cubic feet, making 2,892 feet, board measure, and weighed about eight tons. It required six horses to draw it on a sled, and when the team and log passed this place it was witnessed by many with surprise, who spoke of it as the "king of the woods." Mr. Seiler was paid $25 for bringing the log to the mill.—*Watsontown Record.*

Fire at Tyrone.—The large steam tannery, located near the Ward House, Tyrone, was destroyed by fire on Wednesday night. The bark house and two small buildings were saved. Mr. Way's loss is about $60,000, about half of which is covered by insurance. The watchman was in the act of taking his lunch when he discovered the fire and made several efforts to give the alarm by blowing the whistle, but was driven out by the smoke and could only get into position to do so after reaching the roof. The fire originated somewhere about the boiler and spread very rapidly. We learn from our Tyrone exchanges that Mr. Ray will at once proceed to clear away the ruins and prepare for rebuilding, and he expects to be able to have the tannery in full blast again by the last of May or early in June.

Pretty Plain.—The last Blair county Grand Jury spoke in this wise before adjourning:

To the Honorable the Judges of Quarter Sessions of Blair county: The Grand Jury, inquiring in and for the body of the county, on their solemn oaths and affirmations do make the following presentment of and against the Commissioners of the county of Blair, viz: We respectfully present that the Court House and grounds and outbuildings have been allowed to become a public nuisance. We find that the doors of the jury-rooms are without locks; without sufficient chairs or seats; the matting on the floors is old and filthy in the extreme, exhaling a dust and vapor sufficient to breed pestilence; large apertures in the doors; insufficiency of chairs; the frescoing peeling off and hanging in tatters; an accumulation of dirt under the matting and under the stairs; the privy in a condition hardly fit for swine, and the Court House and outbuildings so neglected and out of repair as to show culpable neglect on the part of the County Commissioners and those having charge of the said buildings.

It is neither decency nor economy to keep public buildings in a condition worse than pig sties. Our public officers are greatly mistaken in their views if they think the people will sustain them in their present management of the Court House.

We found the grand jury room with an old table upset, a three-legged chair, no water pitcher, nor towels, nor pokers, nor accommodations nor convenience of any description. The other rooms are in a similar condition. The seats in the rooms are covered so thickly with dust that we could have written our names on them.

Although an unpleasant duty we are compelled to present the whole as a public nuisance, and that the County Commissioners, for their neglect, should be exercised.

Statistical Summary of Sabbath Schools in Clearfield County, for 1872.

No. of schools outside of Clearfield town	102
Entire membership, including officers, teachers and scholars	7,099
No. of adult scholars	1,539
No. of scholars who are church members	718
No. of denominational schools	57
No. of union schools	45
No. of schools continued all the year	22
No. of schools closed during winter months	57
No. of schools that have uniform lessons	28
No. of schools that hold teachers' meetings	6
No. that have every Sabbath collection	10
The population of Clearfield county, given in last U. S. census, 1870, was	25,740

Facts relating to the work.

1. Statistics are estimated for five schools from which we have no reports.

2. Brady township has the largest number of schools—10 in all.

3. Covington and Girard each have one.

4. Fourteen new schools have been organized by means of the County Sabbath School Association, and by other agencies, since January, 1872.

5. There are reported 1,539 adult scholars, indicating a decided gain in the attendance of parents and other older persons.

6. Only 28 schools are reported as having a uniform lesson, showing the need of improvement in the case of many schools.

7. A County Sabbath School Map has been constructed, on the national uniform plan, exhibiting all the schools of 1872, their location, denomination, &c.

8. The work herein reported has been done under the auspices of the Clearfield County Sabbath School Association, of which Dr. A. M. Hills is President, Dr. J. M. Stewart is Secretary and S. J. Row, Esq., is Treasurer.

9. While these efforts are unsectarian, the churches on the field will receive the benefit of any permanent good accomplished.

10 The statistical table, gratifying as it is in many respects, plainly shows that the present condition of the county calls for earnest effort to gather in the large number of persons, old and young, who are outside of the sabbath schools.

11. The entire cost of the work, with its necessary and incidental expenses, for the year, not including grants to the needy, is $308.90.

12. In aid of the work we have received $125 from William E. Dodge, Esq., of New York, $50 from Presbyterian Sabbath School of Clearfield, and $20 from Gen. John Patton, of Curwensville.

13. It is hoped that further contributions will be received to defray the expenses of work already done, and enable us to continue our efforts in behalf of the Sabbath School cause in Northern Central Pennsylvania. R. Cruttenden,
Missionary A. S. S. Union, for N. C. P.
Bellefonte, Pa., February, 1873.

Ex-Gov. Curtin.—A *Breeze* having occurred in the Ex-Governor's family lately, the New York *Home Journal* thus alludes to the affair, in its resume of "recent weddings": Commander Kidder Randolph Breeze, of the United States Navy, of Newport, January 23, to Miss Martha Irvin Curtin, daughter of the Hon. Andrew G. Curtin, ex-Governor of Pennsylvania, and late United States Minister to Russia. The ceremony was at Mr. Curtin's residence in Philadelphia, Rev. Dr. Beadle officiating. The lady, we are informed, wore white gros grain, trimmed with satin ruchings, was attended by her sister and a young lady friend. Mrs. Breeze is a tall, handsome brunette, and if report speaks correctly, was the American belle at Nice, in January, 1872. It was there that she is said to have met Commander Breeze, who was then attached to the United States European squadron. The bride was given away by her father; there was a reception, with dancing, and a banquet by Augustine, the famous caterer of the Quaker City. The bride's gifts were numerous, some elegant articles having been sent from Europe.

The Clearfield Fire Brick Company.—This company is now fully organised and officered, possesses a paid up capital of $30,000 and has commenced business. The officers are, Wm. Bigler President, Clement W. Smith Treasurer, J. G. Hartswick Secretary, Directors, James B. Graham, John F. Weaver, Geo. L. Reed, Geo. S. Young, R. V. Wilson, A. H. Shaw.

A lot of the clay has been sent to those eminent chemists, Messrs. Booth & Garrett, of Philadelphia, who after experimenting furnish the company with the following analysis:

Silicia	60.00
Alumina	27.48
Oxide of iron	0.77
Moisture	11.15

This shows that nearly 88 per cent. of the clay is the best material known, containing very little iron, and entirely without magnesia and lime, which prove so disastrous to good. Really *ninety per cent.* of the clay can be used and a No. 1 brick produced. We understand that 75 per cent. is considered very good clay.

Notice.—A constant sale and exchange of real estate is taking place in this borough, and parties rush into the Commissioners, after the collector duns them for their tax, for the purpose of making transfers and correcting the duplicate. The assessor has made return of his assessment for 1873, and if any taxable has sold property during the past year, it will be entirely in order for him to call at the office previous to March court and examine the assessment. What we here state applies to every borough and township in the county. The habit of applying for corrections after the collector's duplicate goes out is an outrage, because the Commissioners have no authority to make transfers. This must be done in the handwriting of the assessor, whose duty it is under the law, and if done by anybody else may be tortured into a fraud many years after, and a good title thereby vitiated.

Passing Away.—The old stone jail is slowly but surely passing away, and soon the place that knows it now, will know it no more forever. Like nearly everything in nature, this old, unsightly building but leaves us that something of fairer proportions and brighter aspect may take its place; and ere the snows of another winter whiten the ground we shall see a fine, three-story brick building occupying the ground. The building is designed for a dwelling house, offices, store rooms and a public hall, and will be built in the finest style of architecture. Sheriff Pie is the owner, and as he is known never to do things in any but the best manner, we know this building will be one the town can be proud of.

Brown, "Stick!"—It gratifies us to know that brother Brown, of the Bellefonte *Republican*, has "renounced the Devil and all his works" and intends to lead a new life and publish a reliable newspaper. In his issue of last week he says:

Yes, we have joined the M. E. Church. It is true that so far we have proved a very unfaithful member, but for the future we intend, by the assisting grace of God, to so let "our light shine that others, seeing our good works," &c.

So far as local option is concerned we have beaten the vote. No matter what we may have done the past, we now neither touch, taste nor handle. Other persons may do as they see proper, but we have chosen to abstain from this time forth.

An Important Act.—Messrs. Wallace and Lawshe are entitled to the thanks of their constituents for the prompt passage of the law relating to drift timber, to be found at length in this issue. Judges Foley and Read have also been fortunate in the selection of the Prize Masters.—The act is a little rough on the boomers, but they have boomage enough, anyhow, without cabbaging whole rafts of timber. Besides, other people have some rights left yet which they are bound to respect.

The Great Centennial.—We call the attention of our readers to the programme of the Centennial Celebration, which comes off in Philadelphia on the 22d, at the Academy of Music. The 141st anniversary of the birth of "the Father of his Country" should be no ordinary occasion, and from the manner in which the committee of arrangements are taking hold of matters success must crown their efforts.

Specials.

It Will Pay—To buy your tobacco and cigars, either wholesale or retail, from R. H. Shaw. The lowest price and best quality guaranteed.

Shaw's Horse Liniment.—It has no equal in quality. It never fails to do just what it is represented to do. Owners of Horses should bear this in mind. Can be had at nearly all country store. Give it a trial.

Land Plaster.—Several car loads received by Kratzer & Lytle, which will be sold very cheap. Farmers, make a note of this. feb19-4t

Shaw's Syrup of Wild Cherry Tar and Horehound is the best remedy for coughs and colds we know of. No family can well be without it during this changeable weather, when it is so easy to take cold.

COUGHS AND COLDS.

There are few persons who are aware of the importance of attending to a cough or a cold at its first appearance. The thousand who die annually of consumption, were first attacked with a "slight" cough or cold, which they thought would soon "wear" itself off, and therefore neglected to use the proper remedies until they became incurable.

Every day that a cough, cold, or any lung disease is neglected, makes the chances of a cure more uncertain. We would recommend all suffering from any disease of the Lungs whatever, to use Hanson's Compound Syrup of Tar. It never fails in curing the worst cases of coughs, colds, hoarseness, sore throat, catarrh and asthma. It is an infallible remedy for Whooping Cough; being prescribed by some of the leading physicians in the Northern and Southern States, and being prepared under the immediate supervision of a graduate of the Pennsylvania Medical College.—The proprietors beg leave to inform all that it is no "Quack" preparation, but made strictly in accordance with the advanced principles and theory of medicine. Price 50 cents per bottle.

Clearfield, Pa., March 13, 1872.

A Notorious Fact!

THERE are more people troubled with Lung Diseases in this town than any other place of its size in the State. One of the great causes of this is, the use of an impure article of Coal, largely mixed with sulphur. Now, why not avoid all this, and preserve your lives, by using only **Humphrey's Celebrated Coal**, free from all impurities. Orders left at the stores of Richard Mossop and James B. Graham & Sons will receive prompt attention. ABRAHAM HUMPHREY.
