Our *Special* column is decidedly interesting in a local point of view, and profitable reading to outsiders who want to save money.

Rev. Mr. Lawrence, of Lewistown preached in the Presbyterian Church, in this place, last Sabbath.

Mr. Otto, it will be observed by an advertisement in this issue, solicits proposals for driving logs out of Laurel Run.

A three weeks term of Court commences in this place next Monday. The regular Quarter Session begins on the first Monday (7th) of June.

The Cambria *Freemen* says that a young lady woke up in Altoona the other morning and found a litter of mice in one of her shoes. This statement is *litter*-ally true.

Money to Loan.—Should any one desire to invest money on good security, the interest payable semi annually, we call their attention to an advertisement in this issue, headed "To Investors."

A Compromise.—Geo. W. Spencer, who was tried at Brookville last week for the murder of Ignatius Beaner, at Reynoldsville, was acquitted of the charge of murder, but found guilty of manslaughter. Sentence was deferred.

"The Home Stretch."—Those taxpayers residing in the borough of Clearfield who desire to have a discount of *ten per cent.* off their School and Borough taxes, had better attend to that matter before the 1st day of June. The District Treasurer, Mr. Isaac Johnston, will wait on them and furnish them with a clearance card.

Look Out!—Two Cambria county farmers were recently badly cheated by a smooth-tongued stranger who purchased a horse from each giving in payment checks on an Ebensburg banking house. When the farmers came to draw their money they found that they had been taken in and done for. Beware of strangers, full of strange devices to cheat the unsuspecting farmer.

Brown on his Feet Again.—Col. Brown, formerly editor of the Bellefonte *Republican*, announces that on the first Wednesday in June he will print the first number of a new paper to be called the "Industrial Advocate." It is to be independent in politics, and an advocate of laboring interests. The Colonel has had a rough time ever since he deserted the Democratic party in 1854.

The act of May 25th, 1874, provides that the 30th day of May, commonly called Decoration Day, shall be a legal holiday, and when the 30th day of May occurs on Sunday, then the *Saturday* preceding shall be so observed as a holiday, and the paper maturing on either of these days becomes payable on the *Friday* preceding. As the 30th day of May this year comes on Sunday it will be well to bear this peculiarity of the law in mind.

A Happy Family.—It looked at one time last week as though Sheriff McPherson would be compelled to rent several of our hotels from the way customers were crowding in upon him. He, at one time, had sixty-eight prisoners locked up in his boarding house, and sixty-seven of that number were dissatisfied with their situation. On Monday, however, the number was reduced to twelve, and the family is not so unhappy as it was a week ago.

Wants Information.—Seth Green, the great fish culturist, has asked the newspapers to call the attention of people along the lines of the river flats to note whether any young or old fishes are found in the pools and depressions after the water has fallen, and inform him of the result. The point to be gained is the finding out if the young fish that have been placed in the rivers and creeks of the State of late, remain in the regular channel or deep water, or whether they seek shallow water and a slower current, and are exposed to the danger of being left high and dry upon the ground when the streams fall.

A Narrow Escape.—The Reynoldsville *Herald* says: James B. Arnold, son of F. K. Arnold, Thomas Reynolds and a small boy came near being drowned in the creek at Stroum's Landing, in the lower limits of the borough, last Thursday evening. The boy had fallen in off of some logs which were floating about in the creek and was about exhausted when Arnold, who could not swim, plunged in after him. His attempt to rescue the boy was in vain, and he was about becoming the victim of a watery grave when Reynolds came to his assistance, and, with much trouble, with a hold on the log, he worked the three of them towards shore. Had he lost his hold on the log, the party would have been drowned.

Relief Meeting.—In accordance with previous announcement, the citizens of the borough of Clearfield convened in the Court room on Monday evening, the 24th inst., for the purpose of taking some action in the furnishing of relief to the Osceola sufferers.

The meeting was called to order by Rev. Wm. H. Dill, who stated the object and necessity of action on the part of the people assembled, after which, on motion, Hon. James T. Leonard was elected President; James B. Graham, Rev. P. J. Sheridan, James Irwin, Dr. J. G. Hartwick and F. G. Miller Vice Presidents, and L. J. Morgan and John M. Adams Secretaries. A. F. Boynton was elected Treasurer.

Senator Wallace was called out, and after giving his views upon the question, moved that the President appoint a committee of ten—three ladies and seven gentlemen—to canvass the borough for subscriptions.

The President appointed Mrs. Ex-Gov. Bigler, Mrs. Wm. H. Dill, Mrs. J. Miles Kratzer, Rev. Wm. H. Dill, A. W. Lee, E. A. Bigler, Justin J. Pie, Dr. T. J. Boyer, J. F. Weaver and Thos. H. Murray.

At the adjournment of the meeting, the Secretaries announced that $2,746 had been subscribed.

The committee appointed met at Mr. Lee's office, in Pie's Opera House, at 9 o'clock, on Tuesday morning, organized and made the necessary arrangements to canvass the borough, for the purpose of soliciting aid for the sufferers. What has been realized by the committee since, we have not learned. The committee has rented a room in the Old Western Hotel building, adjoining Kerr's clothing store, for the depositing of all donations of clothing, provisions, etc., intended for the sufferers. Those who wish to contribute money can call upon the committee's treasurer, Mr. Boynton, at the First National Bank.

Change of Schedule.—The annual summer time table went into operation on the Tyrone & Clearfield Railroad on Monday last. The *Express train* now leaves Curwensville at 4:50 in the morning and Clearfield at 5:15 and arrives at Tyrone, on the main line of the Pennsylvania Railroad at 7:37 A. M., and connects *East* with the Pacific Express at 7:47 and Harrisburg Accommodation at 9:40, and *West* with the Pacific Express at 8:24 and Way Passenger at 1:55 P. M. This train leaves Tyrone for the North at 7:00 P. M., arrives at Clearfield at 9:20 and Curwensville at 9:40.

The *Mail train* leaves Curwensville, at 5:15 P. M., Clearfield at 5:40 and arrives at Tyrone at 6:00 P. M. and connects *East* on the main line at 6:45 with the Atlantic Express and at 10:12 with the Philadelphia Express, and *West* at 6:47 with the Mail train, and at 8:08 with the Fast line. The Mail train leaves Tyrone for the North at 9:00 A. M., arrives at Clearfield at 11:20 and Curwensville at 11:40.

It will be observed that travellers passing over this line have the privilege of making two close connections each way on either train.

Grand Entertainment.—We understand that the citizens of Curwensville have appointed a committee, consisting of A. H. Irvin, Geo. W. Weaver, P. K. Sprenkle, J. C. McQowan, Wm. C. Arnold, R. N. Root and Thos. J. Prow, who propose to give an entertainment in Arnold's Hall, on Saturday evening next, consisting of vocal and instrumental music, solos, duetts, quartetts, songs, characters, tableaux, &c. The Clearfield Orchestra will be present and take part in the performance. The proceeds are to be forwarded to the Osceola sufferers, and it is hoped that the concert will be liberally patronized.

Friends, recollect the homeless, naked and hungry. Bestow your mite on this occasion, if you never did before. The needy are your immediate neighbors, and, although avoiding it themselves, charity never demanded so much before in this county. Let her not be turned empty away.

We understand that Mr. Arnold gives the hall and light free.

Tickets for reserved seats to be had at the Drug Store of Geo. W. Weaver & Co.

An Act Relating to Municipal Offices—Laws of 1875.—Sec. 1. *Be it enacted, &c.*, That all members of councils and all other city, ward, borough and township officers, excepting school directors, to be elected on the third Tuesday of February next, or in any year thereafter, whose term of office would, under existing laws, expire prior to the first Monday of April, shall continue in office from the date at which said term would otherwise expire, until the first Monday of April next ensuing thereto; and the terms of their successors shall begin on the first Monday of April, and shall continue for the period now fixed for the duration thereof by existing laws in each particular case; and hereafter all elections for officers which will be vacant on the first Monday of April, shall be held on the third Tuesday of February next preceding thereto.

Sec. 2. That the members of legislative departments of the municipal governments of this Commonwealth hereafter elected shall assemble in their respective places of meeting, for the purpose of organization, at ten o'clock, in the forenoon of the first Monday in April in each year; and that the mayors of all cities of the Commonwealth shall be inaugurated and take the official oath at twelve o'clock noon of the same day.

Sec. 3. That all acts or parts of acts inconsistent herewith are hereby repealed.

Tyrone Herald Squibs.—Ex-Gov. Bigler was at the Ward House on Tuesday morning. He looked hale and hearty.

A number of Odd-Fellows from Clearfield on their way to Williamsport, to attend the Grand Lodge, tarried with us a few hours on Monday.

Senator Wm. A. Wallace passed through this place on his way home to Clearfield, on Tuesday morning. He looked as happy as a big sun-flower. He's fixed, you know.

The back-bone of the strike in the Clearfield coal region is about played out. Men have gone to work in nearly all the mines, at the old price of 50 cents per ton. From present indications in a little while business will be as active as ever in the coal regions and on the branch road, much to the satisfaction of all concerned.

Accidentally Shot.—The danger of fire-arms in the hands of little boys had a terrible demonstration on Friday last in this borough. Little Charles McNally and William Krug, each aged about twelve years, had in their possession a revolver, and while coming home from school they were practicing target shooting. While the pistol was in the hands of Charlie McNally, by some means it "went off" and the bullet lodged in the thigh of William Krug, making a painful though not a serious wound. Had the wound been three inches higher it would have resulted in the death of the boy. We hope this will be a warning to all boys not to carry fire-arms.—*St. Marys Gazette.*

Pistols are not the proper educational instruments for school boys to handle, yet such is progress.

Soldiers' Orphans.—An Act of Assembly, approved March 19th, 1875, authorizes the admission into Soldiers' Orphan Schools of the children of those deceased soldiers who were residents of this State but served in organizations of other States, provided that the children are now residents of Pennsylvania; also, that the children of deceased, destitute or permanently disabled soldiers who were born after January 1st, 1876, may now be admitted without limitation as to number. There are a large number of children of both these classes who were under the old law admitted admission and who now can be placed in the schools. Five hundred and twenty-seven children, who have reached the maximum age (16 years), will be discharged from the schools this year.—*Exchange.*

A Railroad Oil Fire.—On Monday morning last, an oil train on the Low Grade Division, composed of twenty-three cars when near Fuller's station, about eight miles east of this place, had one of the trucks jump the track, and from some cause, probably sparks from the stone and iron, the car was set on fire. The coupling breaking allowed the engineer to pull out of danger all cars in front of the one that jumped the track, and the great train which was following close in the rear of the oil train seeing the condition of affairs ran up and pulled out the caboose and one or two cars. There were sixteen loaded cars burned and the track destroyed, and for some time it was thought that one of the mills on Shady was being consumed.—*Brookville Jeffersonian.*

CAUTION.

We have for the last three years been selling out sample bottles of Boschee's German Syrup for coughs, colds, consumption, and all diseases of the throat and lungs. We now find other parties advertising sample bottles in the same way. All we have seen of these little sample bottles contain ether or chloroform, intended only to dry up a cough for a day or two. Be careful to call for BOSCHEE'S GERMAN SYRUP, which contains no ether, chloroform or opium, but the great of its success is in a German extract of the active principles of Gum Arabic, and physicians buy our medicines and use it in their practice successfully.
