Our *Special* column is decidedly interesting in a local point of view, and profitable reading to outsiders who want to save money.

Shed your winter "underduds" and give the doctor a chance.

Rev. Wm. H. Dill will preach in Bailey's School House next Sunday, at 3 P. M.

Dr. Stewart's dental office in the Masonic building, Clearfield, will be open all of next week.

The list of Grand and Traverse Jurors drawn for May term of Court appears in another column of this paper.

Judges Ogden and Holt held an adjourned Court on Tuesday, for the purpose of considering petitions, road matters, &c

Garden making is now the order of the day, and the odoriferous smell of burning weeds, trash, etc., pervades the balmy spring air.

It is stated that the new postal cards that will make their appearance about the first of May will be tinted—one side light buff, and the other pale pea-green.

At the REPUBLICAN office is the place to get your job work done. We are fully prepared to do anything in the printing line, and do it well, and at the right kind of prices. tf.

Ed. B. Spackman, formerly of this place, but at present engaged in teaching school at Linesville, Crawford county, this State, is visiting his friends in Clearfield.

Harry A. Kratzer has just received new spring goods, handsome designs of wall paper, and carpets of beautiful patterns. See his ad in the "Special" column.

By reference to our advertising columns, it will be noticed that the firm of Messrs. Sackett & Schryver, dealers in hardware, etc, has been dissolved, Mr Schryver retiring.

Ten thousand young lake trout were recently put in the Susquehanna river at Renovo, Clinton county. They were taken from the Stab hatching house at Donega', in Lancaster county.

Prof. Youngman and Mr. McKenrick commenced their summer schools in the Leonard Graded School building, in this borough, last Monday morning. The children turned out quite numerously.

Messrs. N. Lamont, William F. and Lawrence Morgan, all of this borough, left for the Black Hills country last Wednesday morning. May they be shining nuggets be found to pay them for their trip.

Large flocks of wild pigeons passed northward over here quite early last Thursday morning. They said this is pretty cool just now, and will be they have carried provisions with them will be apt to suffer somewhat.

Mr. Benn, of Houtzdale borough, this county, advertises his hotel property either for sale or rent. Parties desiring to do either had better apply soon. See his advertisement in the REPUBLICAN for further particulars.

The deep snow yet lingering in the vicinity and along the banks of our mountain streams render trout-fishing anything but first-class sport, at least this is the experience of those persons who have tried it the present season.

We learn from the Williamsport *Bulletin* that a large amount of lumber will be stopped from that point during the coming summer by canal. What a commentary this is upon the enterprise and liberality of railway companies!

The saw mill recently erected at Woodland, on the site of the old Albert mill, which was burned down last summer, is now in full blast, and the saw logs which were not destroyed at the time of the fire are being rapidly converted into lumber.

Charlie Thorn, son of Mr. Geo. Thorn, while at work in his father's planing mill, in this borough, on Monday afternoon last, got his right foot under the revolving planer bits of a sticking machine, whereby it was pretty badly cut. But for the heavy sole on his boot, he would possibly have lost his foot.

The obstructions have been removed from the "Excelsior" oil well at Brookville, and drilling is again progressing. Excitement over the prospects for a good streak of luck is at fever heat. The *Graphic*, of Friday, the 6th inst., says that a vein of gas was struck on Wednesday evening of ast week, sufficient to run the engine.

If the editor of the Brookville *Jeffersonian* would join the Murphyites, turn Temperance lecturer, and then attend to his own business in his own humble bailiwick, his efforts to be witty (?) and enterprising would be better appreciated by his readers. We don't back up the doings of criminal Courts for the edification of such fellows as the editor aforesaid.

New pavements have been put down around the Mansion House property, on Market and Second streets, the St. Charles Hotel property, near the Railroad depot, and J. C Whitehill's property, corner of Cherry and Third street. To a stranger a number of properties in town that should be improved in a similar way.

List of letters remaining unclaimed in the Postoffice at Clearfield, for the week ending April 9, 1877:

DeArmont, Mary	Read, Miss Maggie M.

William Reed, room No. 2, Opera House, will receive in a few days a full line of millinery goods, in all its varied branches. He will also keep a full assortment of millinery goods, including trimmed hats and bonnets in great variety. He buys for cash and sells for cash, keeps a good quality of goods, and will give you as much value for your money as any other man in the Union. You will see the advertisement in a few days.

Advertise in the CLEARFIELD REPUBLICAN. The advertising rates are reasonable, and the circulation is the largest of any paper in this section of the State. tf

On Saturday, March 31st, the Tyrone and Clearfield Railroad did the largest day's business it has done since it was built. Six hundred and forty nine loaded and four hundred and eighty-six empty cars passed over the road on that day.

TWO ARE SUFFICIENT.—Every honest man should subscribe and pay for at least two papers, viz: his local county paper, which represents his section, class, and the journal which represents his calling, class, and the journal which he should read and subscribe for. As many other papers as he likes.

FIRE.—The dwelling of Nicholas McCracken, residing on the river road, about a mile above Lumber City, was destroyed by fire on Friday afternoon. Everything was consumed except the clothing that Mr. and Mrs. M had on their persons, and few pieces of furniture. The origin of the fire is unknown. Loss at least $1,500.

About seventy-five rafts have arrived at Lock Haven so far this spring. But few sales have been made, and these give no index as to what the market price will be. The river at Clearfield is too low for running, but there is yet plenty of snow in the woods to make a good rafting flood at a time when it will suit our lumbermen much better than now. The market can hardly be said to be fairly opened yet.

The following new advertisements appear in this issue for the first time:—
New Buck—Ingram, Smith & Black.
Notice to Tax-Payers—D. McGaughey, Treas'r.
Dissolution of Partnership—Sackett & Schryver.
Notice—Osceola School Board.
Hotel for Sale or Rent—J. B. Benn.
Caution—S. B. Dunlap.
Court Proclamation—A Pentz, Jr., Sheriff.
Auditors' Report of Clearfield Borough—H. W. Smith and A. W. Graham, Auditors.

Mr. Thos. A. Fleck, of the enterprising and popular firm of T. A. Fleck & Co., is now visiting New York and Philadelphia with the intention of purchasing a large stock of dry and fancy dress goods for the spring trade, and which will be distributed to the people of Clearfield county at very reasonable and satisfactory prices. They have now on hands at their store, in this borough, a choice lot of ladies' hats and bonnets, with beautiful flowers and handsome trimmings, and a practical milliner, Miss Nellie Meachen, to arrange them in the latest fashionable style and to please the taste of the purchaser.

Rev. J. S. McMurray, the newly appointed pastor of the Clearfield M. E. Church, arrived with his family in this place last Wednesday. He was met at the depot by a number of the members of his congregation and conveyed to the parsonage, where a committee of ladies had everything in readiness for a cordial reception. A sumptuous dinner was prepared and placed on the table, to which the parson and those present did ample justice. Clearfield Methodists conduct their affairs on the free-grass basis, and if the pastor's reception is any indication, the time he spends here will be pleasant and, we hope, profitable to all. Rev. McMurray is no stranger to our people, having at one time served as Presiding Elder of this district.

THE LUMBER MARKET.—The Marietta *Times*, of the 7th inst., says:—

"On Monday last, the first raft of the season came into Marietta, and was followed by a few more the next day. Several fleets of board rafts passed through, and it was expected that quite a number would follow on Wednesday, but the weather had been so disagreeable above, as to compel those that were near, and on the road, to tie up, and their arrival was delayed until Thursday, when the whole number that had arrived up to that time reached about sixty. Twelve timber rafts which had been bought at Lock Haven by Mr Small, were among the number, and passed on the opposite side of the river to Wrightsville.

"As yet there have been no sales that would indicate what prices will be fixed upon, except that some medium quality of one saw sold at Lock Haven for twelve cents. Mr. A. N. Cassel bought some sawed stuff at prices agreed upon last year. At the time of going to press it was not expected that many would arrive on account of a west wind that was blowing, making it difficult to reach our shore, though the river here is in good running condition for arriving rafts. But it is rather high to run below with safety, and very few have attempted to go through from here. Front street already begins to have a lumber-like appearance."

The Williamsport *Gazette*, in speaking of the lumber trade at that place, says:

"The shipments of lumber from Williamsport for the month of March, by the two railroads, foot up a total of 18 8 6,000 feet, against 7 993,000 feet in February, an increase of 5,893,000 feet. This is certainly a gratifying increase. The month of March, 1876, shows a total of 20,677,000, or an excess of 8,851,000 feet over the operations of March, 1877. With the resumption of business during the spring months it is thought that the shipments will steadily increase until they come up to the standard of former years. Trade on the canal will soon open, when it is expected that a large amount of lumber will be forwarded to market by water. Logs are now arriving at the booms, and if the river keeps up to a proper height a great quantity may be expected during the present week. The "drivers" are at work in the upper streams, and all is activity in the mountains. Rafts are running in great numbers at present. No mills have started yet."

FIRST COMMENCEMENT OF THE LEONARD HIGH SCHOOL.

The first graduating class of the "Leonard High School" held its commencement exercises in Pin's Opera House, in this place, on Wednesday evening last, April 4th, in the presence of a large and appreciative audience, composed of the friends of the school.

Noticeable on the stage during the entertainment were the forms of our venerable townsman, Hon. Jos. T. Leonard, founder of the school which bears his name, and ex-Gov. Wm. Bigler, one of the foremost friends and advocates of the Common School system of education in Pennsylvania. As these venerable gentlemen took their seats upon the platform, they were greeted with much enthusiasm by the audience.

The exercises were opened with instrumental music, by Miss Minnie Bridge, who performed on the piano frequently and with much credit during the exercises of the evening, after which Rev. H S. Butler delivered a brief and impressive prayer.

Miss Carrie Test was the first speaker. She delivered the salutatory address, welcoming the audience in fitting words to the first commencement exercises, and complimenting the members of the School Board for their laudable efforts in promoting the cause of education. She also thanked the teachers for their efforts in behalf of the school. The address showed much careful work and study in its preparation and was delivered in an admirable tone of voice, drawing from the audience a hearty applause as she took her seat.

Mr. Wm. A. Hagerty, of the Class of '76, was the next speaker. His remarks were on the subject of "Despotism." It was carefully written, and, with the exception of speaking too rapidly, was well delivered. He referred briefly to the despotism of rulers in all ages and countries. The address gave good evidence that Will had made a proper use of his time while at school.

Miss Ida M. Gearhart followed next. Her remarks were founded on the subject of "Silent Influence," and was well and carefully prepared. Miss Gearhart was the youngest scholar in the class, but her address showed that she was a close student and a good reasoner. Her essay contained much valuable advice that should be garnered up and practised by all who heard it, old and young alike. The force of example was clearly demonstrated, setting forth very plainly the fact that each and every person bears a certain influence, either for good or for evil, in their passage through life.

Mr. J. Frank Snyder, of the Class of '76, was next on the list of performers. He carefully reviewed some of the "Great Minds of the Past." He is a good speaker, and the manner in which he presented this subject manifested a depth of thought and a thorough knowledge of the subject that older heads might be proud of. Mr. Snyder is at present engaged in the study of law at Hollidaysburg, Pa., and if he pays as strict attention to law books as he evidently has to his school books, he will be heard from in the future.

Miss Sarah Fiegal, a member of the graduating class, was down on the programme for an address, entitled "The End not Yet," but owing to her absence from home, she was omitted.

Prof. B. C. Youngman, Principal of the School, addressed the Classes of '76 and '77, in a few earnest and well-chosen words, after which Thos. H. Murray, Esq., in a neat and suitable address, presented each of the graduates with a diploma from the Faculty of the School.

The last speaker was Mr C. H. Bickel, and his subject was the "Analogy of Man," concluding his remarks with a valedictory address. Mr. Bickel made a very good impression, both as a scholar and a speaker. His address was prepared in a scholarly manner and was finely delivered. In the valedictory, he paid a grateful tribute to the Directors for their zeal in the faithful performance of their duties; also, to the teachers for their manifested kindness to the scholars of the school.

Rev. H. S. Butler pronounced the benediction, and the audience was dismissed, apparently seeming highly pleased with the evening's entertainment, and indicating that the first commencement of the Leonard High School of Clearfield was a pleasant and enjoyable affair.

To prevent tobacco chewers from being imposed upon, Lorillards have put a tin stamp in every plug of their tobacco. Take none unless so stamped. Lytle is sole agent for Clearfield county.

A charter of incorporation was granted at the March term of Court, incorporating [illegible] for those who have the matter in charge got the requisite number of members to fill the horse and thus complete the organization. The citizens of this place have, at various times, contributed large sums of money to keep up a musical organization, and they are getting tired of the "all pay and no music" business. They now expect the organization to go ahead and remunerate them for their outlay of money. A band that has to be coaxed, petted, and paid to furnish music on public occasions is no credit to a town, and it should not be encouraged by any one.

A SAD AND TERRIBLE SHOOTING ACCIDENT.—The Altoona *Globe*, of the 2d inst., says: "On Friday afternoon last, a distressing accident occurred at Hillemeyer's Mills, about three miles west of Hollidaysburg. Two children of Milton Lotts, a boy and girl, while visiting their grandfather, Mr. George Clough, went up stairs where, in a drawer of the bureau, they discovered an old revolver. The little boy, aged about five years, pointed the revolver at his sister in playfulness, and snapped the trigger. The pistol was discharged, the ball passing through the right side of the little girl's head, tearing her right eye entirely out of her head and terribly mutilating the portion of her head through which it passed. The poor little sufferer lingered until yesterday morning, when death put an end to her sufferings. She was aged about nine years."

Scarcity of Money.

There is no doubt but the present condition of all kinds of business and industry is fearfully depressed, and it behooves every family to look carefully to their expenses. Winter is coming on when children are liable to Croup, Whooping Cough, etc. Coughs and colds will prevail everywhere, and Consumption, with other throat and lung diseases, will carry off many. These diseases should not be neglected. Doctor's bills are expensive, and we would advise our people to use BOERNER'S GERMAN SYRUP. It never has failed. One bottle at 75 cents will keep your whole family well during the winter. Two doses will relieve any case. Sold in all towns in the United States, and by your Druggist, C. D. Our people soon found it to be reliable, and already it has become the most staple and popular pulmonary remedy in the market. It quickly eases the most racking cough, quiets the irritable, asthma and incipient consumption. Nothing acts so nicely in whooping cough, and it is so pleasant that children readily take it. Containing no opium or other dangerous drug, it is as safe as it is sure. Trial size, 10 cents; large size, 50 cents and one dollar. Sold by C. D.
