ON the night of the 10th of October, a Canal Boat for Beaver, belonging to the Allegheny Line, was destroyed by fire, near Duncan's Island—occasioned, it is believed, by Lucifer matches packed in Dry Goods.

The undersigned deem it an act of justice to the Proprietors of this Line, Messrs. Dutilh, Humphreys & Co., Philadelphia, and Henry Graff & Co., Pittsburgh, without knowledge or solicitation on their part, to make known in this manner the prompt and satisfactory settlement by them of the full amount of our respective losses by that accident, ranging in amount from three hundred to fifteen hundred dollars, and in the aggregate to over twelve thousand dollars.

As far as possible they had some of the lots duplicated and immediately forwarded; and where it was known that this could not be done, or was not desired by the buyer, have paid the amount in cash, or settled with the merchants in Philadelphia, without reference to us.

The certain insurance of his goods, when on the way, is always a matter of anxiety to the Merchant, and that, if destroyed, he shall be instantly paid the amount of his loss. We therefore wish, without the trouble of management intended the other Lines, to give this public testimony of the satisfactory settlement of a heavy loss by the Union Line.

Miscellaneous.

Colver's Patent Concave Butter Churn!

WILL BUTTER IN FIVE MINUTES!

WE call the attention of the public to the article heading this advertisement, and invite the enterprising and curious to call and witness its operation! All advertisements in relation to this invention, to the hundreds who have seen it tested, is superseded.

1st. This Churn will produce Butter, gathering into a mass, from cream, in three to ten minutes! and from cream prepared, as families usually prepare it, in three to five minutes!

2d. The utility of this invention is apparent, to better Butter can be produced from sweet milk, or cream, than cream soured in the usual way; and by means of this Churn, a little girl or boy can perform, in five or ten minutes, what has heretofore required the labor of a woman or man for one or two hours, and a portion of a day.

3d. By simply turning a thumb screw, the whole buttermaker is taken out, leaving nothing but the Butter and milk in the plain wooden box.

4th. It is the cheapest Churn ever invented, as the simplicity of its construction (though embodying a great philosophical principle) makes it but little to manufacture it.

5th. It is a common-sense Churn, as all will admit who will examine it.

N. B.—We have purchased the monopoly of this valuable improvement from Messrs. Colver & Myers, the patentees, for the States of Ohio, Pennsylvania, New York, New Jersey, Maryland and Delaware, and invite the public to call and witness its operation, at our office, in Pittsburgh.

Card.

ON the night of the 10th of October, a Canal Boat for Beaver, belonging to the Allegheny Line, was destroyed by fire, near Duncan's Island—occasioned, it is believed, by Lucifer matches packed in Dry Goods.

The undersigned deem it an act of justice to the Proprietors of this Line, Messrs. Dutilh, Humphreys & Co., Philadelphia, and Henry Graff & Co., Pittsburgh, without knowledge or solicitation on their part, to make known in this manner the prompt and satisfactory settlement by them of the full amount of our respective losses by that accident, ranging in amount from three hundred to fifteen hundred dollars, and in the aggregate to over twelve thousand dollars.

As far as possible they had some of the lots duplicated and immediately forwarded; and where it was known that this could not be done, or was not desired by the buyer, have paid the amount in cash, or settled with the merchants in Philadelphia, without reference to us.

The certain insurance of his goods, when on the way, is always a matter of anxiety to the Merchant, and that, if destroyed, he shall be instantly paid the amount of his loss. We therefore wish, without the trouble of management intended the other Lines, to give this public testimony of the satisfactory settlement of a heavy loss by the Union Line.
