Coal's patent graduated galvanic Battery AND PATENT INSULATED POLES,

FOR MEDICAL AND OTHER PURPOSES.—This is the only instrument of the kind that has ever been presented to this country or Europe for medical purposes; and is the only one ever known to man, by which the galvanic fluid can be conveyed to the human eye, the ear, the brain, or any part of the body, either externally or internally, in a definite, gentle stream, without shocks or pain—with perfect safety—and often with the happiest effects.

This important apparatus is now highly approved of by many of the most eminent physicians of this country and Europe, to whom the afflicted and others whom it may concern can be referred. Reference will also be given to many highly respectable citizens, who have been cured, by means of this most valuable apparatus, of some of the most inveterate nervous disorders, which could not be removed by any other known means.

Among various others, it has been proved to be admirably adapted for the cure of the following diseases, viz: nervous headache and other disorders of the brain. It is with this apparatus alone that the operator can convey the galvanic fluid with ease and safety to the eye, to restore sight, or cure amaurosis; to the ear to restore hearing; to the tongue or other organs, to restore speech; and to the various parts of the body, for the cure of chronic rheumatism, asthma, neuralgia, or tic doloureaux, paralysis, or palsy, gout, chorea or St. Vitus' dance, epilepsy, weakness from strains, some diseases peculiar to females, contraction of the limbs, lock-jaw, etc., etc.

Rights for surrounding counties of Western Pa., and privileges, with the instrument, may be purchased, and also tested for the cure of diseases.

Full instructions will be given for the various chemicals to be used for various diseases, and the best manner of operating for the cure of these diseases, will also be fully explained to the purchaser, and a pamphlet put into his hands expressly for these purposes, carefully prepared by the patentee. NEWLY INVENTED PATENT BLOCK SPRING TRUSS, for the immediate relief and permanent cure of Rupture (Ruptured Men.) Office No. 2 Exchange Place. This truss consists in the comparative ease with which it may be worn. The pad of wood being hollowed in the spring, yields to the most violent exertion of any part of it, and thoroughly adapts itself to any movement made by the wearer. It can be worn without any inconvenience, even while at work. The proprietors have made arrangements for the manufacture of these valuable Trusses, in a superior style, in Philadelphia, and have them now on hand at their office, No. 77 Smithfield street, near Sixth, Pittsburgh.
