TIN ROOFING.

THE subscribers most respectfully announce to their fellow-citizens that they have perfected their arrangement to carry on the business of Tin Roofing on an extensive scale.

It is now close on four years since we first introduced tin roofing in this city. During that time we have covered over fifty thousand square feet of roofs with tin plate, and in all cases we believe we have given the most entire satisfaction. This kind of roof has been applied to the very best buildings in this city, including, among a large number of others, the two superb buildings on Penn street, owned by John L. Shoenberger and John Bissel, Esqrs. That tin roofing (when skillfully laid on) is both permanent and durable, there can be no doubt; in proof of this, we can refer to the almost universal application of this kind of roofing in the large cities on the sea-board during the last twenty years; and from enquiring on the subject, we have yet to learn of any one of those roofs having been worn out. The roofs covered with tin in our own city are open to the examination of all who take an interest in the matter. We have also prepared a miniature plan of roofs, which may be seen at our establishment, where any other information will be given with pleasure. JOHN DUNLAP & CO.

READ THIS LETTER—Who will be without beautiful head of hair, when they can have one for three shillings? Twenty years' loss of hair and wonderful restoration!

"BALTIMORE, July 17, 1847.

"Dear Sir—The wonderful effects of Jayne's Vegetable Restorative has been decisively demonstrated in the cure of several respectable citizens of the town, who, on account of your testimonials, I was induced to try, and without fear. One instance, which has attracted particular attention, is the case of a gentleman who had little or no hair for twenty years, and who, after using your preparation in vain, and ultimately had his head shaved and wore a wig. At my recommendation he tried the Restorative, and after using it according to the directions for a short time, the young hair appeared, and he has now as fine a head of hair as anybody in Baltimore.

JOHN KILVINGTON."

It causes eyebrows to grow, prevents the hair from turning gray, and the first application causes it to curl beautifully, frees it from scurf, and stops it from falling off.
