SALESMEN

The Encyclopedia Britannica needs a few high-class salesmen to work on leads only, both in the city and to travel.

To salesmen of other lines seeking work we can see that four-fifths of our successful men are men who never sold books before.

We particularly want men who are not only good salesmen, but who have sufficient executive ability to handle other men. Those who qualify in this respect will receive extremely rapid promotion to positions in a permanent organization which will pay them far more than is made by the average salesman.

If you are a real salesman, regardless of what line you have been or are now selling, come in and talk it over with us. We train you thoroughly. Commission and drawing account.
