Tin Roofing.

THE subscribers most respectfully announce to their fellow-citizens that they have perfected their arrangement to carry on the business of Tin Roofing on an extensive scale.

It is now close on four years since we first introduced tin roofing in this city. During that time we have covered fifty thousand square feet of roofs with tin plate, and in all cases we believe we have given the most entire satisfaction. This kind of roof has been applied to the very best buildings in this city, including, among a large number of others, the two superb buildings on Penn street, owned by John L. Shoenberger and John Bissel, Esqrs. That tin roofing (when skillfully laid on) is both permanent and durable, there can be no doubt; in proof of this, we can refer to the almost universal application of this kind of roofing in the large cities on the sea-board during the last twenty years; and from enquiring on the subject, we have yet to learn of any one of those roofs having been worn out. The roofs covered with tin in our own city are open to the examination of all who take an interest in the matter. We have also prepared a miniature plan of roofs, which may be seen at our establishment, where any other information will be given with pleasure. JOHN DUNLAP & CO.,

It gives a close approximation to the specific gravity of metals, and will *certainly* enable the adventurer to ascertain when his placer is yielding Gold.

Yours, resp'y, J. R. M'CLINTOCK.

RUPTURE LETTER.—Who will be without a beautiful head of hair, when they can have one for three shillings? Twenty years' loss of hair and complete restoration!

"BALTIMORE, July 17, 1847.

"Dear Sir—The wonderful effects of Jones' Coral Hair Restorative has been decisively demonstrated in the cases of several respectable persons of this city, on account of your selling three shilling trial bottles, try it without fee or reward. In one instance, which has attracted particular attention, is the case of a gentleman who had little or no hair for twenty years; he had tried numerous preparations of Bears' grease, and stimulants but his head shaved and wore a wig. At my recommendation, he tried the Restorative, and after using it, according to the direction, he cut off his wig, and the young hair appeared, and he has now as fine a head of hair as any person in Baltimore.

"Yours, &c. JOHN KILVINGTON.

It causes eyebrows to grow, prevents the hair from turning grey, and the first application causes it to curl and curlyfy, frees it from scurf, and stops it from falling off.

ON the night of the 16th of October, a Canal Boat belonging to the Union Line, was destroyed by fire, near Duncan's Island—occasioned, it is believed, by Lucifer matches packed in Dry Goods.

The undersigned deem it an act of justice to the Proprietors of that Line, Messrs. Dutilh, Humphreys & Co., Philadelphia, and Henry Graff & Co., Pittsburgh, without knowledge or solicitation on their part, to make known in this manner the prompt and satisfactory settlement by them of the full amount of our respective losses by that accident, ranging in amount from three hundred to fifteen hundred dollars, and in the aggregate to over twelve thousand dollars.

As far as possible they had some of the lots duplicated and immediately forwarded, and where it was known that this could not be done, or was not desired by us, they have paid the amount in cash, or settled with the merchants in Philadelphia, without reference to us.

The certain impression of his goods, while on the way, is always a matter of anxiety to every merchant, and that, if destroyed, he shall be instantly paid the amount of his loss. We therefore wish, without the least disparagement intended the other Lines, to give this public testimony of the satisfactory settlement of a heavy loss by the Union Line.
