It is made in panels of various lengths; 2½ to 4 feet high, with wrought iron posts 1½ inch square, at intervening distances of 8 to 10 feet. Colvert's Patent Concave Beater Churn!
BUTTER IN FIVE MINUTES!!
WE call the attention of the public to the article heading this advertisement, and invite the enterprising and curious to call and witness its operation. All advertisements in relation to this invention, to the hundreds who have seen it tested, is supererogation.

1st. This Churn will produce Butter, gathering it in a mass, from sweet milk, in five to ten minutes; and from cream prepared, as families usually prepare it, in three to five minutes.

2d. The utility of this invention is apparent, as better Butter can be produced from sweet milk, or cream, than cream soured in the usual way; and by means of this Churn, a little girl or boy can perform, in five or ten minutes, what has heretofore required the labor of a woman or man for one or two hours, and sometimes half a day.

3d. By simply turning a thumb screw, the wholesiude dasher is taken out, leaving nothing but the Butter and milk in the plain wooden box.

4th. It is the cheapest Churn ever invented, as the simplicity of its construction (though embodying a given philosophical principle) makes it but little to manufacture it.

5th It is a common-sense Churn, as all will admit who will examine it.

We invite the public to call and witness its operation at our office in the Diamond, near the Black Bear Tavern, and at J. F. Beckham's, Federal st., Allegheny.

Tapscott's General Emigration Office.
REMITTANCES and Passages to and from Great Britain and Ireland, by W. & J. T. Tapscott, 75 South st., corner of Maiden Lane, N. Y., and 96 Waterloo Road, Liverpool.

The subscribers, having accepted the Agency of the above House, are now prepared to make arrangements on the most liberal terms with those desirous of paying the passage of their friends from the Old Country, as they flatter themselves their long experience and long standing in business will give ample assurance that all their arrangements will be carried out faithfully.

Messrs. W. & J. T. Tapscott are long and favorably known for the superior class, accommodations, and sailing qualities of their Packet Ships, viz: QUEEN OF THE WEST, SHERIDAN, GARRICK, HOTTINGUER, ROSCIUS, LIVERPOOL, and SIDDONS, two of which ships are now expected to arrive in this port on the 25th and 26th, and from Liverpool the 6th and 11th; in addition to which they have arrangements with the St. George and Union Lines of *Liverpool Packets*, to sail from Liverpool every five days, being thus determined that their Emigrant Ship shall keep pace with the liberal patronage; while Mr. W. Tapscott's constant personal superintendance of the business in Liverpool is an additional security that the comfort and accommodation of the passengers will be particularly attended to.

The subscribers being, as usual, extensively engaged in the Transportation Business between Pittsburgh and the Atlantic Cities, are thereby enabled to take charge of and forward passengers immediately on their landing, without a chance of disappointment or delay; and, therefore, prepared to contract for passage from any seaport in the United States or Ireland to any Port where the business they are engaged in giving their family efficient. As an *Anti-Bilious Pill* they will be found without a rival; and will, if necessary, forward passengers from the West by the best mode of conveyance, without any additional charges for their trouble. Where persons send for their friends, the amount paid for passage will be refunded in full.

REMITTANCES.

The subscribers are also prepared to give drafts at sight for any amount, payable at the principal cities and towns in England, Ireland, Scotland and Wales, affording a safe and expeditious mode of remitting funds to those countries, which persons requiring such facilities will find it to their interest to avail themselves of.

Application (if by letter, post-paid) will be promptly attended to.

HARDEN & CO.'S
PASSENGER AND REMITTANCE
Office.
HARDEN & CO. continue to bring out persons from any part of England, Ireland, Scotland or Wales, upon the most liberal terms, with their usual punctuality, and attention to the wants of emigrants. We do not allow our passengers to be robbed by the swindling scamps that infest the sea-ports, as we take charge of them the moment they land, and see them safely through the forwarding and despatch them without any detention by the first ship. We say this fearlessly, as we defy any of our passengers to say we were detained forty-eight hours by us in Liverpool, while thousands of others were detained months until they could be seen in some *craft*, at a cheap rate, which they eventually proved their
