RESIGNATION OF DR. COLLINS.

At a meeting of the students of Dickinson College, held in the College Chapel, on the 10th inst., the following preamble and resolutions were unanimously adopted and ordered to be published:

WHEREAS, We have been officially informed that Rev. Dr. Collins, for eight years president of this institution, has resigned his position in it, to return to the South and take charge of a similar institution there; therefore

Resolved, That we recognize in Dr. Collins a Christian gentleman, a true friend, an able instructor, an efficient administrator of the affairs of the College.

That in parting with him the College loses a President whose administration has been characterized by wisdom, firmness and prosperity, and that we submit to the separation with regret.

That we tender to him assurances of our sincere friendship and esteem, and implore upon him the divine blessing in his new field of labor.

...CRATIC PLATFORM,

...n full National Democratic Convention, ...harleston, on the 30th day of April, 1860.

Resolved, That we, the Democracy of the Union in Convention assembled, hereby declare our affirmation of the resolutions unanimously adopted and declared as a platform of principles by the Democratic Convention at Cincinnati in the year 1856, believing that the Democratic principles are unchangeable in their nature when applied to the same subject matter. We recommend as our only further resolution the following: [Passed, ayes ...

Resolved, That the enactments of the State Legislatures to defeat the faithful execution of the fugitive slave law, are hostile in character, subversive of the Constitution, and revolutionary in their effect. Passed unanimously.

Resolved, That it is in accordance with the true interpretation of the Cincinnati Platform, that during the existence of a territorial government the measure of restriction, what ever it may be, imposed by the Federal Constitution, on the power of a Territorial Legislature over the subject of their domestic relations, as the same has been, or may hereafter be, decided by the Supreme Court of the United States, should be respected by all good citizens, and enforced with promptness and fidelity by every branch of the general government. Adopted at Baltimore.

THE MINORITY PLATFORM.

Resolved, That the platform adopted by the Democratic party at Cincinnati, be affirmed, with the following explanatory resolutions:

1st. *Resolved*, That the government of a Territory, organized by an act of Congress, is provisional and temporary, and, during its existence, all citizens of the United States have an equal right to settle with their property in the Territory, without their rights, either of person or property, being destroyed or impaired by congressional or territorial legislation.

Shall We Be United?

Under the above caption the Easton *Argus*, the organ of the Democracy of old Northampton, with the *Douglas* and *Johnson* flag at its mast-head, thus refers to the late action of the State Central Committee:

We last week published a sketch of the proceedings of the State Central Committee, proposing a union of the friends of Douglas and Breckinridge on one electoral ticket, for the purpose of consolidating the Democratic vote of Pennsylvania. We need scarcely say that we approve the action of the committee and are pleased to see a disposition manifested by the great mass of our party friends, without reference to their presidential preferences, to see it faithfully carried out.

The electoral ticket formed by the Democratic State Convention at Reading, is the *regular* ticket. There can be no other regular electoral ticket. If there is a second one formed it will be irregular and unauthorized. The State Central Committee, with a commendable desire to unite the party, have agreed on a proposition which is acceptable to the friends of both the candidates in this section of the State and apparently throughout the Commonwealth, with the exception of a few men who really do not seem to be anxious for peace and harmony. No man who has at heart the interests of the Democratic party, can object to the proposed arrangement. It is emphatically a peace measure. It is fair, manly and just. The regular electoral ticket, thus pledged, will receive the united support of the Democrats of this county. Let us now have as little wrangling as possible. Let there be no quarreling over men. We enjoin all Democrats to keep as calm and quiet as possible, determine to work and vote only for the good of the party, and indulge in no denunciations for a difference of opinion as to men. Stand firm by the party, work for FOSTER and all regular local nominations and all will yet be well.

FROM WASHINGTON.—A letter from Washington, dated July 15, says:

A proclamation has been issued by the President for the sale of one million acres of land in Minnesota, not hitherto offered for sale. The lands will be disposed of in October next, and include the land remaining in the United States from the railroad grants in Minnesota.

Gen. Lane, accompanied by Governor Winslow and other friends, is about to leave Washington for North Carolina on a visit, by invitation, Warrentown and elsewhere in that State.

The Douglas National Executive Committee have prepared, and will publish this week, an address to the country.

☞ The Southern *Confederacy*, of Atlanta, Georgia, hoists the flag of Douglas. The *Confederacy* says:

"We believe the ticket of Douglas and Johnson is the true representative of the National Democratic party, and that all true and loyal Democrats will support it. This ticket was nominated by a National Democratic Convention in accordance with the usages of National Democratic Conventions, and is the only true National ticket now before the American people. It has no tinge of sectionalism, or that bias incident to personal ambition.—It represents those principles of the party upon which the National Democracy alone have been triumphant for the last twelve years. It is opposed alone at the North and the South by sectional combinations which ignore principle entirely, and are only seeking political domination and the gratification of personal hatred and selfish ambition."

HERSCHEL V. JOHNSON.—The Baltimore *Patriot*, an opposition journal, refers to Mr. Johnson, the candidate for Vice President on the Douglas ticket, in the following terms:

"We know the gentleman personally, and we are free to say that, though not his political friend, he has our most cordial sympathies in the work of redeeming the South from the tyranny of that intolerable public opinion which a few hotspurs have managed to impose upon as noble a people as ever the sun shone upon. And there is no man in the whole South, politics apart, whom we would sooner see, not only Vice President but President of the United States. He is one of our soundest and most reliable statesmen."

☞ We see that there are no less than nine lives of Lincoln in press—just the number a cat is supposed to possess. If he had twice that number he is bound to yield them all up next November.

☞ Dan Rice, the well-known jester of the circus ring, has very generously handed over to the young ladies of the Presbyterian Church at Girard, Erie county, Pa., a donation of $1000 for the purchase of a library for the Church.

☞ Queen Victoria reviewed on the 24th, in Hyde Park, London, no less than 30,000 well drilled British volunteers. The show was a very fine one, and the Queen stood up in her carriage an hour and a half to see it as the men passed in review before her.

☞ General Houston's health is reported to be very poor. A Texas paper says: "He now goes about on a crutch, because of lameness in one of his ankles—the effect of a wound received at San Jacinto."

CLERK AND RECORDER.

To the Members of the Democratic County Convention, and all others whom it may concern.—I am this day 41 years of age, have always been a Democrat and nothing else, particularly am I a warm friend of Stephen A. Douglas and his principles. I want the office of Clerk of the Court if the Convention think me entitled. If they think any one else better entitled, give such an one the nomination and I will say amen. I have neither time nor money to spend in laying wires or packing Delegates, neither would I do so if I had both to spare, I dont believe in the principle. The only Preparation

Having Proofs so Strong and Direct as to Expel the Doubts of all.

FOR Statesmen, Judges, Editors, Physicians of the oldest schools as well as new, give it their unqualified sanction, and recommend it for all cases of eruptions and diseases of the scalp and brain; but all who have used it, unite, in testifying that it will preserve the hair from being gray, and from falling to any age, as well as restore. Read the following:

Oak Grove, S. C. June 24th, 1859.

PROF. O. J. WOOD: Dear Sir:—Your Hair Restorative is rapidly gaining popularity in this community. I have had occasion to lay prejudice aside, and give your Hair Restorative a perfect test:

During the year 1854, I was so unfortunate as to be thrown from my sulky against a rock near the roadside, from which my head received a most terrible blow, causing a great deal of irritation, which communicated to the brain and external surface of the head, from the effects of which my hair was finally destroyed over the entire surface of the head. From the time I first discovered its dropping, however, up to the time of its total disappearance, I employed everything I could think of, being a professional man myself, and, as I thought, understanding the nature of the disease, but was finally defeated in every prescription advanced.

These and no other circumstances induced me to resort to your worthy Hair Restorative, which I have every reason to believe, produced a very happy result. Two months after the first application, I had as beautiful a head of young hair as I ever saw, for which I certainly owe you my most sincere thanks. Rest assured, dear sir, I shall recommend your remedy to all inquiries; moreover, I shall use my influence, which I flatter myself to say, is not a little.

You can publish this if you think proper.

Yours, very respectfully,
M. J. WRIGHT, M. D.

Office of the Jeffersonian,
Philippi, Va., Dec. 12th, 1858.

Dear Sir:—I feel it my duty as well as my pleasure, so state to you the following circumstance, which you can use as you think proper. A gentleman of this place, (a lawyer,) has been bald ever since his early youth; so much so, that he was compelled to wear a wig. He was induced to use a bottle of your "Hair Restorative," which he liked very much; and after using some two or three bottles his hair grew out quite luxuriantly, and he now has a handsome head of hair. The gentleman's name is Bradford, and as he is very well known in our adjoining counties, many persons can testify to the truth of this statement; I give it to you at the request of Mr. Bradford. You can sell a great deal of your Hair Restorative in this and the adjoining counties if you have the proper agents.

Yours, &c.
THOMPSON SURGHNOR.

DR. WOOD: Dear Sir: Permit me to express the obligations I am under for the entire restoration of my hair to its original color; about the time of my arrival in the United States it was rapidly becoming gray, but upon the application of your "Hair Restorative" it soon recovered its original hue. I consider your Restorative as a very wonderful invention, quite efficacious as well as agreeable.

S. THALBERG.

The Restorative is put up in bottles of three sizes, viz: large, medium, and small; the small holds ½ a pint, and retails for one dollar per bottle; the medium holds at least twenty per cent. more in proportion than the small, retails for two dollars per bottle; the large holds a quart, 40 per cent. more in proportion, and retails for three dollars per bottle.

CARLISLE FOUNDRY,

ASD

Farming Implement Depot.

F. GARDNER & CO. now manufacture and keep constantly FOR SALE, at their extensive Steam Works on East Main st., Carlisle, a large assortment of Agricultural Implements, of well known and approved usefulness to Farmers, among which they would call especial attention to

WILLOUGHBY'S CELEBRATED

Patent Gum Spring Grain Drill,

which has taken over fifty first class premiums at State and County Fairs. To the farmers of Cumberland, York and Perry counties we need not speak in detail of the merits of this drill, as scores of them are now in use on the best farms in these counties. Its reputation is established as the most complete grain drill now manufactured in the United States. It sows Wheat, Rye, Oats, Barley and Grass, evenly and regular, without bunching the seed. The gum springs pass the drill over stumps and stones, without breaking pins or the drill. For even and regular sowing, the Willoughby Gum Spring Drill is unequalled by any other. We also manufacture and sell the following articles, which we can recommend to farmers as reliable implements of established character:

Morrison's Patent Corn Planter,
Lash's Patent Straw and Fodder Cutter,
Bridendolf's Patent Corn Sheller,
Johnston's Cast Iron Hogs' Trough,
Harn's Patent Cider Mill.

Also, Three and Four Horse Powers and Threshing Machines, Cast Iron Field Rollers, Plough Castings of various patterns, Corn Crushers, and other articles for farmers too tedious to mention. Also, Egg Coal Stoves and tin plate Wood Stoves, with an immense variety of other castings for house keepers and others. We have also an attractive variety of patterns for

IRON RAILINGS,

and Cemetery enclosures, to which we would call attention.

STEAM ENGINES AND MILL GEARING.

To this department of our business we give particular attention. Our already extensive stock of patterns for paper, flour and saw mill gearing, is constantly increasing. Mill owners and millwrights will be furnished with a printed catalogue of our various mill patterns on application. Our machine shop comprises all the various tools for turning, planing, mortising, drilling and screwing by good and carefully selected workmen.

STATIONARY STEAM ENGINES

of every desirable capacity, from 10 to 25 horse power, built in the best style and on accommodating terms. Engines built at our establishment may be seen in successful operation at many of the largest distilleries and tanneries in Carlisle, and Cumb'd, Perry and Dauphin cos., to the owners of which we confidently refer for information as to their efficiency. Persons wanting Steam Engines are earnestly requested to call and examine before contracting elsewhere.
