**WIRE RAILING.**
SECURED BY LETTERS PATENT.
PUBLIC ATTENTION is solicited to an entire new article of RAILING, made of wrought iron bars, and soft annealed rods, or wire, and expressly designed for enclosing Cottages, Cemeteries, Balconies, Public Grounds, &c., at prices varying from 50 cents to $3.00 the running foot. It is made in panels of various lengths, 2½ to 4 feet high, with wrought iron posts 1½ inch square, at intervening distances of 5 to 10 feet. If desired, the panels can be made of any height, at continuous spans of 50 to 60 feet, with or without posts. No extra charge for posts.

The comparative lightness, great strength and durability of the WIRE RAILING, the beauty of its varied ornamental designs, together with the extremely low price at which it is sold, are causing it to supersede the Cast Iron Railing, wherever their comparative merits have been tested. **Colvert's Patent Conave Beater Churn!**
BUTTER IN FIVE MINUTES!

WE call the attention of the public to the article heading this advertisement, and invite the enterprising and curious to call and witness its operation. All advertisements in relation to this invention, to the hundreds who have seen it tested, is superseded by this.

1st. This Churn will produce Butter, gathering it in a mass, from sweet milk, in five to ten minutes! and from cream prepared, as families usually prepare it, in three to five minutes!

2d. The utility of this invention is apparent, as better Butter can be produced from sweet milk, or cream, than cream soured in the usual way; and by means of this Churn, a little girl or boy can perform, in five or ten minutes, what has heretofore required the labor of a woman or man for one or two hours, and sometimes half a day.

3d. By simply turning a thumb screw, the wholesaide dasher is taken out, leaving nothing but the Butter and milk in the plain wooden box.

4th. It is the cheapest Churn ever invented, as the simplicity of its construction (though embodying a great philosophical principle) makes it but little to manufacture.

5th. It is a common-sense Churn, as all will admit who will examine it.

We invite the public to call and witness its operation at our office in the Diamond, near the Black Bear Tavern, and at J. F. Beckham's, Federal st. Allegheny.

**Dalley's Magical Pain Extractor.**
TO THE PUBLIC.—This is to certify that I have found *Dalley's Magical Pain Extractor* to prove a *sure* relief for the Chronic Rheumatism, which I have been afflicted with for six years, in my hip joints.
ABRAHAM R. VREELAND.

*Arcquackack, N. Y., April 1, 1848.*

Mr. Dalley—Sir: I have been troubled with the Piles for eight months, and could get no relief until the Magical Pain Extractor having been recommended to me, I applied it, but very doubtful of its relief, and in a short time was perfectly cured. I cannot but recommend it, if I would not take a hundred dollars for the balance of my life.
WILLIAM HALL.

19 North *Moore* street, New York, June 19, 1848.

☞ Dalley's only *Depot in the city of New York*, and where *the genuine article* can be obtained wholesale and retail, is at 413 Broadway.

I hereby make the inventor of this truly invaluable compound, and *the never has, and never will compound* for sale, or give away a single ounce of it, in preparation to any man living, and, therefore, no other person ever does make, or ever can make, a genuine article.

Counterfeits abound! Every truly valuable article is subject to be counterfeited, and Dalley's Magical Pain Extractor, and nothing, that we know of, has been more counterfeited than that truly Dalley's Magical Pain Extractor!

A Test—The genuine *Dalley*, in cases of the severest pleurisy, stitch in the side, &c., will afford *instant relief*, and pain in and from one to three minutes; but be sure, dilute it with a little water, or it will burn.

And now mark the difference—Counterfeit Extractors, no matter under what name they may appear, or how appropriately *worded and printed*, are all *Humbugs*.
