Tin Roofing.
THE subscribers most respectfully announce to their fellow-citizens that they have perfected their arrangements to carry on the business of Tin Roofing on an extensive scale.
It is now close on four years since we first introduced tin roofing in this city. During that time we have covered over fifty thousand square feet of roofs with tin plate, and in all cases we believe we have given the most entire satisfaction. This kind of roof has been applied to the very best buildings in this city, including, among a large number of others, the two superb buildings on Penn street, owned by John L. Shoenberger and John Bissel, Esqrs. That tin roofing (when skillfully laid on) is both permanent and durable, there can be no doubt; in proof of this, we can refer to the almost universal application of this kind of roofing in the large cities on the sea-board during the last twenty years; and from enquiring on the subject, we have yet to learn of any one of those roofs having been worn out. The roofs covered with tin in our own city are open to the examination of all who take an interest in the matter. We have also prepared a miniature plan of roofs, which may be seen at our establishment, where any other information will be cheerfully given. JOHN DUNLAP & CO.,

The Aræometer.
THE ATTENTION OF THE PUBLIC is respectfully called to the following certificates:—
MR. S. EAKINS—Having tested a quantity of Gold weighed by your Aræometer, I find the result proves your instrument correct; and recommend the use of it to those going to California, as the best method for obtaining the real value of Gold. Resp. yours,
J. B. DUNLEVY,
Pittsburgh, March 9, '49. Gold Beater.

PITTSBURGH, March 7, 1849.
MR. EAKINS—*Dear Sir*: Having examined the "Aræometer," manufactured at your rooms, I do not hesitate to commend it to the use of those gentlemen who are about removing to California, in search of Gold.
It gives a close approximation to the specific gravity of metals, and will *certainly* enable the adventurer to ascertain when his placer is yielding Gold.
mr10] Yours, resp'y, J. R. McLINTOCK.

READ THIS LETTER.—Who will be without a beautiful head of hair, when they can get one for three shillings? Twenty years' loss of hair and wonderful restoration!

"BALTIMORE, July 17, 1847.
"Dear Sir—The wonderful effects of Jones' Coral Hair Restorative, newly invented Patent Flesh Vigor, selling 1 dozen bottles of the same, I have personally demonstrated in the cases of several respectable citizens of this town, who, on account of your selling three shilling trial bottles, try it in preference to other preparations, which has attracted particular attention, is the case of a gentleman with whom I lived for upwards of twenty years; he had tried numerous preparations in vain, and ultimately had his head shaved and wore a wig. At my recommendation, he tried the Restorative, and after using it, according to the direction, as fine a head of hair as any person in Baltimore.
JOHN KILLINGTON."
