ST. JOSEPH'S COLLEGE COMMENCEMENT WEEK

Eight to Receive B. A. Degree. Baccalaureate Sermon Tomorrow

Baccalaureate exercises in the Church of the Gesu, Eighteenth and Stiles streets, tomorrow evening, will begin the annual commencement celebration of St. Joseph's College. The solemn vespers will be attended by the entire student body and members of the senior class, wearing academic cap and gown. The Rev. Thomas M. Healy, of the class of 1905, will preach at the opening services. The exercises will close with solemn benediction of the most blessed sacrament.

On Tuesday evening the alumni association will hold its annual banquet at the college. The absence of many graduates in the service of their country has interfered with the activities of the association, but with the return of peace the old enthusiasm and devotion to the interests of the college have been reawakened. A large attendance is expected at the banquet. The members of the senior class, who are to receive their diplomas on the following day, will on this occasion be inducted into the alumni association.

The annual commencement will take place in the college auditorium on Wednesday evening at 8:15 o'clock. Archbishop Dougherty will preside. Eight students who have completed the full college course will receive the degree of bachelor of arts. Alfred J. Talley, chief assistant district attorney of New York city, will address the graduates. Mr. Talley is a graduate of St. Francis Xavier's College, New York, and has been honored by Fordham University with the degree of doctor of laws. He is prominent in all Catholic affairs in his native city and is president of the Catholic Club of New York. During the troubles growing out of the state investigation of charitable institutions a year or two ago, Mr. Talley acted as counsel for Archbishop Farley and the Catholic institutions and won great praise for his skillful handling of the case. He has always been an enthusiastic advocate and a staunch defender of Catholic education and in the present educational crisis his address will undoubtedly be instructive and illuminating.

NEED MANY AIR FIELDS

Aero Club Places Number at 10,000 at Last Meeting Before Recess

Ten thousand air fields in the United States are not too many, according to what members of the Aero Club think and the manner in which they expressed themselves last night at the Engineers' Club. It was the last meeting before the summer recess. Reports were made of visits to the Aeronautic Congress held in Atlantic City during the month of May, in which the club had a prominent part. Announcements were also made as to the establishment of new local flying fields and aerial passenger service.

Several members who recently returned from Europe spoke of the many airplanes "zinaing" between England and France. "You can go from Folkstone to Boulogne or from Dover to Calais in two hours instead of making a tempestuous voyage that might take two days," said Joseph A. Steinmetz, president of the club. "We have to have the courage to go through this period of coming stagnation between the high activities and urge of war and the reversion to peace time conditions, with their awful drag and uncertainty."

NEW SHIP LINE STARTED

Service to South American Ports Announced by Commerce Chamber

The establishment of a new steamship service from Philadelphia to South American ports has been announced by the Philadelphia Chamber of Commerce. The first vessel to sail will be the Neltuno, a 7500-ton boat which was built at Hog Island and launched on Decoration Day. This steamship has been allocated to this service by the United States shipping board. The Neltuno will be on berth at Pier 18, south wharves, on July 15. She will load for Buenos Aires and La Plata ports.

The new South American service which the Chamber of Commerce has brought to Philadelphia is operated by the International Freight Corporation. For the present two sailings a month are contemplated and the United States shipping board has promised to make the necessary additional allocations of vessels for the company.

CONSUL THACKARA HOME

Government Representative at Paris Returns to Country on Leave

A. Montgomery Thackara, United States consul general at Paris since September, 1913, one of Philadelphia's most widely known diplomatists, arrived in New York yesterday on the steamship Imperator. Mr. Thackara is on a two-months' furlough. He will visit his family, who, in recent years when not abroad, has been living in Washington. Mrs. Thackara before her marriage was Miss Eleanor Sherman, a daughter of General William Tecumseh Sherman, of Civil War fame.

The consul general was born in this city in 1848, was educated in the public schools here, graduated from the Naval Academy at Annapolis in 1869, served in the navy until 1882, when he engaged in business here. From 1897 until 1905 he was consul at Havre, France, and from 1905 until he was transferred to Paris, he was consul general at Berlin.

RECEPTION GIVEN SOLDIER

Dinner With Sixty Guests Staged in Honor of Fighter

When James McAdams, recently of the 310th Infantry, Seventy-ninth Division, returned to his home, 5004 Market street, from a demobilization camp last night, he found waiting for him a gayly decorated house, a dinner with sixty friends as guests, a diamond ring and a gold watch.

The reception was planned by Mr. and Mrs. H. L. Heiman, with whom the former soldier made his home for several years prior to the war. McAdams participated in the Argonne fighting and came through without a scratch.

GRADUATING GRAMMAR SCHOOL BOYS

All the fellows say: "Some class, nifty and speedy—oh, boy!" Your vacation will not be complete unless you take B. B. with you. Is backed by the Largest House of its kind in the country. Our beautifully illustrated catalogue tells the story. Free. Write at once to

CHARTER NOTICE. — NOTICE IS hereby given that an application will be made to the Governor of the State of Pennsylvania on Wednesday, July 9, 1919, by D. L. Fenstermacher, B. Franklin Fisherhouse and Dennis E. Farley, under the Act of Assembly of the Commonwealth of Pennsylvania entitled "An act to provide for the incorporation and regulation of certain corporations," approved April 29, 1874, and the several supplements thereto, for the charter of a corporation to be called Every-Hour Home Baking System, the character and object of which is buying, selling and dealing in all food products, manufacturing, buying, selling and dealing in flour and all other articles used in connection therewith, producing bread, cakes and all other food products, manufacturing, buying and selling machinery, tools and supplies used in making bread, cakes and other food products, buying, selling and leasing real estate for said purposes, and for the purpose to have and possess and exercise all the rights, benefits and privileges of the said act of Assembly and its several supplements.
P. HALE JENKINS, Solicitor.
