NOTICE TO CLAIMANTS.—A large number of claims for damages under the Act of Assembly for the relief of persons who suffered loss during the war to suppress the late rebellion having been placed in my hands, I desire to inform all having claims under said Act, that I am now prepared to put the claims in proper form for presentation to the Board of Commissioners.

As the proof required for the authentication of the claims depends very much upon the different circumstances attending the losses or damages, I would suggest that claimants should call and see me before bringing their witnesses, in order that I may be able to give them proper information preparatory to making out their claims. This Bill covers all damages done to personal or real estate, either by the Union forces or Rebel army.

640 MILES

OF THE:

UNION PACIFIC

RAILROAD

Are are now finished and in operation. Sixty miles of track have been laid this Spring, and the work along the whole line between the Atlantic and Pacific States is being pushed forward more rapidly than ever before. More than twenty thousand men are employed, and it is not impossible that the entire track, from Omaha to Sacramento, will be finished in 1869 instead of 1870. The means provided are ample, and all that energy, men and money can do to secure the completion of this

GREAT NATIONAL WORK,

at the earliest possible day, will be done.

The UNION PACIFIC RAILROAD COMPANY receive:

I.—A GOVERNMENT GRANT

of the right of way, and all necessary timber and other materials found along the line of its operations.

II.—A GOVERNMENT GRANT

of 12,800 acres of land to the mile, taken in alternate sections on each side of its road. This is an absolute donation, and will be a source of large revenue in the future.

III.—A GOVERNMENT GRANT

of United States Thirty-year Bonds, amounting to from $16,000 to $48,000 per mile, according to the difficulties to be surmounted on the various sections to be built. The Government takes a second mortgage as security, and it is expected that not only the interest, but the principal amount may be paid in services rendered by the Company in transporting troops, mails, &c. The interest is now much more than paid in this way, besides securing a great saving in time and money to the government.

IV.—A GOVERNMENT GRANT

of the right to issue its own FIRST MORTGAGE BONDS, to aid in building the road, to the same amount as the U. S. Bonds, issued for the same purpose, and *no more.* THE GOVERNMENT PERMITS the Trustees for the First Mortgage Bondholders to deliver the Bonds to the Company only as the road is completed, and after it has been examined by United States Commissioners and pronounced to be in all respects a first-class railroad, laid with a heavy T rail, and completely supplied with depots, stations, turnouts, carshops, locomotives, cars, &c.

V.—A CAPITAL STOCK SUBSCRIPTION

from the stock holders, of which *over Eight Million Dollars* has been paid in upon the work already done, which will be increased as the wants of the Company require.

VI.—NET CASH EARNINGS

on its Way Business, that already amount to MORE THAN THE INTEREST on the First Mortgage Bonds. These earnings are no indication of the vast through traffic that must follow the opening of the road to the Pacific, but they certainly prove that

FIRST MORTGAGE BONDS

upon such a property, costing nearly three times their amount,

ARE SECURE BEYOND ANY CONTINGENCY.

The Union Pacific Bonds run thirty years, are for $1,000 each, and have coupons attached. They bear annual interest, payable on the first days of January and July at the Company's Office in the City of New York, at the rate of six per cent. in gold. The interest is payable in gold at any time. The price is $102, and at the present rate of gold, they pay a liberal income on their cost.

The Company believe that these bonds, at the present rate, are the cheapest security in the market, and reserve the right to advance the price at any time.

Subscriptions will be received in Carlisle by A. L. SPONSLER, and in New York

AT THE COMPANY'S OFFICE, No. 20 Nassau St.,

AND BY

JOHN J. CISCO & SON, Bankers, No. 59 Wall St.

And by the Company's advertised agents throughout the United States.

Remittances should be made in drafts or other funds par in New York, and the Bonds will be sent free of charge by return express. Parties subscribing through local agents will look to them for their safe delivery.

A PAMPHLET AND MAP FOR 1868 has just been published by the Company, giving fuller information than is possible in an advertisement, respecting the Progress of the Work, the resources of the County traversed by the Road, the Means for Construction, and the Value of the Bonds, which will be sent free on application at the Company's offices or to any of the advertised agents. Miscellaneous.

THE WEEKLY INTELLIGENCER FOR THE CAMPAIGN.

A VALUABLE CAMPAIGN PAPER.

Circulation of Political Information:

The campaign upon which we are just about to enter is for the most important and momentous in which the people of our country have ever been called upon to participate. The life of the nation, the liberties of the people, the rights of persons and property are all in jeopardy. An unscrupulous faction in Congress is striving to usurp all the powers of the Government. The *people* alone have the remedy in their hands. To do this promptly and effectually they need all the information that can be furnished to them.

There never was a time when the necessity for the dissemination of sound political information was so great as at present. The journals which furnish this information should be sent broadcast throughout the land, and be put into the hands of every voter in every State, county, town, village, parish, precinct, and hamlet, in every household from the Atlantic to the Pacific.

To supply this need, we have concluded to put the WEEKLY INTELLIGENCER for the campaign at such a price as will place it within the reach of all.

It will be supplied to clubs of ten or more to the same post-office at fifty cents per copy for the campaign, or for any four months prior to January 1, 1869.

We call upon our friends throughout the country to exert themselves to push this circulation of the campaign WEEKLY INTELLIGENCER to the fullest possible extent. If they will do this service we pledge ourselves to do our part of the work with all the energy and ability and industry we can command.

SHERK'S

BITTER TINCTURE OF ROOTS

WILL PERFECTLY CURE

Dyspepsia or Indigestion, Disordered Stomach and Liver, Costiveness, Impurity of Blood, Headache, Vertigo or Giddiness, Nervous Debility, Fever and Ague, Incubus or Nightmare, General Debility, Cramp, Colds, and Pains in the Back and Side.

This is not a new Medicine; the receipt for making it was brought from Germany to Baltimore, Md., over fifty years ago, by Mr. Klein, who introduced it among a few of his German friends and neighbors, who finding it to be an invaluable remedy for the above diseases recommended it to others until it became, and still continues to be, the household medicine of a large portion of the Germans of Baltimore.

THE BITTER TINCTURE OF ROOTS

is composed of the juices of a number of the most valuable roots and seeds known to the medical faculty, with a sufficiency of pure old rye whiskey to make one of the most efficual Tonic Tinctures ever offered to the public.—Every person should use it every Spring, Summer and Fall to purify the blood, give tone to the stomach and invigorate the system.

TESTIMONIALS.

The Rev. Geo Hunter says:

I do hereby certify that having used one bottle of Sherk's Bitter Tincture of Roots, I have found it *invaluable* for the stomach and bowels. It relieved me of pains, nausea and costiveness and created an excellent appetite. I confidentially recommend it to all as a reliable medicine.

Jan. 27, 1868. GEO. HUNTER.

W. BENTZ,
No. 27 South Hanover St., Carlisle.

In the summer of 1866 my health failed so that my whole system was prostrated as if worn out, so that I was unfit for business. I used Sherk's Bitter Tincture of Roots for some time and was completely restored to health. I believe this medicine will do all that is claimed for it.

SAM'L GOODYEAR.
Carlisle, Feb. 1, 1868.

Having been afflicted a long time with nervous debility and indigestion, I used Sherk's Bitter Tincture of Roots, and have found it exceedingly beneficial, and recommend it to all as a reliable medicine.

There is more medical virtue in one of these bottles than in a gallon of any of the Bitters and mixtures now offered to the public.

IF A HUMBUG,

What a wonder
That the doors
Are open wide;
Ever since the
First of August
Thousands have
Pain Paint applied.
Those who lie,
Or call it humbug,
Are the doctors,
Not our quack;
For they always
Have been jealous
When their patients
Use Pain Paint.
Pile up facts
As high as mountains,
Flash the truth
Before their eyes,
But the cry
Is always humbug,
Men of Science
Full of lies.

People know that liniments composed of Cayenne Pepper, Turpentine, Hartshorn, Ether, &c., will produce inflammation and pain. To purchase such to stop Pain and Inflammation is ridiculous. Fire will not stop heat; a dumb brute shuns the heat, and knows enough to wade in a pond of water, when wounded, to reduce, cool, and cure inflammation and Fever.

Pimps and gamblers try to look honest, but folks can read the lace too plainly. Some try to persuade the ignorant that pills, physic, &c., cleanse the blood, purge the system, and do a hundred other things equally absurd. Everybody knows that it is false, and no medicine can purify or increase a drop of blood. Fiend makes blood, bone, and muscle, and is the Staff of Life. Every dose of medicine swallowed is rejected, and hurried out of the system as quick as possible. It is an enemy; yes, a deadly foe. Constipation, ill health, and weakness, are the result of dosing, dosing, dosing the stomach. The living system has enough to do without working herself to death in expelling and kicking out the pernicious nostrums poured down the throat.—Fool she welcomes when she hears it; yes, asks for it. Let philanthropic and physic-vendors stop eating food, and see how long they can subsist on their blood-purifying, invigorating, healthgiving medicines and cordials. What humbug is more transparent? A dog would feel so insulted, if offered a dose, he would curl his tail downward in scorn, and run away in utter disgust. All physical pain arises from inflammation. Put out the fire and you stop pain absolutely.—You can stop inflammation as you can quench fire with water. WOLCOTT'S PAIN PAINT subdues inflammation, heat, and fever one hundred times faster than ice. Thousands have had a practical test of its merits at the very moment of most extreme pain, and they can testify that it has not failed in doing its work; it is harmless; it has no stain; it gives no smart; it is simple; it is for sale by Druggists everywhere; and it is tested free of cost at 120 GRAHAM SQUARE, N. Y., and 622 Arch Street, Philadelphia.

My wife had an ulcer on her leg for thirteen years caused by varicose veins, ulceration extending from her ankle to her knee, some places eating away to the bone. I have employed over twenty physicians at a vast expense during this period. But all attempts at cure proved utterly abortive until I tried Dr. Wolcott's Pain Paint, which the doctors told me was a humbug. But humbug or not, it has done the work completely in less than one month, removing the pain at the first application. Kept her leg wet with Pain Paint constantly until healed. I wish we had more humbugs as useful as Dr. Wolcott's Pain Paint; I am well known in this city; any person who wants to make further inquiry will call at 101 West Street, New York, at the Hanover House, of which I am the proprietor, and I can satisfy them as to the benefit derived by the use of Pain Paint.

May 12, 1868. PETER MINCK.

I am selling Wolcott's Pain Paint and Annihilator, and it certainly gives satisfaction to my customers.
