JOHNSON'S RHEUMATIC COMPOUND AND BLOOD PURIFIER.

RHEUMATISM
OF
SIXTEEN YEARS' STANDING
COMPLETELY CURED.

READ THIS TESTIMONIAL AND BE CONVINCED:

MESSRS. R. E. SELLERS & Co.—This is to certify that for the last sixteen years I have been severely afflicted with Rheumatism, often confined to my house, and even unable to walk. Being in the post office, about two months ago, Mr. Clark observed my crippled condition, and urged me to try a bottle of Johnson's Rheumatic Compound. I followed his advice, and now, by the blessing of God and the use of half a bottle of your compound, I am free from all symptoms of rheumatism, and can walk, without the aid of my staff, as well as ever. JAMES M'DOWEL.

TARENTUM, October 25, 1865.

I have known Mr. M'Dowel for a number of years, and do not hesitate to vouch for the truth of the above statement.

800 MILES
OF THE
UNION PACIFIC
RAILROAD

Are now finished and in operation. Although this road is built with great rapidity, the work is thoroughly done, and is pronounced by the United States Commissioners to be first-class in every respect, before it is accepted, and before any bonds can be issued upon it.

Rapidity and excellence of construction have been secured by a complete division of labor, and by distributing the twenty thousand men employed along the line for long distances at once. It is now probable that the

Whole Line to the PACIFIC *will be completed in* 1869.

The Company have ample means of which the Government grants the right of way, and all necessary timber and other materials found along the line of its operation; also 12,800 acres of land to the mile, taken in alternate sections on each side of its road; also United States Thirty-year Bonds, amounting to from $16,000 to $48,000 per mile, according to the difficulties to be surmounted on the various sections to be built, for which it takes a second mortgage as security and it is expected that not only the interest, but the principal amount may be paid in services rendered by the Company in transportation of troops, mails, &c.

THE EARNINGS OF THE UNION PACIFIC RAILROAD, from its Way or Local Business only, during the year ending June 28th, 1868, amounted to over

FOUR MILLION DOLLARS,

which after paying all expenses was much more than sufficient to pay the interest upon its Bonds. These earnings are no indication of the vast through traffic that must follow the opening of the line to the Pacific, but they certainly prove that

FIRST MORTGAGE BONDS

upon such a property, costing nearly three times their amount,

ARE ENTIRELY SECURE.

The Union Pacific Bonds run thirty years, are for $1,000 each, and have coupons attached. They bear annual interest, payable on the first days of January and July at the Company's Office, in the City of New York, at the rate of six per cent. in gold. The principal is payable in gold at maturity. The price is $102, and at the present rate of gold, they pay a liberal income on their cost.

A very important consideration in determining the value of these bonds is *the length of time they have to run.*

It is well known that a long bond always commands a much higher price than a short one. It is safe to assume that during the next thirty years, the rate of interest in the United States will decline as it has done in Europe, and we have a right to expect that such six per cent. securities as these will be held at as high a premium as those of this Government, which, in 1867, were bought in at from 20 to 25 per cent. above par. The export demand alone may produce this result, and as the issue of a private corporation, they are beyond the reach of political interfere.

The Company believe that their bonds, at the present rate, are the cheapest security in the market, and the right to advance the price at any time is reserved.

Subscriptions will be received in Carlisle by A. L. SPONSLER, and in New York

AT THE COMPANY'S OFFICE, No. 20 Nassau St.,
AND BY
JOHN J. CISCO & SON, Bankers, No. 59 Wall St.

And by the Company's advertised agents throughout the United States.

Remittances should be made in drafts or other funds par in New York, and the Bonds will be sent free of charge by return express. Parties subscribing through local agents will look to them for their safe delivery.

A PAMPHLET AND MAP FOR 1868 has just been published by the Company, giving fuller information than is possible in an advertisement, respecting the Progress of the Work, the Resources of the Country traversed by the Road, the Means for Construction, and the Value of the Bonds, which will be sent free on application at the Company's offices or to any of the advertised agents. JOHN J. CISCO, *Treasurer*,
