REMOVAL.

H. & E. TODD would respectfully inform the merchants of this city and our customers generally, that we have removed our stock of Shirts and Gents Furnishing Goods, to the corner of Fifth and Market streets, 2d story over W. & P. Hugus, entrance on Fifth street, where we intend to keep on hand a large stock of Shirts, of our own manufacture, with an assortment of Gentlemens' Furnishing Goods, usually kept by Eastern Wholesale Furnishing Stores.

Being very thankful for the high patronage bestowed on us for the past year, we would be happy to receive calls from our old customers and merchants generally, and would inform them that we intend nothing on our part shall induce them to look further, as we expect to add largely to our stock; and diminish our prices.

Merchants and dealers are solicited to examine our stock of Goods.

REMOVAL.—On account of our pent up market, and the demand for vegetable stands, I have been compelled to remove my Bread Stand to the opposite side of Market street, in front of Alexander Bay's Dry Goods Store, where I shall be glad to see my former customers.

Miscellaneous.

Tin Roofing.

THE subscribers most respectfully announce to their fellow-citizens that they have perfected their arrangements to carry on the business of Tin Roofing on an extensive scale.

It is now close on four years since we first introduced tin roofing in this city. During that time we have covered over fifty thousand square feet of roofs with tin plate, and in all cases we believe we have given the most entire satisfaction. This kind of roof has been applied to the very best buildings in this city, including, among a large number of others, the two superb buildings on Penn street, owned by John L. Shoenberger and John Bissel, Esqrs. That tin roofing (when skillfully laid on) is both permanent and durable, there can be no doubt; in proof of this, we can refer to the almost universal application of this kind of roofing in the large cities on the sea-board during the last twenty years; and from enquiring on the subject, we have yet to learn of any one of those roofs having been worn out. The roofs covered with tin in our own city are open to the examination of all who take an interest in the matter. We have also prepared a miniature plan of roofs, which may be seen at our establishment, where any other information will be given with pleasure.

PITTSBURGH, March 7, 1849.

MR. EAKINS—*Dear Sir:* Having examined the "Aerometer," manufactured at your rooms, I do not hesitate to commend it to the use of those gentlemen who are about removing to California, in search of Gold.

I gives a close approximation to the specific gravity of metals, and will *certainly* enable the adventurer to ascertain when his placer is yielding Gold.

Yours, &c., R. M'CLINTOCK.
