Removal.

H. & E. TODD would respectfully inform the merchants of this city and country generally, that we have removed our stock of Shirts and Gents Furnishing Goods, to the corner of Fifth and Market streets, 2d story over W. & F. Hugus, entrance on Fifth street, where we intend to keep on hand a large stock of Shirts, of our own manufacture, with an assortment of Gentlemens' Furnishing Goods, usually kept by Eastern Wholesale Furnishing Stores.

Being very thankful for the kind patronage bestowed on us for the past year, we would be happy to receive calls from our old customers and merchants generally, and would inform them that we intend nothing on our part shall induce them to look further, as we expect to add largely to our stock, and diminish our prices.

Merchants and dealers are respectfully invited to examine our stock of Goods.

REMOVAL.—On account of our pent up market, and a demand for vegetable stands, I have been compelled to remove my Bread Stand to the opposite side of Market street, in front of Alexander & Day's Dry Goods Store, where I shall be glad to see my former customers.

Tin Roofing.

THE subscribers most respectfully announce to their fellow-citizens that they have perfected their arrangement to carry on the business of Tin Roofing on an extensive scale.

Its now close on four years since we first introduced tin roofing in this city. During that time we have covered over fifty thousand square feet of roofs with tin plate, and in all cases we believe we have given the most entire satisfaction. This kind of roof has been applied to the very best buildings in this city, including, among a large number of others, the two superb buildings on Penn street, owned by John L. Shoenberger and John Bissel, Esqrs. That tin roofing (when skillfully laid on) is both permanent and durable, there can be no doubt; in proof of this, we can refer to the almost universal application of this kind of roofing in the large cities on the sea-board during the last twenty years; and from enquiring on the subject, we have yet to learn of any one of those roofs having been worn out. The roofs covered with tin in our own city are open to the examination of all who take an interest in the matter. We have also prepared a miniature plan of roofs, which may be seen at our establishment, where any other information will be given with pleasure. JOHN DUNLAP & CO.

PITTSBURGH, March 7, 1849.

MR. EAKINS—*Dear Sir:* Having examined the "Areometer," manufactured at your rooms, I do not hesitate to commend it to the use of those gentlemen who are about removing to California, in search of Gold.

"It gives a close approximation to the specific gravity of metals, and will certainly enable the adventurer to ascertain when his placer is yielding Gold."

Gold Washers.

H. PARRY has invented a machine for washing Gold, for which he has made application for a patent.—They are now offered for sale at the Warehouse of H. PARRY, Water st. & Co., No. 162 Wood st., Pittsburgh.

Adventurers to California are invited to call and examine these labor-saving machines. They can carry with their conveniences, easily transported on the back of mules or horses, weighing eighty pounds each, and can be put in operation in half an hour's time. They are the opinion of those who have seen the trial of one of these machines of smallest size, that one hand, with the machine, can return from 150 bushels of sand or earth in a day, without the loss of a particle of the mineral. They can be increased in size and worked by water or mule power, if desirable. The operators work without going into the water or being exposed to water or wet, and consequently without endangering their lives by fever or fever and ague, as many do who put into operation where there is not sufficient water to wash the usual way.

Price of smallest size $45. Orders from abroad, accompanied by cash, will be promptly filled.

HAIR THIS LETTER.—Will be without a beautiful head of hair, when they can have one for three shillings? Twenty years' loss of hair and wonderful restoration!

"BALTIMORE, July 17, 1847.

"Dear Sir—The wonderful effects of Jones' Con-ta-lair have been so well established and generally attested in the cases of several respectable citizens of the town, who, on account of your selling three shillings worth, instead of twenty-five, the instrument which has attracted particular attention, in the case of a gentleman who had little or no hair for one or two years, he had tried numerous preparations in vain, and ultimately had his head shaved and wore a wig. At my recommendation, he tried the Hair-Lair, and after using it according to the direction, for a short time, the young hair appeared, and he has now as fine a head of hair as any person. Respectfully,
"YOURS, JOHN KILVINGTON."

It causes eyebrows to grow, prevents the hair from turning grey, and the first application causes it to curl, and keeps it from scurf, and stops it from falling off.

Sold with full directions at 82 Chatham st. N. Y. and by Wm. Jackson, Agent, 89 Liberty st. Pittsburgh. [sep20

LIPPENCOTT & BARR,

(LATE J. S. SPICKLER & Co.)

Manufacturers of Phœnix Fire Proof Safes,

Second street, between Wood and Smithfield.

ON Tuesday afternoon, July 25, 1848, the undersigned were called upon by Messrs. Lippencott & Barr, to witness an honest and fair test of one of their Phœnix Safes. The furnace being prepared, the Safe was placed inside thereof, with books, papers and some money; when the door of the Safe was closed and the fire kindled at a quarter past 2 o'clock, and in a short time the Safe was red hot, and continued till half past 6 o'clock, being about four and a half hours, when the committee expressed their satisfaction that the time occupied with such heat was sufficient. The furnace was then pulled down, Safe cooled, and door opened—the books, papers and money safe. The heat was so great as to melt off the brass mountings. We therefore take pleasure in recommending these Safes to the public, as being, in our judgment, entirely fire proof.

In calling upon the above gentlemen for their signatures, they all spoke in the highest terms of the fairness of the test, and their full confidence of the Safe being entirely fire-proof. We have constantly on hand and for sale a full assortment of the above Safes.
