Petroleum or Rock Oil!

"There are more things in heaven and earth . . . Than are dreamt of in philosophy."

THE VIRTUES of this remarkable remedy, and the confident application for it, to the proprietor, has induced him to have it put up in bottles, with labels and directions, for the benefit of the public.

The PETROLEUM or ROCK OIL is procured from a well in this County, at a depth of four hundred feet; is a pure unadulterated article, without any chemical change, but just as it flows from Nature's Great Laboratory!! That it contains properties capable of reaching a number of diseases, is no longer a matter of uncertainty. There are many things in the arcana of nature, which, if known, might be of vast usefulness in alleviating suffering and restoring the blooms of health and vigor to many a sufferer. Long before the proprietor thought of putting it up in bottles, it had a reputation for the cure of disease. The constantly and daily increasing cases in which several remarkable cures it has performed, is a sure indication of its future popularity and wide spread application in the cure of disease.

We doubt not to make a long parade of certificates, as we are conscious that the medicine can soon work its way into the favor of those who suffer and wish to be healed. Whilst we do not claim for it a universal application in every disease, we unhesitatingly say, that in a number of Chronic Diseases it is unrivalled. Among these may be enumerated—all diseases of the mucous tissues, such as CHRONIC BRONCHITIS, CONSUMPTION (in its early stage,) Asthma, and all diseases of the air passages, LIVER COMPLAINT, DYSPEPSIA, Diarrhœa, Diseases of the Bladder and Kidneys, Pains in the Back or Side, Nervous Diseases, Neuralgia, Palsy, Rheumatic Pains, Gout, Erysipelas, Tetter, Ringworms, Burns, Scalds, Bruises, Old Sores, &c., &c. In cases of debility resulting from exposure, or long and protracted cases of disease, this medicine will bring relief. It will act as a general TONIC and ALTERATIVE in such cases, imparting tone and energy to the whole frame, removing obstructions, opening the sluggish functions, which cause disease and a broken constitution, and giving increased and renewed energy to all the organs of Life! The proprietor knows of several cures of PILES that resisted every other treatment, get well under the use of the PETROLEUM or ROCK OIL for a short time. The proof can be given to any person who desires it.

None genuine without the signature of the proprietor.

DEAR SIR: Not long since, while laboring under the influence of a painfully distressing cold, from speaking in the open air, a friend handed me a piece of your Hoarhound and Liverwort Candy; from the use of which I experienced great and almost immediate relief. McDowell's Cholera Mixture.

SYMPTOMS—CHOLERA.—This disease generally commences with watery discharges from the bowels, of a white, or yellow, or pearl color, with white flakes on standing a short time. These are well described as *rice water* evacuations. Vomiting is a usual attendant on these evacuations, but not an invariable one. The vomiting is usually accompanied with great uneasiness and pain in the stomach and bowels. The tongue and breath are cold; the tongue is sometimes clean, but generally slightly coated; the voice becomes weak and husky; *cramps* and spasms of the arms, legs and body, are general and painful symptoms. The skin is shriveled and of a purple hue; the pulse becomes weak and frequent, and in the collapse stage entirely lost at the wrist; the breath is chilled and difficult. These symptoms usually succeed each other in the order stated.

MDOWELL'S CHOLERA MIXTURE.

This mixture is prepared from the prescriptions of the late Dr. A. N. McDowell, of Pittsburgh. In his extensive practice, he had tried it with complete success in the cholera of 1833 and the present season. Steamboat captains of 1833 and the present season. Patent Chilled Rollers.

BOLLMANS & GARRISON, *Circuit Court United States*—Case for Infringement of Patent for CHILLED ROLLERS by Patent Right for casting Chilled Rollers.

PARRY, SCOTT & CO., Defendant gave in evidence Patent to John C. Parry of date anterior to the

CHARGE OF COURT.

A question of infringement is one of fact, of which the jury are the judges, and the construction of the patent is for the Court.

The jury are hearing and commenting on the specification of Plaintiff's patent, the Court observed: In doubtful cases it is not the custom of the Court to express any opinion on the facts, but in this case the facts are so clear that they are disputed, and the Court think it is proper to state, as the opinion of both the Judges on the true construction of Plaintiff's patent, that the Defendants' Rollers are a gross and palpable piracy of the Plaintiff's invention.

It has evidently been obtained under the ground that it was an improvement on Plaintiff's patented invention, and now seeks to usurp his rights under pretence of an improvement, which is proved also to be unfounded. Per Curiam: R. C. GRIER.

The above decision gives to the subscribers alone the right to manufacture Chilled Rollers, by the only process known to produce a good article.

They are prepared, as heretofore, to furnish all sizes required, and with the least possible delay.
