SPECIAL NOTICES.

Castoria—A substitute for Castor Oil—a family physic which is pleasant to take and does not distress or gripe, but is sure to operate when all other remedies have failed. It is a purely vegetable preparation, containing neither Minerals, Morphine nor Alcohol, the result of fifteen years experimenting by Doctor Samuel Pitcher. It is perfectly harmless and far more effective than Pills, Narcotic Syrups or Castor Oil. By soothing the system it produces natural sleep, particularly adapted to crying or teething children. It kills Worms, cures Stomach Ache, Constipation, Flatulency and Derangement of the Liver. No family can afford to be without this article. It costs but 50 cents—ask your druggist to get it for you, and he will always keep it.

Have You Seen Her?—A lady who for the last five years has been a leader of fashion in New York, and who may be seen twice a week in her elegant caleche driving a pair of superb ponies in Central Park, has recently stated, in the select circle to which she belongs, that the only article in existence which imparts beauty and lustre to the complexion without ultimately impairing the texture of the skin and causing it to collapse and wrinkle, is HAGAN'S MAGNOLIA BALM. The name of the distinguished member of the beau monde who made this declaration cannot with propriety be given, but it may be mentioned *en passant* that she has spent several years of her life in Europe and is familiar with all the arts and preparations employed by the court beauties of the old world to enhance their charms.

TEETH like orient pearls set in cushions of rose,
A breath like the perfume the toilet bestows;
These are charms to win the heart when all
other charms fade,
But they can't be preserved without Sozodont's aid.
