(LATE J. S. SPRICKER & CO.)

Manufacturers of Phœnix Fire Proof Safes,

Corner of Second street, between Third and Smithfield.

ON Tuesday afternoon, July 23, 1849, the undersigned were called upon by Messrs. Lippencott & Barr, to witness an honest and fair test of one of their Phœnix Safes. The furnace being prepared, the Safe was placed inside thereof, with books, papers and some money; when the door of the fire place was closed and the fire kindled to quarter past 2 o'clock, and in a short time the Safe was red hot, and continued till half past 5 o'clock, being about four and a half hours, when the committee expressed their satisfaction that the time occupied with such heat was sufficient. The furnace was then pulled down, Safe cooled, and door opened—the books, papers and money in safe. The heat was so great as to melt off the brass mountings. We therefore offer our confidence in recommending these Safes to the public, as being, in our judgment, entirely fire proof. WM. KAYE.

In calling upon the above gentlemen for their signatures, they spoke in the highest terms of the fairness of the test, and their full confidence of the Safe's being entirely fire-proof. We have constantly on hand and for sale a full assortment of the above Safes.

SADDLE, HARNESS AND TRUNK MANUFACTORY

ROBERT H. HARTLEY, begs leave to inform his friends and the public generally, that he continues to occupy that large and commodious Store Room, formerly occupied by Samuel Fahnestock & Co., No. 89, corner of Diamond alley and Wood street, where he keeps a large and general assortment of Saddles, Bridles, Harness, Trunks, Carpet Bags, Saddle Bags, Valises, Buffalo Robes, Whips, and all other articles in his line.

He also keeps constantly on hand, and is prepared to furnish to order, all kinds of Riveted Hose, manufactured of the best material, and in a style of workmanship equal to the eastern manufactured article, and at 66 per cent. cheaper.

Country Merchants and Farmers would do well to call and examine his stock before purchasing elsewhere, as he is determined to sell first rate articles at very low prices.

Roasting Bottle Jacks.

THE subscribers have received another small lot of superior Bottle Jacks, direct from Sheffield, warranted to work well. In presenting this article to the notice of the public, the subscribers deem it necessary to remark, that during the last five years they have sold several dozen, and as far as we have been able to ascertain they have given entire satisfaction. To such as do not understand what is meant by a bottle jack, we would explain that it is a machinery resembling clock work, but much more powerful, enclosed in a brass frame, and worked by a strong steel spring; that its action is alternate, and regulated by a horizontal fly wheel, to which is suspended the joint of beef, or any other thing to be roasted; that the machine when fully wound up will continue in motion for two or three hours. The Jacks are generally used with a screen or a large tin reflector, which greatly accelerates the proof of roasting. For sale, with or without screens.
