EVANS & WATSON'S SALAMANDER SAFES,
304 *Chestnut Street,* PHILADELPHIA.
Another Triumph.

Philadelphia, Sept 29, 1859.

TO THE PRESIDENT OF THE PHILADELPHIA AGRICULTURAL SOCIETY:—The subscribers, your committee to examine the contents of a Salamander Safe, of Evans & Watson, after being exposed to a strong fire on the Fair Grounds for eight hours, respectfully represent:

That after *seven cords of oak wood and three of pine* had been consumed around the Safe, it was opened in the presence of the committee, and the contents taken out, quite warmed, but not even scorched.

Several Silver Medals heretofore received by the manufacturers, and a large quantity of documents were in the Safe, and came out entirely unimpaired.

The experiment satisfied us of the capacity of Safes of this kind to protect contents from any fire to which they may be exposed.

The Committee awarded a Diploma and Silver Medal.

STILL ANOTHER.

Wilmington, Del., Sept 17, 1859.—Messrs. Evans & Watson, Philadelphia:

GENTLEMEN:—The Salamander Fire-Proof Safe of your manufacture, purchased by us from your Agent, Ferris & Garrett, of our city, some nine months ago, was severely tried by burglars last Saturday night, and although they had a sledge hammer, cold chisels, drill, and gunpowder, they did not succeed in opening the Safe. The lock being one of "Hall's Patent Powder proof," they could not get the powder into it, but drilled a hole in the lower panel and forced in a large charge, which was ignited, and although the door, inside and out, showed the explosion not to have been a small one, it was not forced open. We suppose they were the greater part of the night at work on it. We are much gratified at the result of the attempt to enter it, and if the above facts are of any service, you are at liberty to use them.

Yours, Truly, BAYNARD & JONES

GREAT FIRE!—ANOTHER TRIUMPH!

Knoxville, Tennessee, March 13th, 1859.

Messrs. EVANS & WATSON, Philadelphia:—Gentlemen—It affords me great pleasure to say to you that the Salamander Safe, which I purchased from you in February, 1858, proved to be what you recommended it—a sure protection from fire. My storehouse, together with several others, was burned to the ground in March last. The Safe fell through into the cellar, and was exposed to intense heat for six or eight hours, and when it was taken from the ruins and opened, all its contents were found to be in a *perfect state*, the books and papers not being injured any whatever. I can cheerfully recommend your Safes to the community, believing, as I do, that they are as near fire-proof as it is possible for any Safe to be made.

THOMAS J. POWELL.

Shreiner's Patent Fuel and Heat Economizing Stoves and Heaters.

A LANCASTER COUNTY TRIUMPH.

AT the late County Agricultural and Mechanical Fair, Philip Shreiner's Stove Invention for saving waste heat and fuel was awarded a Silver Set valued at $20, for the most novel and useful Lancaster County Invention.

Also, to Shreiner & Young, for best Apparatus for Warming Houses a Silver Medal. The Judges also said in their report (there being no premium for this class of Stoves) that Shreiner & Young were entitled to a special notice for their Improved Ornamental Gas Burning Parlor and Hall Stove.

At the State Fair, recently held at Philadelphia, the following awards were made: To Shreiner & Young, for best Hall Stove, First Premium and Diploma, for Portable Heater, Premium and Special Diploma.

The improvement in Stoves and Heaters was pronounced at the State Fair, by the most scientific men of our country, the greatest improvement ever made in Stoves, it being the only scientific Stove in the world. These Stoves and Heaters allow no waste heat up the flue, and burn the gas better than any gas burner in the market. We make these statements knowing that we do not exaggerate. To satisfy all, we ask all interested to call and see the Stoves in operation. Those wishing to purchase need run no risk, as we guarantee the complete operation and great saving of fuel. Those wanting a cheap furnace, that heats well with a small quantity of fuel should call and examine at

Ayer's Sarsaparilla

A compound remedy, in which we have labored to produce the most effectual alterative that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following complaints:—

SCROFULA AND SCROFULOUS COMPLAINTS, ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT RHEUM, SCALD HEAD, SYPHILIS AND SYPHILITIC AFFECTIONS, MERCURIAL DISEASE, DROPSY, NEURALGIA OR TIC DOULOUREUX, DEBILITY, DYSPEPSIA AND INDIGESTION, ELYSIPELAS, ROSE OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOD.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation, of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it contain but little of the virtue of Sarsaparilla, or any thing else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever.

Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on the bottle.

DR. J. C. AYER & CO.

Ayer's Cherry Pectoral,

has won for itself such a renown for the cure of every variety of Throat and Lung Complaint, that it is entirely unnecessary for us to recount the evidence of its virtues, wherever it has been employed. As it has long been in constant use throughout this section, we need not do more than assure the people its quality is kept up to the best it ever has been, and that it may be relied on to do for their relief all it has ever been found to do.

Ayer's Cathartic Pills,

Costiveness, Jaundice, Dyspepsia, Indigestion, Dysentery, Foul Stomach, Erysipelas, Headache, Piles, Rheumatism, Eruptions and Skin Diseases, Liver Complaint, Dropsy, Tetter, Tumors and Salt Rheum, Worms, Gout, Neuralgia, as a Dinner Pill, and for Purifying the Blood.

They are sugar-coated, so that the most sensitive can take them pleasantly, and they are the best aperient in the world for all the purposes of a family physic.

Price 25 cents per Box; Five boxes for $1.00.

Great numbers of Clergymen, Physicians, Statesmen, and eminent personages, have lent their names to certify the unparalleled usefulness of these remedies, but our space here will not permit the insertion of them. The Agents below named furnish gratis our AMERICAN ALMANAC in which they are given; with also full descriptions of the above complaints, and the treatment that should be followed for their cure.

Do not be put off by unprincipled dealers with other preparations, they make more profit on Demand Ayer's, and take no others. The sick want the best aid there is for them, and they should have it.

"ALL THE YEAR ROUND."
DICKENS' NEW WEEKLY.

WE have the pleasure of announcing that we have entered into arrangements with Charles Dickens, for the issue of his new publication, entitled, "All the Year Round," each week, in New York, simultaneously with its issue in London, plates being taken from the English edition, and forwarded to us sufficiently in advance of publication for that purpose. The first number will appear in London and New York on Wednesday, May 4th, and will contain the commencement of a new story by Charles Dickens, to be continued from week to week during about eight months.

Thus, it will be seen that American readers of "All the Year Round," will obtain the stories and other contributions of Mr. Dickens, and the staff of writers associated with him, embracing an array of distinguished talent with which no other publication can compare, several weeks in advance of their reaching this country through ordinary sources, and at the same time they are given to the public in London.

We will state that this arrangement has been consummated by the payment of a large sum of money to Mr. Dickens, yet the extraordinary interest which the announcement of the publication has excited in literary circles, the assurance which Mr. Dickens has given that he shall devote to it all of his best energies, and the appearance of a new story from his pen, cannot fail to command for it at once a large circulation.

The following announcement from Mr. Dickens, will convey an idea of the character and aims of the work:

ADDRESS.

Nine years of *Household Words* are the best assurance that can be offered to the public of the spirit and objects of "All the Year Round."

In transferring myself, and my strongest energies, from the publication that is about to be discontinued, to the publication that is about to be begun, I have the happiness of taking with me that staff of writers with whom I have labored, and all the literary and business co-operation that can make my work a pleasure. In some important respects, I am now free greatly to advance on past arrangements. Those I leave to testify for themselves in due course.

That fusion of the graces of the imagination with the realities of life, which is vital to the welfare of any community, and for which I have striven from week to week as honestly as I could during the last nine years, will continue to be striven for, "all the year round." The old weekly cares and duties become things of the Past, merely so be assumed, with an increased love for them and brighter hopes springing out of them, in the Present and the Future.

I look, and plan, for a very much wider circle of readers, and yet again for a steadily expanding circle of readers in the projects I hope to carry through "all the year round." And I feel confident that this expectation will be realized, if it deserves realization.

The task of my new journal is set, and it will steadily try to work the task out. Its pages shall show to good purpose their motto is *remembered in them,* and with *how much of* fidelity and earnestness they tell The Story of our Lives from Year to Year.

CHARLES DICKENS.
