Manufacturers of Phœnix Fire Proof Safes,

*Second street, between Wood and Smithfield.*

ON Tuesday afternoon, Feb. 25, 1848, the undersigned were called upon by Messrs. Lappencott & Barr, to witness an honest and fair test of one of their Phœnix Safes. The furnace being prepared, the Safe was placed inside thereof, with books, papers and some money when the door of the Safe was closed and the fire kindled at a quarter past 4 o'clock, in a short time the Safe was red hot, and continued till half past 6 o'clock, being about two hours, when the committee expressed their satisfaction that the time occupied with such a fire was sufficient. The furnace was then pulled down, Safe taken out, and door opened, when the contents were safe. The heat was so great as to melt off the brass mountings. We therefore take pleasure in recommending these Safes to the public, as being, in our judgment, entirely fire proof.

I am selling upon the above gentlemen for their manufactures, they stand in the highest terms of the fairness of the test, and their full confidence of the Safe's being entirely fire-proof. Wm. Neyhart, Agent.
