LIPPENCOTT & BARR,

Successors to Shrigley & Co.,

Manufacturers of Phœnix Fire Proof Safes,

Second street, between Wood and Smithfield.

ON Tuesday afternoon, July 25, 1848, the undersigned were called upon to see a Safe put to the test of fire, witness an honest and fair test of one of their Phœnix Safes. The furnace being prepared, the Safe was placed inside thereof, with books, papers and some money where the door of the Safe was closed and the fire kindled at a quarter past 2 o'clock, P. M., in a short time the Safe was red hot, and continued till half past 6 o'clock, being four and a half hours, when the committee expressed their satisfaction that the time occupied with such heat was sufficient. The furnace was then pulled down, Safe cooled, and door opened—the books, papers and money safe. The heat was so great as to melt off the brass mountings. We therefore take pleasure in recommending these Safes to the public, as being, in our judgment, entirely fire proof. JARVIS STRAUB,

NICK & RAWSON,

CORNWALL & BROTHER,

BRANNON & THATCHER,

BENEDICT & CARTER,

ISAAC CROMIE.

I am engaged in the foundry business, and know something about fire Safes and locks. I witnessed the burning of the above Safe, and can freely say there was no humbug about it, and with pleasure recommend them to the public as being, in my judgment, entirely fire proof. WM. KAYE.

In calling upon the above gentlemen for their signatures, they displeased in the highest terms of the fairness of the test, and their full confidence of the Safe's being entirely fire-proof. We can conscientiously on hand and for sale a full assortment of the above Safes.
