LIPPINCOTT & BARR,
(LATE J. S. STRICKLER & CO.)
Manufacturers of Phœnix Fire Proof Safes,
Second street, between Wood and Smithfield.
ON receipt of a letter from Philadelphia, July 25, 1851, the undersigned were called upon by Messrs. Lippincott & Barr, to certify to an honest and fair test of one of their Phœnix Safes. The furnace being prepared, the Safe was placed inside thereof, with books, papers and some money; then the door of the Safe was closed and the fire kindled and in a quarter past 5 o'clock, and in a short time the Safe was red hot, and continued all half past 5 o'clock, being about four and a half hours, during which the contents expressed their satisfaction that the time occupied with such heat was sufficient. The furnace was then rolled down, Safe cooled, and door opened—the books, papers and money safe. The heat was so great as to melt off the brass trimmings, and the Iron Chain was so much rusted as to be useless, as being, in our judgment, entirely fire proof.

I am engaged in the foundry business, and know something about furnaces and heat. I witnessed the burning of the above Safe, and believe it to be fire proof, no humbug about it, and with pleasure recommend them to the public as being, in my judgment, entirely fire proof. WM. WEBB,
Hand St., Pittsburgh.

In calling upon the above gentlemen for their signatures, they signified their intention of having the Safe tested, and their full confidence of the Safe's being entirely fire-proof. We have constantly on hand and for sale a full assortment of the above Safes.
