Financial Briefs

Andrew W. Porter has resigned from Blair & Co., Inc.

Rock Island's revenue freight loadings for February increased 10.4 per cent over a year ago.

American Milling Company annual report for fiscal year ended December 31 shows net profits of $83,792.

It is officially announced from London that no gold was exported to America from England during the two weeks ended March 1.

Jewel Tea Company reports for year ended December 31: Net profits after interest and inventory loss $321,457 against net loss of $2,183,506 in 1920.

The large express companies operating in the State of Minnesota report a decrease of nearly $200,000 in gross earnings for 1921 as compared with 1920.

The average price of the twenty active industrial stocks advanced .43 per cent yesterday, to 86.48, while the twenty railroads declined .21 per cent, to 78.10.

Announcement will be made within the next few days of the offering of 25,000,000 francs 6 per cent bonds, foreign series, of the Midi Railroad Company, of France (Compagnie des Chemins de Fer du Midi).

At a special meeting of the directors of the Union Traction Company late yesterday afternoon B. Frank Townsend, Jr., was elected a director to fill vacancy caused by resignation of John A. Murphy.

The Sinclair Consolidated Oil Corporation has under way negotiations with its bankers for an issue of approximately $30,000,000 long-term bonds, to be used for the retirement of approximately $45,000,000 convertible 7½ per cent notes, due May 19, 1925.

The weekly business reviews differ as to the trend of last week's business failures. Dun's Review shows an increase, with 629 insolvencies, in contrast to 478 in the preceding week. Bradstreet's State of Trade, however, reports last week's business failures as 454, in contrast to 506 in the preceding week.

To date 67 per cent of five-year 8 per cent Columbia Graphophone Manufacturing Company notes have been deposited with the committee recently formed to protect interests of noteholders. Notes so far deposited under the agreement represent over 1000 holders widely scattered throughout the country.

The Dry Goods Reporter says: "While business in farming communities continues to improve, buyers confine purchases of most lines to close-at-hand needs, and this conservatism is expected to continue until Eastern mills' wage disturbances are composed. Strikes materially curtail production, but buyers evince little fear of consequential scarcity."

Board of Directors of the American Ship Building Company declared operative the plan exchanging its preferred stock for common stock. Three-fourths of the preferred stockholders have signified assent to the plan by depositing their stock. For the accommodation of stockholders who have not as yet been able to deposit their preferred shares, the time for deposit has been extended to April 1.

Annual report of United States Gypsum Company and subsidiary companies for year ended December 31 shows net income, after Federal taxes, of $1,789,157, equivalent after deduction of preferred dividends to $6.48 a share earned on the $4,172,140 common stock (par $20) as compared with net income of $1,705,211, or $6.52 a share on $3,948,693 common stock outstanding in the previous year.

Although gross operating revenues of the Philadelphia and Reading in January decreased $1,752,863 the company was able to reduce operating expenses by $1,886,682, so that net operating income showed an increase of $191,137, or over 100 per cent more than the $178,553 reported for January, 1921. Operating ratio was fairly high, being 87.8 per cent, but this compared with 92.2 per cent the year before, indicating how the management is getting a better grip on expenses. January gross of $6,120,758 compares with $6,825,183 in December, a decrease of $704,425.
