GIBBONS & BAER,
(LATE J. S. STRICKLER & CO.)
Manufacturers of Phœnix Fire Proof Safes,
Second street, between Wood and Smithfield.
ON Tuesday afternoon, July 25, 1852, the undersigned were called upon by Messrs. Lippencott & Barr, to witness an honest and fair test of one of their Phœnix Safes. The furnace being properly prepared, the Safe inside thereof, with books, papers and some money, when the door of the Safe was closed and the fire kindled as a proper test of its qualities, and in a short time the Safe was red hot, and continued till half past 6 o'clock, being about four and a half hours, when the committee expressed their satisfaction that the time occupied with such heat was sufficient. The furnace was then pulled down; Safe cooled, and door opened—the books, papers and money remained in good condition. The heat was so great as to melt off the brass mountings. We therefore take pleasure in recommending the Safes to the public, as being, in our judgment, entirely fire proof.

I am engaged in the foundry business, and know something about furnaces and heat. I witnessed the burning of the above Safe, and can freely say there was no humbug about it; and will gladly recommend my friends to the public, as being, in my judgment, entirely fire proof.
In calling upon the above gentlemen for their signatures, they'll speak in the highest terms of the fairness of his proceedings, and their full confidence of the Safe's being entirely fire-proof. We have constantly on hand and for sale a large assortment of the above Safes.
