

GOSSIP INCORPORATED (cont.)

In a more serious vein, we'd like to congratulate the new president of the Freshman class, John Capello, "Funzy"; and also the new member of Student Council, Albert Hinger.

By the way, we also want to greet the new fans who plan to matriculate at this great institution of higher learning, (?) ---You'll be sorry!

Well, if we haven't been anihilated by the time the next issue rolls around---we'll see you!

It was great,
Bee and Jay

P.S. May we have your autograph, "Kim"???

TOO SOON OLD AND TOO LATE SMART

Al Hinger

The above is an old folk saying. It might be said that it could pertain to practically who have just read it.

The activities in and around an undergraduate campus such as HIGHACRES are, quite naturally, limited when compared with the main university campus.

Attendance at college is something most of us will accomplish only once during our lifetime. We should attempt to make the memories of this action as pleasant as possible. The more we participate; the more we will have for reminiscence.

It is understandable that not all students can participate in outside activities, some due to grades, others due to previous commitments. However, it would behoove those students who could do so, to engage in the extra-curricular activities the center has to offer.

The student council-I am sure- would welcome any suggestions the students may make concerning things to do.

Check into the extra-curricular activities that are now functioning at this campus. You will be surprised at the many pleasant moments you will have.

Miss Garbrick still has room for a few more voices in the Community Chorus; stop in and talk to her, you won't be sorry.

Don't forget the folk saying at the beginning of the article. Get smart and enjoy your "college days" while you are able to do so.

COLLEGE COMMUNITY CHORUS NEWS

Betty Kulig

With practice underway, the College Community Chorus is preparing for its annual spring concert, which will be presented in May. The main selection, Mozart's Requiem Mass will be sung in its entirety. This work includes the principal parts of the Mass. In addition to the piano and organ accompaniment, there will also be a small string ensemble. This promises to be a very enjoyable concert and everyone who enjoys music should plan to attend. *****

CAMPUS ELECTION

by Ted Minor

An election was held on Monday, February 24, 1958 to fill the vacant offices of Freshman Class President, and Freshman Student Council Representative. These offices, formerly held by Ted Tarone and George Ripson, were vacated in January 1958 when Mr. Tarone acquired the status of a Sophomore, and Mr. Ripson transferred to the main campus at University Park.

With less than 34% of the eligible voters casting their ballot, the following people were elected to office:

- Freshman President - - -John Cappello
- Freshman council Rep. - Al Hinger
- Mr. Cappello will also assume the duties of Vice-President of the Student Council.
