Pudder & Ford,
MANUFACTURERS AND DEALERS IN
MANCHESTER MINERAL PAINT,
ALLEGHENY CITY, PA.
NEW YORK, December 15, 1851.
I have analysed a sample of MANCHESTER MINERAL PAINT, for PUDDER & FORD, and find it to contain the following:

Silica	67,21
Alumina	5,34
Per Oxide of Iron	18,41
Lime	68
Magnesia	24
Oxide of Manganese	12
Water and Loss	8,00
	100,00

The Powdered Sample, contained in the box, which I suppose was the one you desired also to have analysed, I find to differ from any average of the lumps powdered, and mixed together. This last yields as follows:

Per Oxide of Iron	58,50
Silica and Alumina	33,00
Lime	88
Magnesia	10
Water and Loss	7,00
	100,48

This difference I presume arises from the mineral not being uniform, some portions containing more Iron than others. The analysis shows the article to be well suited for a durable paint. I find, that by calcining the powder by a pretty high heat, the color is much improved, or at least converted into a fine red.

JOSEPH LIPPINCOTT.......WM. C. BARR.
LIPPINCOTT & BARR,
(LATE J. S. STRICKLER & CO.,)
MANUFACTURERS OF PHENIX FIRE PROOF SAFES, Second Street, between Wood and Smithfield—On Tuesday afternoon, July 25, 1848, the undersigned were called upon by Messrs. Lippencott & Barr, to witness an honest and fair test of one of their Phenix Safes. The furnace being prepared, the Safe was placed inside thereof with Books, papers and some money; when the door of the Safe was closed and the fire kindled at a quarter past 2 o'clock, and in a short time the Safe was red hot, and continued till half past 6 o'clock, being about four and a half hours, when the committee expressed their satisfaction that the time occupied with such heat was sufficient. The furnace was then pulled down, Safe cooled, and door opened—the books, papers and money safe. The heat was so great as to melt off the brass mountings. We therefore take pleasure in recommending these Safes to the public, as being, in our judgment, entirely fire proof. JARVIS & TRABUE, NOCK & RAWSON, CORNWALL & BROTHER, BRANNON & THATCHER, BENEDICT & CARTER, ISAAC CROMIE.
I am engaged in the foundry business, and know something about furnaces and heat. I witnessed the burning of the above Safe, and can freely say there was no humbug about it, and with pleasure recommend them to the public as being, in my judgment, entirely fire proof. WM. KAYE.
In calling upon the above gentlemen for their signatures, they all spoke in the highest terms of the fairness of the test, and their full confidence of the Safes being entirely fire proof. We have constantly on hand and for sale a full assortment of the above safes. [mar31] BELL & TERRY.

Ladies Sewing Birds.
THESE useful articles are introduced to the public by the inventor, and especially recommended to the notice of the Ladies, for whose particular use they are intended.
Something of the kind has ever been needed, to hold or fasten their needle-work while engaged in sewing. Many a fair form is ruined and made "round-shouldered" by their position, while at work, as well as health impaired, by sitting in such an unhealthy posture. Improvements are constantly being introduced to lessen the labor of men, but little or nothing has been done to alleviate the burden of the other sex; this article, however, will greatly relieve, while it will facilitate their work. The Sewing Birds have been used by many ladies in New England, and has met with universal approbation.
They may be had of the subscriber, by wholesale or retail, in every variety of style, and the small price at which they are offered must recommend them to general use.

Fayette Springs now Open.
THIS highly attractive and fashionable WATERING PLACE has been leased, together with the "FAYETTE SPRINGS HOTEL," adjacent thereto, by the proprietor of the "Farmington Hotel," on the National Road, who has secured the best cooks and the best supplies of every kind, and will conduct it in a manner to please all his visitors. A new building, with forty Rooms, has recently been added to the establishment.
These SPRINGS are surrounded by the most delightful and Romantic Mountain Scenery, in a cool climate, with pure air and pure water. The curative and purifying properties of these waters have been fully established, by the fact that they have never failed to cure the worst cases of Scrofula, the most inveterate Sores, and other diseases of the blood.
STAGES AND HACKS will arrive at and leave the steamboats at Brownsville daily, whence visitors will pass, in a drive of four or five hours, to the Springs, over an excellent McAdamized Road, about half the distance through one of the richest and most delightful agricultural regions in the country to Uniontown, and then eight miles further, over the Laurel Mountain, presenting from its slopes and summit splendid views of the great western valley, with all its rich, variegated and beautiful scenery.
In short, it is confidently believed, that there is no watering place in the country presenting stronger attractions to those seeking HEALTH AND PLEASURE, than the "Fayette Springs," and the undersigned is very certain they can no-where find a greater disposition to please, or more accommodating terms. The National Portrait Gallery.
SAVE YOUR MONEY.—Those of our citizens who wish to subscribe for this publication, will save money by procuring it from the undersigned. The work is sold by travelling agents and others, at 25 cents per number, or $10 for the work complete. Now, we propose to furnish the National Portrait Gallery at 20 cents per number, or $7 for the work complete. And, as new enterprises of this kind frequently fail before half the numbers are published, subscribers to irresponsible persons, who represent themselves as the only persons from whom such works can be obtained, lose a good deal of their money, for the consideration of a few stray numbers of a book, containing a quantity of republished matter, and a parcel of wood cuts. We do not say that the National Portrait Gallery will not be completed; but, we do say, should it not be sufficiently appreciated by the public, to warrant its completion, we obligate ourselves to every one who subscribes to us, for it, to refund his money and take back all the numbers he may have received. So, come and subscribe, and by the operation save $3. H. MINER & CO.,

THE REAL "UNCLE TOM."
"Light, More Light, Still!"
A BOOK FOR THE TIMES!—Now ready, and contains 500 12mo pages; beautifully illustrated with original designs, and neatly bound. Price $1,50. Entitled, LIFE AT THE SOUTH, or "UNCLE TOM'S CABIN," AS IT IS. Being Narratives, Scenes, and Incidents in the Real "Life of the Lowly." By W. L. G. Smith, Esq.
The object of the author is to represent the condition of the slave, in his rude but comfortable cabin; his daily occupations and pastimes; the relations between master and slave; the mistaken impulses and misconceived views of the Northern Philanthropists, &c., &c., and to represent the passions and sentiments in their natural forms, as the same are displayed in the humblest lot in human society, thus showing that, in the case of the slave, at least, contentment bestows more happiness than freedom; and at the same time, to represent, as it is, a class of people, viz: the Planter, to whom justice has been seldom done, and whose character, as exhibited in every day life, is well calculated to win the amiable judgment of the world.
On receipt of $1,50, we will forward a copy of the above work by mail, postage paid, to any part of the United States. Liberal discounts made to the trade.
