COME DOWN, FATHER.

Oh, father, dear father, come down with the stamps,
My dressmaker's bill is unpaid—
She said she would send it right home from the shop,
As soon as the flounces were made.
My new dress from Stewart's is down in the hall,
The boy will not leave without pay—
I've nothing to sport with—can't go to the ball,
Come down! Come down! Come down!
Please, father, dear father, come down!
Oh, hear the sweet voice of the child,
Who cries in her room all alone,
Oh, who could resist her most pitiful tears,
So father, with stamps you'll come down.

Oh, father, dear father, come down with the stamps,
My curls are not fit to be seen—
The hair-dresser said he would not do them up,
Unless I could pay him fifteen—
He only asked twenty to give a new set,
And take the old in exchange—
Besides, 'pa, my waterfall's awfully rough,
And so, my back hair will look strange.
Come down! Come down! come down!
Please, father, for Braiteau, come down!
Oh, hear the sweet voice of the child, &c.

Oh, father, dear father, come down with the stamps,
The carriage is waiting below—
Ristori is playing, the seats are engaged,
And I want to make a good show—
My gloves have been cleaned, my cloak has been dyed,
But Charley won't take me again
Unless my "Queen Emma" is trimmed with a bird,
And I have a new cable-chain.
Come down! come down! come down!
Please, father, dear father, come down!
Oh, hear the sweet voice of the child, &c.

Oh, father, dear father, come down with the stamps,
The words sounded weepingly sweet—
He looked from the hallway right up the wide stairs
And saw there the dear little feet.
A very large towel her shoulders encased,
Her pretty white hose just put on,
Without any "tilter," and standing unlaced,
She watched till the shop-boy was gone.
He's gone! he's gone! he's gone!
She cried, as her father "came down,"
Oh, hear the sweet voice of the child, &c.

LOW vs. PROTECTIVE TARIFFS.

The masses of men in business, either as small producers with limited capital, or as mechanics and laboring men, are directly interested in a protective tariff. In this country, without it, they are unable to compete with the cheap labor of Europe, or with the large manufacturers of our own land, who being built up and firmly established, have resources denied the more humble producers. A low tariff may not stop the operations of the large manufacturer, but it will, most assuredly, the man of limited means. Now, a protective tariff benefits both, while a low tariff creates a monopoly, protecting to a certain extent only the large producer, and crushing the small one entirely out of existence. We should benefit by the example of England and France in this matter. For hundreds of years, until by home competition and labor-saving machinery, they were enabled to throw their ports open to the trade of the world, they maintained a system of rigid protection. We must do likewise if we wish to build up our manufactures not only in the North but in the South, and eventually cheapen the prices of our products. Gov. Geary makes a happy allusion to this matter in his inaugural, and we hope that Congress, in its adjustment of the Tariff, will appreciate the fact that our industrial interests need a Protective not a low Tariff.

A LATE number of the New York *Post* has the following:

"President Johnson, who during the war was the object of unceasing scurrility from Northern Copperheads, dined last night in a company containing some of the shining lights of the Copperhead politicians.

He was received and welcomed to the dining hall by Tom. Florence, who during the war edited the Washington *Constitution*, a journal which followed faithfully in the path of the New York *Daily News*.

The toast to the Supreme Court was acknowledged by Jeremiah Black, of Pennsylvania, Buchanan's Attorney General and confidential adviser, a violent and notorious Copperhead, as everybody knows.

The toast to the army and navy called up Mr. A. J. Rogers, of New Jersey, who omitted to tell the company how much he had done to discourage enlistments during the war."

If these men, whom Mr. Johnson now selects as his dinner-table associates, had had their way during the war, Mr. Johnson would never have escaped alive out of Tennessee, but the rebellion would have triumphed, and the Union would have been destroyed. It seems to us a shameful spectacle to see the President of the United States publicly associating with men whose wishes and efforts were during the war, for the success of Jeff. Davis, and the destruction of our country.

—The Labor of Fourteen Hours Accomplished in Five.—"I prefer Grover & Baker's Machine because it is thorough in everything. I can make an entire dress with the Grover & Baker Machine, every part of it except the sewing on of hooks and eyes, buttons and button-holes. It used to take me fourteen hours to make a dress handsomely; I can now do it in five."—*Testimony of Mrs. H. N. Farnsworth, 4 Carroll Place, New York, before the Commissioner of Patents.*

1866 1
THE GREAT
ZINGARI BITTERS.
A Sure Preventative of
CHOLERA

THIS WONDERFUL REMEDY was discovered and introduced about twenty years ago by Dr. S. Cheopsus, an eminent Egyptian physician.

He had long seen and felt the want of some remedy which would strike at the root of disease, and so prevent much of the suffering which the human family was then compelled to endure.

The great question was presented to his mind every day in vivid colors as he moved among the sick and dying, and observed the inefficiency of nearly all the remedies then in use. Thus he was lead to think and experiment; and after ten years of study and labor, he presented to his fellow-man the wonderful Zingari Bitters. The effect of this preparation in the prevention and cure of disease, was so marvellous and astonishing, that the most flattering marks of royal favor were bestowed upon him who discovered it. His name was placed upon the Roll of Nobles, and a gold medal with the following inscription—Dr. Cheopsus, the Public Benefactor—was presented to him by the Viceroy.

The preparation has been used in several epidemics of cholera, both as a preventive and curative measure, and with such great success, that it has been introduced into nearly all the general hospitals of the old world.

The old saying that an ounce of prevention is worth a pound of cure, applies with marvelous force to cholera, and therefore any remedy that will protect us against this terrible disease should be freely and persistently used.

All pathologists now agree that the cholera poison acts on the excretory organs, and keeps them in working order, must prevent a sufficient accumulation of the poison to exert its terrible effects on the organism. This is true not only of cholera, but of nearly all other maladies, especially the different forms of fever.

The Great Zingari Bitters is just such a remedy as the above conditions require. Its acts on the organs of excretion and secretion, keeping up a perfect balance between them. This Bitters is composed entirely of roots and herbs, so nicely concocted that every organ is acted upon and put in tone. Its taste is pleasant and its effects prompt and lasting.

Numerous cases of the following disease have been cured by it: Cholera, Diarrhœa, Dysentery, Typhoid and Typhus Fever, Fever, Ague, Nervous Debility, Anæmia, Female Irregularities, Dyspepsia, Flatulency, Colic, Scrofula, &c.

Price one dollar per quart bottle.

Principal Depot at the Walnut street wharf, Harrisburg, Pa.

Sold by all Druggists, Hotelkeepers and Grocers.
F. RAHTER,
Sole Proprietor.

For sale by J. C. Bucher, corner of Front and Locust Sts. Columbia, Pa.

CHOLERA

Cured by Mishler's Herb Bitters!

When Mishler's Bitters were first introduced to the public the proprietor did not feel justified in recommending it as a specific for Cholera During the fall of 1865, Dr. Mishler received the following note from Jacob L. Baker, Esq., of Lancaster Pa., a member of the Philadelphia College of Pharmacy. Mr. Baker had a great deal of experience in the treatment of Cholera is a druggist of sixteen years standing, was Hospital Steward in the Jefferson Hospital, Philadelphia, for three years, and is withal a gentleman of undoubted integrity and one in whose statement the most implicit confidence can be placed:

Lancaster, November 3d, 1865.

Dr. Mishler—Dear Sir:—Knowing that the Cholera with its dreadful ravages is now upon our land, and knowing that no medicine now in our country possesses such a caloric influence "which is the vital remedy for all diseases of this kind," as the Bitters you now making I request you to prepare such a quantity of your bitter as would suit all demands, as I assure you they will be an invaluable remedy, and will be hailed as a blessing by all who will use it.

Yours respectfully.
JACOB L. BAKER.

Being thus urged, and having noticed the Bitters were constantly curing the most violent cases of Diarrhœa, Cholera Morbus and kindred complaints, Dr. Mishler at last offered his compounds as a cure for Cholera The result has exceeded his most sanguine expectations and fully justifies all that Mr. Baker says in his note. It certainly proves that Mr. Baker's practical knowledge of medicine far exceeds that of most doctors who too often dose their patients with deleterious drugs on some absurd theory.—For the purpose of showing that Mishler's Herb Bitters will cure Cholera we give below a few facts.

All intelligent persons who have investigated the origin of cholera, agree that it is caused by poison introduced and generated into the system by impure water, dampness, filth and over-crowded rooms with deficient ventilation. This is proved by the fact that cholera always rages worse on board of ships where all of the above causes are found more or less combined. To cure cholera, and also to prevent it, it is necessary to neutralize this position, and that Mishler's Bitters will do this is proven by the following:

The steamship *Virginia*, arrived at the Port of New York about the middle of April with cholera a board a number of the passengers having died during the voyage with this complaint. Among the passengers were a family named Schmith, from Baden, Germany. This family was attacked with cholera. Fortunately for them they had friends living in this city Lancaster, Pa., who knew the virtues of Mishler's Bitters and who procured a bottle and sent it to the Schmith family. When this package arrived at Quarantine, the doctors examined it and confiscated the contents. Another bottle was procured and packed in a more secure manner: it safely reached the Schmiths. On its arrival aboard the *Virginia*, Henry Schmith and Christ. Schmith were both labouring under choleric symptoms: Mrs. Marcia Schmith, wife of the former was very bad, not expected to recover, and a son had died of the dread complaint and had been buried the day previous. It was in this plight a bottle of Mishler's Bitters, sent forth like an Angel of Mercy found the poor Schmith family.—Henry Schmith was the first to try it, and so instantaneous was the relief he experienced that he gave it to his wife and brother both of whom it at once relieved. They used the entire contents of the bottle and all three were so much relieved that the physicians permitted them to leave the Virginia, after being confined at quarantine aboard that scourge ship forty-two says.—The Schmiths proceeded to their relatives in Lancaster, and at an early opportunity called on Dr. Mishler to express their gratitude for the timely relief they had found in his Bitters. Mr Henry Schmith stated that all the compounds the doctors had given him did no good, but that one glass of Mishler's Bitters made him feel like a new man, warming his whole system, giving him a healthful heat and causing him to perspire freely. His statement was substantially was substantially as given above, and he further said that if the doctors had not kept the first bottle from reaching him, his son would yet have been living. Mrs. Schmith was still weak from the effect of cholera, but the continued use of the Bitters were most surely restoring her accustomed vigor.

It is not to be expected that regular M. Ds. will admit that any remedy not to be found in the Dispensatory will cure Cholera or any other complaint, but candor compels Dr. D. H. Bissell of the Cholera Hospital ship "Falcon" to admit that he believes Mishler's Bitters to be a "very good Tonic." In reply as to a case of Bitters that was sent to him by a well known gentleman of Lancaster, he writes as follows:

Hospital Ship Falcon,
Quarantin, New York, June 7th, 1866.

George S. Rowbotham, Esq.— Dear Sir: Yours of the 23d, inst. is to hand. In reply, I beg leave to say, that I received the case of Bitters you sent me for trial &c., that I gave them to the convalescents in Hospital. I believe them to be a very good tonic Bitters, well adapted to all cases requiring Tonic remedies.

D. H. BISSELL, Physician,
Hospital Ship "Falcon."

This letter from Dr. Bissell, just after the reception of the Bitters, and before he had time and opportunity to thoroughly test their wonderful medicinal properties is considered an important endorsement, as that gentleman to-day occupies the most important position of any physician in America. The passengers and crews o emigrant and merchant vessels that arrive in the Port of New York from foreign countries, are subject to his inspection and control, and the great experience he has had in the management of that dreadful disease, Cholera, gives an endorsement by him an unusual importance. This letter together with the statement of the Schmith family—who while in the Steamer Virginia, were under Dr. Bissell's control, shows what the Bitters have done and can do.

Another case of Cholera cured by Mishler's Herb Bitters is that of Mr. Pearsol of York county, who, after suffering severely from all the symptons of Cholera, finally became collapsed and while in this state, (the doctors stating that he was beyond relief) a friend administered freely, Mishler's Bitters. The effect was instantaneous; heat was generated in the body, perspiration was induced and after using one bottle Mr. Pearsol was entirely restored.

Mishler's Bitters cures Cholera by counteracting the poison which is the cause of the disease. Poison in the system, whether generated by bad air, filth, &c., as in Cholera, or introduced by the bite of a venomous snake or mad dog will be expelled and all bad symptons allayed by the use of Michler's Herb Bitters. The above proves this to be the fact in Cholera and the certificate of Mr. Rhinehart proves that Mishler's Billers will cure the bite of a poisonous snake:

Lancaster, July 4th, 1865.

Mr. B. Mishler—Sir:—About eight weeks since I was bitten in the left hand by a snake, but at the time did not know of what species it was. Immediately after the bite my hand swelled to a very large size, and the poison appeared to be working up my arm. I suffered great pain in my hand and arm; I had to quit work and was afraid I would be compelled to have my hand amputated. I came to you, and by your advice washed my hand and arm with your Herb Bitters at the same time taking it inwardly. In eleven days I was able to go to work again. The poison was all drawn out and Mishler's Herb Bitters was the only medicine or application that I made use of. Mr. Christian Burns, a near neighbor of mine, went out a day or two after to the place where I was bitten, and killed what I believe was the same snake that bit me as he caught within five yards of the spot where I was bitten. It proved to be what is called a copper snake; at any rate, whether it was the same one that bit me or not—one thing is certain—that your Bitters cured the bite of a snake in my case for which I shall ever be thankful, as I believe it was the means of saving my hand.

I shall be pleased to personally satisfy any one of the truth of the above.

Yours. JACOB RINEHART.
Low Street, Lancaster.

NEW CARRIAGE
MANUFACTORY
Second Street, nearly opposite
LUTHERAN CHURCH, COLUMBIA.

THE UNDERSIGNED HAVING Taken the Shops formerly conducted by Mr. Samuel Carter, would respectfully announce to the citizens of Columbia and vicinity that he is now prepared to manufacture all kinds of Coaches, Carriages, Buggies, Sulkies, and all other vehicles in his line. His reputation as a workman is established, as he can confidently claim for his work the merits of beauty of form, elegance of finish, and strength of structure. One of the distinguishing features of his work is its durability; all vehicles of his build are constructed of the best seasoned material, and put together firmly and substantially. He gives particular attention to the repairing of vehicles, and warrants all work in his line to give satisfaction.

In addition to his practical experience in the business, he has the assistance of the best workmen. Some of them from the celebrated Watson establishment of Philadelphia.

A generous public is respectfully invited to give home industry their encouragement and support. CHRISTIAN MYERS.
