Pudder & Ford,
MANUFACTURERS AND DEALERS IN
MANCHESTER MINERAL PAINT,
ALLEGHENY, CITY PA.
NEW YORK, December 15, 1851.
I have analysed a sample of MANCHESTER MINERAL PAINT, for PUDDER & FORD, and find it to contain the following:—

Silica,	67,21
Alumina,	5,34
Per Oxide of Iron,	18,41
Lime,	69
Magnesia,	24
Oxide of Manganese,	12
Water and Loss,	8,00
	100,00

The Powdered Sample, contained in the box, which I suppose was the one you desired also to have analysed, I find to differ from any average of the lumps powdered, and mixed together. This last yields as follows:

Per Oxide of Iron,	68,50
Silica and Alumina,	23,00
Lime,	32
Magnesia,	16
Water and Loss,	7,95
	100,40

This difference I presume arises from the mineral not being uniform, some portions containing more Iron than others. The analysis shows the article to be well suited for a durable paint. I find that by calcining the powder by a pretty high heat, the color is much improved, or at least converted into a fine red.

JOSEPH LIPPINCOTT ... WM. C. BARR.
LIPPINCOTT & BARR,
(LATE J. B. STRICKLER & CO.,)
MANUFACTURERS OF PHŒNIX FIRE PROOF SAFES, Second Street, between Wood and Smithfield—On Tuesday afternoon, July 25, 1848, the undersigned were called upon by Messrs. Lippencott & Barr, to witness an honest and fair test of one of their Phœnix Safes. The furnace being prepared, the Safe was placed inside thereof with Books, papers and some money; when the door of the Safe was closed and the fire kindled at a quarter past 2 o'clock, and in a short time the Safe was red hot, and continued till half past 6 o'clock, being about four and a half hours, when the committee expressed their satisfaction that the time occupied with such heat was sufficient. The furnace was then pulled down, Safe cooled, and door opened—the books, papers and money safe. The heat was so great as to melt off the brass mountings. We therefore take pleasure in recommending these Safes to the public, as being, in our judgment, entirely fire proof.

Keating's Genuine Extract of Coffee.
THE attention of the public is respectfully invited to this new article, which is manufactured by J. F. D. KEATING, Pittsburgh. There is a very great saving in using this article, as one pound of the Extract goes as far as ten pounds of Store Coffee, in a family, and clears the Coffee much better than eggs, isinglass, or any other article. The subscriber respectfully requests the public to give it a fair trial, and he feels fully satisfied that they will find a delicious beverage, and one superior in every respect to that which is now so generally used. This article is neatly and securely packed in tin foil packages, of a quarter of a pound, which preserves this article in any climate.
Persons asking for Extract, should be particular, and ask for Keating's, and then see that it has the written signature of J. F. D. KEATING, as none are genuine without it.

THE above Company beg leave to call the attention of Architects, Builders, and the Public generally, to their assortment of Marbleized Cast Iron Mantles, and other articles, in quantities to suit purchasers, (the same being the largest scale; the beauty and design of which, and their exquisite finish, have never been equalled, and cannot be excelled. Their patent imitations of the finest varieties of Marble, such as Egyptian, Sienna, Brocatelle, Verd, Antique, Agate, Prince Albert, Pyrenese, Light Spar, &c., has elicited the unqualified commendation of connoisseurs in Marbles, and established their popularity with the public.
Some of the advantages of this discovery, consist in its capability of withstanding a high heat, of resisting acids and oils, which stain and deface marble, and their cheapness, being about one-third the cost, in comparison with all other kinds of Mantles; also, the advantage of being packed and sent with safety to any part of the country.
The Marbling department is under the superintendence of Mr. E. DEMING, who first introduced this invaluable discovery to the public, and application to metals and other substances.

DICKENS'S HOUSEHOLD WORDS & UNITED STATES WEEKLY REGISTER.
NEW ARRANGEMENT.—The publication of this periodical will hereafter be carried on by the undersigned, who have become sole proprietors of the work. With the present volume commenced a new series of the work, under the title of "Dickens's Household Words and United States Weekly Register." The original work has attained such an unprecedented popularity, both in England and this country, as to render any commendation of it in this place superfluous.—For variety and richness of information, vivacity of style, and genial tone of feeling, it has no rival in English periodical literature. It may justly be called the greatest intellectual labor-saving machinery of the age. One has only to peruse its pleasant pages, to become master of an amount of knowledge which it has required no small degree of search and energy to accumulate in this condensed, but fascinating form. Nor is it less valuable in point of pecuniary saving. The price of this work for one year will give more mental entertainment and instruction to the family circle, than ten times the sum spent for the common run of books. In the present edition, a copious summary of statistical facts will be given with each number, which cannot fail to prove of service to the American citizen, both for present use and future reference. The work will continue to be issued in a style of great typographical neatness, forming two volumes a year, worthy of a distinguished place on the shelves of the library or the drawing-room table.
The "Weekly Register" portion of this work contains a record of important statistics, as well as of other passing events, of general interest in the United States.
The present volume of the Household Words commenced with No. 1 of the New Series, with which, and the succeeding numbers all new subscribers can be furnished.
TERMS.—The Household Words may be obtained of Booksellers, Periodical Agents, or from the Publishers (No. 17 Spruce st.) at $2 50 a year, or 6¼ cents a number for single copies: 2 copies for $4 50; 3 copies $6; 5 copies $9; 10 copies $15. Clergymen supplied at $1 75 per annum.
Liberal arrangements will be made with Agents and Post Masters for its circulation.
Persons contemplating subscribing to a periodical, will do well to procure a specimen number before deciding.

THIS highly attractive and fashionable WATERING PLACE has been leased, together with the "FAYETTE SPRINGS HOTEL," adjacent thereto, by the proprietor of the "Farmington Hotel," on the National Road, who has secured the best cooks, and the best supplies of every kind, with a determination to please all his visitors. A new building, with forty Rooms, has recently been added to the establishment.
These SPRINGS are surrounded by the most delightful and Romantic Mountain Scenery, in a cool climate, with pure air and pure water. The curative and purifying properties of these waters have been fully established, by the fact that they have never failed to cure the worst cases of Scrofula, the most inveterate Sores, and other diseases of the blood.
STAGES AND HACKS will arrive at and leave the steamboats at Brownsville daily, whence visitors will pass, in a drive of four or five hours, to the Springs, over an excellent McAdamized Road, about half the distance through one of the richest and most delightful agricultural regions in the country to Uniontown, and then, eight miles further, over the Laurel Mountain, presenting from its slopes and summit, splendid views of the great western valley, with all its rich, variegated and beautiful scenery.
In short, it is confidently believed, that there is no watering place in the country presenting stronger attractions to those seeking HEALTH AND PLEASURE, than the "Fayette Springs," and the undersigned is very certain they can no where find a greater disposition to please, on more accommodating terms. GEORGE STURGES,
SOLE MANUFACTURER OF THE IMPROVED
SPIRAL SPRING MATTRESS,
S. W. Cor. Baltimore and Frederick streets, Baltimore, and No. 92 Walnut st., Philadelphia;
FIVE SILVER MEDALS AWARDED, VIZ:
By { AMERICAN INSTITUTE, New-York; FRANKLIN INSTITUTE, Philadelphia; MARYLAND INSTITUTE, Baltimore.
THE peculiar improvement in the construction of this Mattress is, that all the clumsy and heavy wooden frame-work is entirely dispensed with, and its place supplied by a lighter and much more durable frame. The springs are all connected by harness leather hinges, securely riveted, rendering it impossible for a single spring to fall down or get out of place, and making a Bed so elastic that any part may be raised or bent up, and is thus admirably fitted to the wants of the sick or asthmatic, who may require a sitting posture. It has all the luxurious softness of the best feather bed, with the lightness and facility of handling of the common hair mattress.
These Improved Spring Beds are invariably made of the best materials, and will last many years without repairs.
Persons having Hair Mattresses can have them altered into Spring Beds.
These Beds are well adapted for Hotels, berths of Ships, Steamboats and Hospitals.
