Does Disease Originate in IMPURITY OF THE

BLOOD.

THIS is a question of vital importance, and one which has never been satisfactorily disposed of by the professors who teach the healing art. Some maintain—and especially the old school Physicians—that life lives in the blood, and therefore all diseases originate in it—but modern science avers that ailments have their origination in both the solids and fluids of the body. That the latter preponderate, however, is a fixed fact, and medical skill has clearly demonstrated that at least two thirds of the ills that human flesh is heir to, have their source in an

Impure State of the Blood!

As, for instance, in the long catalogue, such as Scrofula, Tetter, "Barber's Itch," Pimples, Blotches, Erysipelas, Ulcers, Salt-Rheum, Discharges from the Ear, Fever sores, or irruptive Diseases of any kind.

These are ascertained by well known medical laws to arise from bad blood—while the highest medical authorities declare that most fevers originate in the same manner, and more particularly Typhoid and Scarlet—the former being an internal, and the latter an external irruptive disease; and in all persons attacked by these maladies the blood is found to be coagulated, or of a dark unhealthy color.

To ward off a large majority of diseases, as well as to cure a number which have already seized upon the system,

IT IS NECESSARY TO

PURIFY THE BLOOD.

LINDSEY'S IMPROVED BLOOD SEARCHER DOES NOT CLAIM TO BE A

Universal Panacea for every disease known, but the proprietors claim for it the power not only of

Draining out All Impurities of the Blood,

but by the skilful combination of well known

VEGETABLE REMEDIES

It will cure all diseases arising from a deranged state of the Liver—drive out Dyspepsia, and give renewed tone and vigor to the Stomach.

That the Blood Searcher is all that is claimed for it, the Proprietors can produce

THE PROOF:

It is only a few years since it was discovered, and yet it has grown into such a business that a large Laboratory has been built expressly for its manufacture—a large number of men employed in putting it up, and still

The Supply does not Equal the Demand!

We ask any candid man could this be so, if the Medicine did not possess ALL the virtues claimed for it?

The Proprietors have hundreds of certificates from men of probity and standing in the community, showing what the medicine is doing daily for the suffering.

ASK ANY PERSON

Who has ever used the Blood Searcher

Whether Relief was Experienced.

Let the afflicted give it a trial—a single bottle will convince the most skeptical of its efficacy.

DR. J. M. LINDSEY: Dear Sir—I take pleasure in acknowledging the great benefit your Improved Blood Searcher has been to my son. He has been afflicted with what physicians called a scrofulous disease of the absorbing glands of the stomach. He has been afflicted with this disease from infancy. He is now fifteen years of age; during all this time he has had several severe attacks, and all the food taken into the stomach imparted little strength to the system. I had several eminent physicians attending him, but I found very little advantage, as the disease still returned with all its awful consequences.

In April 1857, he had a violent attack, so much so, that all who saw him supposed he was in the last stage of Consumption. I was advised to try your Blood Searcher; I accordingly procured one bottle of it, and by the time he had used it he appeared restored to perfect health.

It is now one year since he used your invaluable Blood Searcher, and I am perfectly satisfied it has saved him from an untimely grave. I now unhesitatingly recommend it to all who may be similarly afflicted, and deem it no more than justice to bear this public testimony to its virtues.

Respectfully yours, &c.

GREAT DISCOVERY OF THE AGE,

Important to

TOBACCO CHEWERS.

DR. GUSTAV LINNARD'S

TASTE RESTORATIVE TROCHES.

The Great substitute for Tobacco.

It is well known and incontrovertible fact that the use of Tobacco is the promoting cause of many of the most severe MENTAL AND PHYSICAL DISORDERS to which the race of man is subject, as careful analysis and long and painful experience have clearly proven that it contains certain narcotic and poisonous properties most dangerous in their effect, which by entering into the blood deranges the functions and operations of the heart, causing many to suppose that organ to be seriously diseased.

TOBACCO affects also the entire nervous system, manifesting itself—as all who have used the noxious weed will bear testimony—in Lassitude, Nervous Irritability, Water Brash, Dyspepsia, & many other disorders of a similar character.

THE TASTE RESTORATIVE TROCHES are designed to counteract these baneful influences, and have proved completely successful in a multitude of cases, and wherever used. Being harmless in themselves they exert a beneficial effect upon the entire system, restoring the Taste which has become vitiated or destroyed by great indulgence, completely removing the irritation and accompanying tickling sensation of the Throat which are always consequent upon the abstaining from the use of Tobacco, and by giving a healthy tone to the stomach invigorate the whole system

Persons who are irretrievably undermining their constitutions and shortening their lives, should use these Troches immediately and throw off the injurious and unpleasant habit of Tobacco chewing.

These Troches or Lozenges are put up in a convenient and portable form at the low price of 50 cents per box. A liberal discount to the trade.

Prepared solely by the undersigned to whom all orders should be addressed.

A CARD

From Dr. James M. Jarrett, of

THE NEW YORK LUNG INFIRMARY.

My connection for the past eight years with the above Institution, as Chief Physician, and a twelve year's course of steady devotion to the

CURE OF

Pulmonary Consumption,

and its kindred diseases, together with my unrivalled opportunities and advantages of pathological research—aided not a little by a perfect system of

MEDICAL INHALATION,

has enabled me to arrive at a decisive, direct and successful course of treatment for the positive and radical cure of all diseases of the

THROAT, LUNGS AND AIR-PASSAGES.

By inhalation the curative properties of medicines are directly addressed to the diseased organ and the integument, I do not advise the use of Medical Inhalation of any kind, to the exclusion of GENERAL TREATMENT; and although I consider it a useful adjuvant in the proper management of those fearful and often fatal diseases, yet I deem it very necessary that each patient should have the benefit of both GENERAL and local treatment. The success of my treatment in the above diseases, and the high character of the Institution over which I have so long had the honor to preside, are too well known to need any eulogy or comment from me. At the solicitation of many private and professional friends, through whose philanthropic aid the above charity has been long and liberally supported, and after due consideration, I have concluded to make such arrangements as will bring the benefits of my experience and treatment within the reach of all, and not confine myself as heretofore, to those only who entered the Infirmary, or who were able to visit me at my office. Hoping, therefore, that the arrangement will give entire satisfaction, both to my professional brethren and the public, I would respectfully announce in conclusion, that *I can now be consulted personally or by letter,* on all diseases as above, and that the medicines, the same as used in the Institution, are prepared to suit each individual case,

Inhaling Vapors, Medical INHALERS,

&c. &c., will be forwarded by express to any part of the United States or the Canadas.

TERMS:

My terms of treatment by letter are as follows viz:—$12 per month for each patient, which will include medicine sufficient for one month's use; also inhaling vapor, and an Inhaling Apparatus. Payment as follows: $6 to be paid to Express Agent on the receipt of the box of Medicine, and the balance $6 at the expiration of the month, if the patient be cured or is entirely satisfied with the treatment. Patients, by giving a full history of their case, and their symptoms in full, can be treated as well by letter as by personal examination. Patients availing themselves of Dr. Jarrett's treatment may rely on immediate and permanent relief, as he seldom has to treat a case over thirty days. Letters for advice promptly answered. For further particulars address

JAMES M. JARRETT, M. D.

No. 820 Broadway, cor. Twelfth St., N. Y.

P. S.—Physicians and others visiting the city are respectfully invited to call at the Infirmary, where many interesting cases can be witnessed, and where our *Improved Apparatus* for the inhalation of medicated vapor can be seen and inspected.
