The Clearfield Republican.

MONDAY OCT., 14, 1861.

ARTICLE 1.—Congress shall make no law respecting an establishment of religion or prohibiting the free exercise thereof; **OR ABRIDGING THE FREEDOM OF SPEECH, OR OF THE PRESS**; or the right of the people peaceably to assemble and to petition the Government for a redress of grievances.—*Constitution of United States.*

ARTICLE 9—SECTION 7.—That the printing press shall be free to every person who undertakes to examine the proceedings of the legislature or any branch of government; and no law shall ever be made to restrain the right thereof. The free communication of thoughts and opinions is one of the invaluable rights of man; and every citizen may freely speak, write and print on any subject; being responsible for the abuse of that liberty. In prosecutions for the publication of papers investigating the official conduct of officers or men in public capacity, or where the matter published is proper for public information, the truth thereof may be given in evidence; and in all indictments for libels, the jury shall have the right to determine the law and the facts, under the direction of the court, as in other cases.—*Constitution of Pennsylvania.*

THE LATEST NEWS.

By the last advices from Washington, we hear that an advance by our forces into Virginia having reached as far as Lewinsville.

The Confederates have taken another small fort in Missouri, containing three pieces of artillery and 400 prisoners, mostly Home Guards.

Affairs in Kentucky wear a threatening aspect.

An engagement took place at Hatteras Inlet, between an Indiana regiment and a large force of Confederates with a loss of 20 killed and wounded rebels and a trifling loss on our side and 50 taken prisoners.

Smash up.—A collision occurred at the Fair ground the other day, between a sulky and buggy, the former driven by T. J. Cullough, Esq., to which was attached a very spirited horse, which, after spilling out his master made tracks for town, completely demolishing the vehicle and injuring himself slightly.

As the horse, with the wreck of the sulky attached passed the residence of Judge Barrett, his little son was playing on the pavement with his "hobby horse." seeing his danger, Mr. Etzweiler ran to his rescue, reaching him just in time to snatch him away, when the toy was taken up by the fragments and demolished.

☞The result in this Legislative district is still in doubt. Elk has done nobly for the Democratic nominees. Nothing is heard from McKean county, and very little from Jefferson. The probability is that the vote of the Volunteers will secure the election of the Republican candidates.

☞Let the Republican party, "wag as they will"

The Democrats will "be gay and happy still."

THE APPREHENDED "COTTON FAMINE" IN ENGLAND.—The European Times a generally reliable English paper published in Liverpool, gives some interesting facts in its issue of the 21st ult., of the cotton want in Lancashire. We quote.

"The sales of cotton at Liverpool, during the week, had been 143,200 bales, or one-sixth of the entire stock on hand, at prices higher than had been current for the past twenty-five years, and the impression prevailed that, if the American war continued, cotton, which was purchasable a year ago at 13 cents, must advance to 26 cents a pound; for the stocks on hand are not equal to the requirements of the manufacturers at the close of the year. It is added, 'about two thousand bales of American cotton has been shipped this week to New York and Boston." There need not, therefore, be any surprise at the alarm that has been created, and at the fears now entertained as to our supply of cotton for the immediate future; inasmuch as the stock of cotton in Liverpool to day is only 487,230 American bales, and of all kinds a total of 818,200 bales, against 759,680 American, and a total of 953,270 bales at the same time last year.

After this period last year 300,000 American and 420,000 bales of all kinds were received, and, notwithstanding all this large supply from numerous exporters a demand of 680,000 American and of all kinds of 820,000 reduced the stock on the 31st December, 1860, to 380,000 American and of all kinds to 545,000 bales. There is now no American cotton at sea for this country, and only 180,000 bales Surat; so that, adding these to present stocks, and supposing our own spinners to take one third less from now till the close of the year, and exporters 150,000 bales more than last year, there would be almost an entire exhaustion of the stocks here on the 31st of December next. It will, therefore, be at once apparent how essential to the prosperity of the manufacturers of this country is an early settlement of this unfortunate civil war now raging in America.

DIED.—On Tuesday the 2d inst., James Reed aged 82 years.

Mr. Reed was among the first settlers of this county.

RULES AND REGULATIONS.

Premiums and diplomas will be paid on and after the first Wednesday of November and until the 1st day of January, 1861, after which all money premiums unclaimed will be considered as a donation to the Society. The officers of the Society and members of the Committee of arrangements will wear a badge designating their office, and it will be their duty as well as pleasure to attend to the expressed wishes and wants of exhibitors and others, if it is in their power so to do. A select police force will be in constant attendance for the preservation of order and protection of property.

The trotting course is level, well graded, and one-third of a mile in circuit. Ample arrangements will be made for the convenience of spectators.

Children under ten years of age not admitted unless accompanied by their parents or guardians.

Every person wishing to be enrolled as a member of this Society must apply on or before the first day of the fair, and on the payment of one dollar to the Treasurer shall receive a certificate of membership containing the name of the applicant and endorsed by the Secretary.

Every person becoming a member as above shall on the presentation of his certificate, receive a ticket which will admit him free during the fair. Any person complying with the above regulations and paying $10, shall become a life member and shall be exempt from all contributions and shall annually receive from the Secretary a free family ticket.

All persons must be provided with tickets, which can be had from the Executive Committee, Treasurer or Secretary or at the door. Persons acting as Judges are expected to become members of the Society. Persons from other counties can become members by complying with the above rules. Ladies can become members by making application as above and paying into the Treasury fifty cents when they will receive a ticket to admit them free.

Exhibition of ladys' and gentlemens' horsemanship will take place on Tuesday and Wednesday evening at 3 o'clock, fast riding will not be allowed; those violating this rule will be excluded from competition. Plowing match will take place on Wednesday at 10 o'clock A.M.—The address will be delivered at 2 o'clock on Friday the 18th of October, and immediately after the address the reports of the Judges will be read and the premiums awarded.

Exhibitors must become members of the Society and have their animals and articles entered on the Secretary's books on or before the 15th day of October; and all animals and articles, except horses, must be brought within the enclosure as early as Wednesday, at 10 o'clock, A.M., and all persons entering animals and articles for exhibition will procure cards from the Secretary with the class and number of entry of said articles, previous to placing said articles on the ground. Hay and straw will be furnished gratis for all animals entered for premiums, and grain will be furnished at cost for those who desire to purchase.

No horse shall be entered or allowed a premium unless he is free from disease. Horses will be received until Wednesday noon, but must be entered previously. All persons who intend to exhibit horses, cattle, sheep or swine, or who intend to offer stock or any other article for sale, should notify the Secretary of such intention on or before the 10th of October, and have with him a list and full description of the same.

Persons intending to exhibit blooded stock must produce authentic pedigrees, and are earnestly requested to furnish the Secretary, by the 10th of October, with a list of their stock, and the pedigrees of each, this will facilitate the preparations of entries and in case of deficient pedigrees, will afford the owner time to correct the same.

Instructions to Judges.—No animal to receive an award in more than one class.

Judges are expressly required not to award premiums to over-fed animals. No premiums are to be awarded to bulls, cows or heifers, which shall appear to have been fattened, *only* in the class of fat cattle, the object of the Society being to have superior animals of this description for breeding.

Fat Cattle.—The judges on fat cattle will give particular attention to the animals submitted for examination. It is believed all other things being equal those are the best cattle that have the greatest weight over the smallest superficies. The judges will require all in this class to be weighed, and will take measures to give the superficies of each, and publish the result with their reports. They will also, before awarding any premiums, require of the competitors full statements as to the manner and cost of feeding as required by the regulations of the premium list.

When there is but one exhibitor, although he may show several animals in one class only one premium will be awarded, that to the first, or otherwise as the merits of the animal may be judged.

The superintendent will take every precaution in his power, for the safety of stock and articles on exhibition after their arrival, and arrangement on the grounds, but will not be responsible for any loss or damage that may occur. The Society desires exhibitors to give personal attention to their animals and articles and at the close of the fair to attend to their removal as the Society cannot take further care of them.

Rules of Plowing.—The name of the plowman must be given as well as the kind of plow to be used, at the time of entry.

The quantity of ground to be plowed by each team to be ¼ acre.

The time allowed to do the work will be three hours. The furrow slice in all cases to be lapped. The teams to start at the same time and each plowman to do his work without a driver or other assistance.

The premiums offered by the Society will be awarded to the individuals, who, in the judgment of the committee, shall do their work in the best manner, provided the work is done in the time allowed for its performance.

Each plowman to strike his own land, and plow entirely independent of the adjoining land. Within the one-fourth of an acre plowed, each plowman will be required to strike two back furrowed lands, and finish with the dead furrow in the middle.

Any information desired in regard to matters of the Society can be gained by addressing the Executive Committee or the Secretary, who will be pleased to give any information in their power at any time.

Any article not enumerated in the above classes, and placed upon exhibition, if worthy of notice, will be suitably rewarded.

The Executive Committee reserve a discretionary power to award Diplomas in any case for 2d best articles, or for articles not entitled to premiums by the rules.

Three Judges for each class will be appointed and announced before or on the first day of the fair.

All articles may be entered free of charge, excepting horses for pleasure, and for the trotting premiums.
