JOHN LIPPINCOTT & BARR,
MANUFACTURERS OF PHŒNIX FIRE PROOF SAFES, Second Street, between Wood and Smithfield—On Saturday afternoon, July 23, 1853, the subscribers were called upon by Messrs. Hippenstel & Barr, to witness an honest and fair test of one of their Phœnix Safes. The furnace being prepared, the Safe was placed inside thereof with books, papers and some money; when the door of the Safe was closed and the fire kindled at a quarter past 9 o'clock, and in a short time the Safe was red hot, and continued till half past 6 o'clock, being about four and a half hours, when the combustibles were exhausted and the furnace cooled off; the iron was cool enough with such heat was sufficient. The furnace was then pulled down; Safe cooled, and door opened—the books, papers and money safe. The heat was so great as to cut off the brass mountings. We therefore take pleasure in recommending these Safes to the public, as being, in our judgment, entirely fire proof.
