Important Information!

Loudon's Indian Expectorant!

A REMEDY is offered to the community with confidence that it will do all in an article which can fairly claim to realize the happiest effects that can be desired. So wide is the field of its usefulness, and so numerous the cases of its cures, that almost every section of the country abounds with persons publicly known, who have been recently its use. Here is one case of an

ASTONISHING CURE!

THIS WAS CERTIFY, That my son lay sick for twelve months, under the Doctor's care, with the disease of the Lungs, and every remedy prescribed by the Doctor failed to give relief. I gave up all hopes of his recovery; so did the physician. At this stage I prevailed upon him to try a bottle of LOUDON & CO'S. INDIAN EXPECTORANT, and the result was most happy, as the use of three bottles effected a permanent cure, and he is now a hearty boy. JAMES LAYTON.

Derry Township, Indiana Co., Pa.

No Family should be without it; and those who have used it, never will. I keep all of LOUDEN'S STANDARD FAMILY MEDICINES for sale. Call and see the list.

ELIXIR PROPYLAMINE,

The New Remedy for

RHEUMATISM.

During the past year we have introduced to the notice of the medical profession of this country the *Pure Crystalized Chloride of Propylamine* as a

REMEDY FOR RHEUMATISM;

and having received from many sources, both from physicians of the highest standing and from patients, the

Most flattering Testimonials of its real value

in the treatment of this painful and obstinate disease, we are induced to present it to the public in a form READY FOR IMMEDIATE USE, which we hope will commend itself to those who are suffering with this afflicting complaint, and to the medical practitioner who may feel disposed to test the powers of this valuable remedy.

ELIXIR PROPYLAMINE, in the form above spoken of, has recently been extensively experimented with in the

PENNSYLVANIA HOSPITAL,

and with MARKED SUCCESS (as will appear from the published accounts in the medical Journals.)

It is carefully put up ready for immediate use, with full directions, and can be obtained from all the druggists at 75 cents per bottle, and at wholesale of BULLOCK & CRENSHAW,

VULCANITE BASE FOR

Artificial Teeth!

ATTENTION is especially called to this article as a substitute for Gold in insertin Artificial Teeth.

Many persons who have tried all kinds of Metallic Bases PREFER this. And those cases where it is aplicable it will undoubtedly become a substitute for Gold, Silver or Platina.

Its chief advantages are cheapness, lightness and perfect adaptability to the mouth, it having a soft and fleshy feel to the parts with which it comes in contact.

A. M. HILLS is prepared to put up teeth on the Vulcanite Base with Goodyear's Patent Gum, which is the only reliable preparation and which can only be had through their regular agencies.

Dr. Hills will always be in his office on Fridays and Saturdays, unless notice to the contrary appears in the public papers on the previous week.

SEWING MACHINES.

WILCOX & GIBBS

Price with Hemmer and Feller

$35 00.

THIS MACHINE HAS A POINT OF SUPERIORITY PECULIARLY ITS OWN.

Stitching, Hemming, and Felling with a Single Thread.

It forms a flat, even, and elastic seam, which is WARRANTED not to rip in wear, even if the seam is cut at frequent intervals, and also under all circumstances "TO SURVIVE THE WASH-TUB."

A Patented device of great utility to learners, prevents the possibility of the machine being run in the wrong direction, or the balance wheel wearing a lady's dress.

Another feature which deserve particular attention is

THE WILCOX PATENT NEEDLE CANNOT BE SET WRONG.

Two thousand stitches, or two yards of work, can be done in one minute without dropping a stitch.

These machines, so simple and accurate in their construction, supersede the use of the shuttle; and with one thread produce all the practical results of the two thread machines; and more, for these fell without basting, and hem the finest muslin without puckering.

Although at about half the price of the other first class machines, they will accomplish double the sewing in a given time

"It is emphatically the good, low-priced Family Sweing Machine that the public have long been waiting for."—Boston Transcript.

"It is indeed a wonderful production, and for family use especially, no other will bear any comparison with it."—Philadelphia Evening Journal.

"A mechanical wonder —Scientific American.

"Among the best and most serviceable Sewing Machines. Light and elegantly finished, and so simple in its construction that it seems almost impossible for it to get out of repair."—Pittsburg Chronicle.

"Has combined with its own peculiar merits all the really valuable improvements of the higher priced machines."—Pennsylvanian.

"This machine, in the opinion of the committee, fills more nearly the requirements of a perfect family machine than any on exhibition."—Franklin Institute Exhibition Report of 1858.

"Taking into consideration simplicity, cheapness, durability, and doing all work, the committee were unanimously in favor of the Wilcox & Gibbs as a single thread machine."—Pennsylvania State Agricultural Society's Report.

"We must, in justice, express our confidence in the merits of the Wilcox & Gibbs Sewing Machine. We consider that a great desideratum has been supplied by it, in proving, beyond doubt, that two threads are not, as was supposed necessary to a good instrument."—Christian Advocate and Journal, June 21, 1860.

"We have one of these machines in use, and think more highly of it than of any of the number we have tried."—Richmond Whig.

The undersigned, Missionary to Constantinople, has examined more than twenty differ six kinds of Sewing Machines, and after sometent, weeks experience with Wilcox & Gibbs' Padanphe has purchased one of them, as the best alcast ted to the wants of his family, and as the ent liable to require repair. OLIVER CRANE.

Boston, July 3, 1860.

The undersigned, during eighteen months has had in almost constant use, in his family Wilcox & Gibbs Sewing Machine, upon which has been made the clothes of his large family, from muslin to pilot cloth—including the clothing required for his several boys; and in no case have the seams failed, although in hard service. The machine now in use in his family has required no repair, and is in all respects, well appointed, efficient and durable.
