JOSEPH LIPPINCOTT. WM. S. GARR.

LIPPINCOTT & BARR,
(LATE J. L. GUMBES & CO.,)
MANUFACTURERS OF PHŒNIX FIRE PROOF SAFES, Second Street, between Wood and Smithfield—On Tuesday afternoon, July 26, 1853, the undersigned were called upon by Messrs. Lippencott & Barr, to witness an honest and fair test of one of their Phœnix Safes. The furnace being prepared, the Safe was placed inside thereof with books, papers and some money. When the door of the Safe was closed and the fire kindled it was kept at a clear red heat for about an hour thus the Safe was red hot, and continued in the fire 5 o'clock, being about four and a half hours, when the contents were taken out, and we found that the books, papers, with such heat was sufficient. The furnace was then pulled down, Safe cooled, and door opened—the books, papers and money saw no fire, but were as perfect as when first shut in. The undersigned, in consequence of the above satisfactory test, can recommend these Safes to the public, as being in our judgment, entirely fire proof. WM. A. BARR,

The Ships of this Line are fitted with Emerson's Patent Ventilators, and carry Francis' Metallic Life-boats.

The Baltimore Clipper Ship SARA LUCA,
900 TONS BURTHEN,

Having made two successful voyages from China, each in less than ninety days, has now in port, and has thoroughly established her reputation for fast sailing, and will be dispatched for the above Port of Melbourne, AUSTRALIA,

About the 25th of August. The Ships of the Pioneer Line have made remarkably quick and healthy voyages; losing only one passenger among 900 that sailed in the five first ships, whereas it appears from the report of the Emigration Commissioners that the mortality on board English ships to Australia has equalled 5 per cent. This very gratifying result shows that no care and expense have been spared in selecting, ventilating, and provisioning the ships of the Pioneer Line.

The LUCA will only carry a limited number of passengers, at as moderate rates as are consistent with justice to passengers and owners.

In Rosewood, Walnut, Mahogany, Hallwood and Maple: all of superior construction, and finished in the best style, equal to, if not excelling in quality, the goods of any Establishment in the United States.

EMPLOYING none but experienced workmen, (apprentices being positively excluded,) and using the best materials, the work cannot fail to give satisfaction to purchasers. Amongst the many advantages offered to purchasers, is the facility of furnishing a House, either in elegant or plain style, completely, from one establishment; by which means all the articles in each room correspond in style and quality, and the immense stock always on hand, being so various in design, enables purchasers to please their taste in a selection, without the delay necessarily caused in ordering Furniture.

To give an idea of the finished Furniture on hand, I need only inform you that my Rooms are 175 feet long, by 27 feet wide, four floors in number; with Shops contiguous, sufficient to employ 200 hands, which is a guarantee that the work is all done under my own immediate inspection.

☞ The Packing is all done in the Store, and Furniture warranted to carry safely any distance. Visiters to Philadelphia are respectfully invited, as purchasers or otherwise, to call and examine the goods. [ap23y
