WEDNESDAY MORNING.....APRIL 26.

AN INTERESTING PROBLEM.—Who can work out its true solution?

Should the war continue in Europe for one year, how much flour, wheat, corn, pork, beef, cheese, rice, and other edibles, can the United States furnish?

For what new articles of export will the war cause a demand, and to what extent?

What increased demand for other than the above articles will be caused?

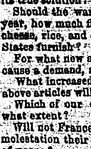
Which of our exports will diminish, and to what extent?

Will not France and England continue without molestation their own carrying trade, as in time of peace?

Will not all the ports of Russia be kept effectually closed against the world?—*Washington Sentinel.*

EXPLAINED.—The New Haven *Register* says this unseasonable weather can only be accounted for on the supposition that the persons in search of Sir John Franklin have gone through the north-west passage, and neglected to shut the door after them!

DE GUINONS'S Improved Non-Explosive Camphene Lamps.



HAVING PURCHASED THE right for the above LAMP in the counties of ALLEGHENY, BEAVER, WASHINGTON, FAYETTE, and GREENE, we are prepared to furnish Lamps, or sell Rights for a reasonable price. These Lamps are so constructed as to render explosion impossible, and the public may rest satisfied that they may be used with entire safety. They also give more brilliant light, and the material used being cheaper than the "Long Burner" oils of any kind, they must come into general use. We also have LANTERNS and CANS on the non-explosive principle.

RECOMMENDATIONS:

This certifies that we have seen, examined and tried, De Guinon's Improved Non-Exploding Camphene Lamp, patented January 6th, 1852, and are fully satisfied that it is a very valuable improvement, and will be found fat profitable to any other Lamp in use. We believe for safety it is perfectly reliable, and therefore deem it richly deserving the patronage of all such as have occasion to use Lamps of any kind.

150 Cheap Lots For Sale,

IN ROCHESTER, BEAVER CO., Pa., at less than half price. Fifty of these Lots will be sold at $50 each, and 100 lots at $100 each, for the benefit of mechanics and others, who cannot spare a second $50, or a second $1 00 though deserving a good building lot, since, just as much as a man worth hundreds or thousands. Those who have no money may have lots for their labor, at liberal prices—paying $5 or $10 a month, in labor, and receiving a security deed the moment the lot is thus paid for. The title to these grounds is perfect, for which reference is made to Thomas Cunningham, Esq., of Beaver, and N. P. Fetterman, Esq., of Pittsburgh.

A very great amount of labor will be required in this neighborhood, not only by the subscriber and those whom he represents, but by the Beaver Manufacturing Company, by the Ohio and Pennsylvania Railroad Company, by the Cleveland and Pittsburgh Railroad Company, and by the Beaver County Reunion Iron Company, who expect to erect a furnace in and about the Beaver villages the present season. With regard to this process of making rich reference is respectfully made to Messrs. Stramer & Bell, Jas. Moorhead, J. W. Hallman, Lyon, Shorb & Co., W. Dewees Wood, J. R. Hendrickson, Wm. Whigham, and James H. Orans, Pittsburgh.

Contracts for grading, excavating, quarrying, mining, stone work, brick work, carpenter work, and other mechanical labor, may now be entered into by those who apply.

The above mentioned lots are 40 feet front by 125 feet deep, each containing 5000 square feet, just similar in quality to common sized city lots, of 25 by 100. The price, it will be seen, is only one cent a foot, or a dollar for 10 feet square. *Here is more new Area land of his own to sell down on few 6 cents, or its down on for 10 cents, the price of a drink, a cigar, a shave, or the finishing of his boots.* Who will not own *real estate*, at such prices!

The property now offered is worth double the price charged for it, and will be acknowledged and reputed, by all, the moment it passes into other hands.

Many building lots are already bespoken, which will be built on and occupied the present season. Selections can be made at these prices, from the 5th to the 15th inst only; after which, a public sale upon the premises will be announced, and lots will bring from $100 to $500.

Those who pay cash will deposit it with George Sperrer, Esq., of Rochester, or with Messrs. Bakewell & Richards, of Pittsburgh. The deeds will be made out, acknowledged, and delivered in the same hands, to be delivered on lifting the money.

Maps of the Borough of Rochester will be found at various public places, and smaller plates of the lots will be freely given to all who apply.

The above proposition will be open to the 15th inst. only.
