A NEW FOUNTAIN OF LIFE HAS OPENED.

AND its healing streams now gushing forth. A brilliant star has arisen in the East, and now cheering thousands with RENEWED HEALTH, LONG LIFE, AND HAPPINES. That Star is

DR. REICHTER'S VEGETABLE PURGATIVE PILLS.

These pills, let all understand, cure disease by a power peculiar only to itself, which instantly checks the action and progress of disease, for their commencement is much alike (which is when the

BLOOD AND JUICES

are so far depraved, as to produce obstructions and sores) that one medicine, provided it be competent to produce sickness, will be all that is necessary for removing disease, and restoring

HEALTH AND HAPPINESS

to mankind. Let it likewise be remembered, that there is no medicine now in existence possessing equal healing powers; and that no vegetable, or any other kind of physic can so soon restore health, when lost, even in cases the most inveterate.

The action of these pills upon the bowels, are mild, producing no griping pains or debility, but on the contrary, after they have operated, you feel that a load of irritating and corrupt humors have been taken from you, and the buoyant feelings of health spring up in their place; and what is another great object in these pills, they are always safe, they may be taken on all occasions, and under any circumstances, without regard to the name of the disease, for they operate upon every part of the body, and expel disease from whatever part it may be seated. Every person who possesses a box of these pills

NEEDS NO PHYSICIAN,

for in them he can find a cure, and confidently rely upon a speedy restoration to health.

In Germany, the land of their origin, millions of persons have experienced their beneficial effects, and the thousands who have used them here, speak of them in the highest of terms, on account of their *curative properties.*

The joyful news of health and comfort, spreads from those who have happily used

DR. REICHTER'S VEGETABLE PURGATIVE PILLS,

and they now prevail by their own excellence, and the Power of Truth.

And why, we may reasonably inquire, have they become so endeared to the hearts of those who have used them, and by them gained such a popularity? Simply because their action upon the

HUMAN BODY,

was as the sun and rain upon vegetation, giving new life to all who partook of its happy influence. As the health of the plant depends upon the sap which circulates through its branches, so the life and health of mankind depends upon the blood which flows through his veins. And when this vital fluid, which is most necessary to the growth and support of the body, by some unknown cause becomes loaded with morbid and

CORRUPT HUMORS,

so that instead of nourishing and strengthening the body, it labors to produce obstructions in the system, which engenders disease, have recourse to a medicine that is perfectly safe in every disease, and that will produce a favorable termination, if given early in the complaint, frequently in a few hours and most always in a few days, that medicine is

Dr. Reichter's Vegetable Pills,

which so throughly cleanses the blood and system at large, that disease of any kind cannot, possibly exist, where

We find their Presence,

provided nature is not beyond all human assistance.

The price of these pills is 25 cents per box, with full directions, and can be had at the

Philadelphia Medical Hall,

established for the suppression

Of Quackery,

at the northeast corner of SIXTH and RACE streets—likewise of sub-agents.

GREENFIELD, Pa., Oct. 10, 1842.

Dear Sir: you doubtless remember my calling at your establishment about two weeks since, and obtaining from you one dollar's worth of DR. RIECHTER'S VEGETABLE PURGATIVE PILLS, for one of my neighbors who requested me to procure the article for them. This being done and my own business transacted, I started for home. After travelling all day, I was taken with a sudden chill, which left me with a violent fever, head-ache, and considerable pain throughout my whole system, with great sickness at my stomach, which so completely disenabled me that I was compelled to stop at a small Inn on the road for relief and rest. Upon inquiry, they had nothing that could possibly afford me relief. While yet in misery, for I never was so ill in all my life, I happily thought of your pills, and resolved to open one box upon my own account and seek relief in them. I took six of them drank a warm cup of tea, and retired to bed. My pain here ceased in a measure, and I soon fell sound asleep. In the morning I awoke much better, and after the pills had operated I was quite a different person; took another dose of four pills, remained there all Wednesday, and on Thursday started for home as well as ever, and I still enjoy good health—the persons for whom I bought them, informs me that they have experienced more benefit from your pills than a whole cart-load of the quacks which they had formerly used. Surely, if they used them with as good an effect upon themselves as I have, they have good reason for extoling their virtues; and if you take my advice, you will persevere, go on and recommend them to all who are laboring under disease, and my word for it, they will become so popular as a general remedy that you will find it difficult in supplying the demand.

THE ANTHRACITE FURNACE,

LOCATED in the Borough of Pottsville Schuylkill county, Pa., is not excelled by any other in facilities for obtaining variety of ores, Limestone, and Coal, being accessible by Canal and Rail Roads to within a few yards of the stack. The Furnace and machinery is in such a state of preparation, that a small amount of outlay, would be sufficient to put it in blast in a few weeks.

The authenticated accounts of the great improvements and extraordinary qualities of the Iron produced by Anthracite Coal in Wales, holds out strong guarantees for safe and profitable investment.

The proprietor not having the requisite amount of capital to keep it in blast, is desirous of having some person to join him, who would take a 3 4 or 2-3 interest—or he will lease or sell the whole property on such terms as will be found advantageous.

Nassua Principle of Water-Proving Cloth.

BY this method the pores of the Cloth are left open as before, by which the insensible perspiration can freely escape; and at the same time it is rendered *Water-proof* for all practical purposes. The process is both *simple and cheap.* It is adapted to every trade and occupation, in which Cloth of any description is or can be used. Cloth having passed through this process is forever after safe from *Mildew* and *Vermin.* Sail and Awning makers, Clothiers, Hatters, Boot and Shoe makers, Umbrella makers, Cloth manufacturers, and all others whose interest it is, are respectfully invited to this subject.

Rights for Sale for any part of the United States by the Proprietor, at his residence, No. 130 Nassua Street, New York, either for *Cash* or in exchange for property, real or personal.

Also, for Sale, an easy, cheap and simple process rendering *Calico Prints Fast;* the trade is invited to it. Also, for sale, "Cream of Earth," a sure and safe remedy for Mould on Leather and Furs, of all descriptions. Trunk and Harness makers, Boot and Shoe Dealers, &c. will do well to consider of it. These remedies are all very *simple and cheap.* One Thousand yards of Cloth may be rendered Water-proof at an expense of *One Dollar.* Water-proof Flannel worn next to the skin is a sure preventive and *Cure* for the Rheumatism. The following is an extract of a Report on the subject, from a Committee of the Common Council:

"The Committee on Arts, Sciences, and Schools, to whom was referred the Petition of F. H. Pettis, asking for a consideration for an invention which the Petitioner claims as his, rendering Cloth of every description Water-proof, beg leave to

Report: that they examined several pieces of Cloth which they tested, and found the same impervious to water, except from a pressure beyond that of ordinary rain, and believe that persons clad with garments made from Cloth thus prepared, would be secure from usual exposures in rainy weather. The advantages of this, above that of India Rubber will be perceived, when it is known that the pores of the Cloth are not closed, allowing the free escape of the insensible perspiration, which is important to health. The Committe are assured by the Petitioner, that the beauty or lustre of the Cloth is not tarnished, that its quality is not injured, that it is not less suple; but on the contrary, the beauty, duality and supleness are preserved, and for many purposes rendered more lasting. The cheapness of the application brings the advantages of the improvement within the reach of all; and the committe have no doubt many will be disposed from this cause to try its advantages; and such test will do more to establish its reputation than any recommendation from this Committee.

The committee feeling disposed to treat the Petition with all fairness, and as far as they investigated the improvement, finding it to meet their expectations, they cheerfully recommend such a trial of its merits by the public, as will more fully test its utility."

☞ *Goods for Cash, at Auction Prices!* ☜

THE Subscribers have determined to conduct their business upon the CASH System, and sell their Goods as low if not a LOWER GRADE OF PROFIT, than has heretofore been done in Philadelphia:—not one article reduced *very low,* in the expectation of *making it up* on other Goods; but their prices shall ALL BE CORRESPONDINGLY LOW. Their prices will be governed by the Auction Rates—selling at the same prices, nett Cash, as the Auctions do on time—something themselves with the Interest for the time as their Profit. This cannot but present a strong inducement for buyers, especially from the Country, to call on them in preference to purchasing at Auction, where persons do not get the time discount, unless their bills reach a certain amount; to which amount it is not always convenient for Country Buyers to purchase; and it will also avoid the disadvantage of large lots, and afford more time to select.

They design to avail themselves of every facility, in both the New York as well as the Philadelphia Auctions, in PROCURING THEIR GOODS AT THE LOWEST POSSIBLE RATES.

We now respectfully invite our friends and the public to the TEST OF EXPERIENCE in this matter, being the best way to convince them of the TRUTH of our promise.

NOTICE.

IN pursuance of a resolution of the Town Council of the Borough of Pottsville, notice is hereby given, that on Saturday, the 18th day of March, 1843, an ordinance of said Borough will be published, requiring the curbing, paving and grading of Centre Street, and Market street from Centre street to the upper culvert, Second street from Market to High streets, and Third street from Market to Callowhill streets.

Holders of property interested, would probably do well to provide the necessary materials at as early a day as possible, in order that the requisitions of the ordinance may be complied with in the early part of the present spring. The difficulty of fixing a grade for the above named streets, during the winter season, has caused the postponement of the publication of the above named Ordinance, until the time above named.

F. W. HUGHES,
Town Clerk.

COAL MINE—TO RENT,

THE Black mine Red Ash Coal Vein, at Westwood, about 6 miles from Schuylkill Haven, and about 2½ miles West of Pottsville.
