SHIP LINES APPEAL TO HALT DRY RULE

Counsel Likely Will Ask Supreme Court to Stop Enforcement Pending Suit

DRY CRAFT LOSS TO OWNERS

By Associated Press

New York, Oct. 24.—Counsel for foreign and American steamship companies, whose suit to enjoin the carrying into effect of the Daugherty liquor ruling was denied by Federal Judge Hand yesterday, probably will appeal to a United States Supreme Court Justice for a supersedeas stay, holding up enforcement until the Supreme Court acts on the appeal from Judge Hand's decision, it was announced today by Everett Masten, of counsel for the White Star Line and five other foreign lines.

Chicago, Oct. 24.—Agreeing with Chairman Lasker, of the United States Shipping Board, that dry American ships will mean a substantial loss, Oliver MacEwan, grand chief templar of Illinois, gave his own explanation of the loss in his address before the Grand Lodge of Illinois, International Order of Good Templars, at the opening of its sixty-ninth annual session here today.

"Mr. Lasker, head of the United States Shipping Board, tells us that dry American ships will mean a big loss," said Mr. MacEwan. "I agree with him, and so do all the heads of all the shipping companies.

"The proprietors of a drinking ship make two profits. They first make a huge profit on the intoxicating drinks that are sold to passengers, and second, they make a huge profit on the food that the drinking passengers do not eat.

"It is a well-known fact that one of the first effects of drinking even to a small extent is loss of appetite, and the more whisky or brandy that is drunk the less food there is eaten. So we understand the anxiety of Mr. Lasker to have the bars open on American ships. His job depends upon his making the ships pay. If he does not, some one else may get his job."

SON OF LONGFELLOW CUTS OFF KIN IN WILL

"Socialist Opinions" Cause of Nephews Losing $50,000 Each

New York, Oct. 24.—The appraisal filed yesterday in the estate of Ernest Wadsworth Longfellow, artist and son of the poet, shows that he left an estate of $500,001 and that when he made a codicil cutting off his nephews, Prof. Henry Wadsworth Longfellow Dana and Allston Dana, from a quarter interest in the estate because of "Socialist and pacifist opinions," they lost $50,000 each.

Prof. Dana, who is mentioned in the will as Harry Dana, is a Harvard graduate and was expelled from the department of English at Columbia in 1917 for disseminating memoranda of disloyalty. He is now the Rand School later, and has been teaching with his brother at Cambridge. The codicil to the will, made October 7, 1915, said: "Owing to the Socialist and pacifist opinions of my nephews, Harry L. Dana and Allston Dana, I strike out their names from my will as legatees thereof."
