Wit and Humor.

THE LAST POET.

Putnam's Magazine, for August, has an article on the last Poet out, in which several specimens are given of the new style poetic. Among the rest, here is a portrait of the Ball-room Belle:

"Her hair was brown, or golden,
It changed as fell the light.
Her bodice scarce could hold in
Her bosom's heaving white;
Her eyes were gay and merry,
As a fountain in the shade,
And her voice was sweet and cheery,
As the thoughts that it conveyed."

This delicious creature goes on to dance, and having probably eaten too much chicken salad at supper, the exercise does not agree with her, for her appearance calls forth from the poet an inquiry as to the state of her health:

"Then she with timid glances,
From lips as sweet as thyme,
Replied—'Those eastern dances
Ill suit our western clime;
Could you—it might relieve me—
I rose upon the little—
A glass of water give me,
With a glass of BRANDY 25'?"

The *Reviewer* presumes this last poet has seen Bon Gaultier's parody on the Queen of May, which, after several very gentle and tender verses, concludes in this melancholy strain:

"Draw me a mug St Peter, Mother,
And, Mother! draw it mild!"

Inspired by the poet, the editor of *Putnam* perpetrates the following, which he entitles

THE ANGEL OF THE ASSEMBLY.

I met her at the Chinese Room,
She wore a wreath of roses,
She walked in beauty like the night,
Her breath was like sweet posies!
I led her through the festal Hall,
Her glance was soft and tender,
She whispered gently in my ear,
"Say! Mose—ain't dis a fender?"

☞ SOME YEARS ago when Tom Corwin and Tom Ewing were on a political pilgrimage to the Northern part of the State, they were invited to tarry over night with a distinguished local politician. The guests arrived rather late, and the lady of the mansion being absent, a young lady, a niece, undertook to preside on the occasion. She had never seen great men, and supposed they were elephantine altogether, and all talked in great language. "Mr. Ewing, will you take condiments in your tea, sir," inquired the young lady. "Yes, Miss, it you please," replied the quondam Salt Boiler. Corwin's eye twinkled. Here was fun for him. Gratified with the apparent success of her first trial, at talking with big men, the young lady addressed Mr. Corwin in the same manner, "Will you take condiments in your tea, sir." "Pepper and salt, but not mustard," was the prompt reply of the facetious Tom. Of course nature must out, and Ewing and the entertainer roared in spite of themselves. Corwin essayed to mend the matter and was voluble in anecdote and wit and compliment. But the wound was immedicable. The young lady, to this day, declares that Tom Corwin is a coarse, vulgar, disagreeable man.—*Toledo Blade.*

☞ GREAT MEN'S DANCING.—We read that Napoleon was a very awkward dancer. On one occasion he danced with a very beautiful countess, who could not conceal her blushes at his ridiculous postures. On leading her to her seat, he remarked: "The fact is, madam, my forte lies not so much in dancing myself as in making others dance."

This reminds us of an anecdote of Daniel Webster, who, being present at a ball in Washington during his incumbency as Secretary of State, was asked by an effeminate, foppish sort of a chap, who thought a good deal of his own dancing, "Don't you dance, Mr. Webster? I never see you dancing." "No," said Mr. Webster, as he coly could say and look such things, "I never had the capacity to learn how; sir."

☞ THE following Certificate outdoes the 'Panaceas, 'Syrups' and 'Magnetic' nostrums, which usually work such astonishing miracles in the way of cures on conceited and credulous people: Dear Doctor, I will be 175 years old next October. For 93 years I had been an invalid, unable to move except when stirred with a lever, but a year ago last Thursday, I heard of the Granicular Syrup. I bought a bottle, smelt of the cork, and found myself a new man. I can now run twelve and a half miles an hour, and throw nine double somersets without stopping.

P. S.—A little of your Abeunatoutum Salve applied to the wooden leg, reduced a compound fracture in minutes minutes, and is now covering the limb with a fresh cuticle of white gum pine bark.

☞ AN EXCHANGE tells a story of a miserable, drunkard who staggered into a Sunday school, and for a few minutes listened attentively to the questions propounded to the scholars, but being jealous to show his knowledge of "scripture," he stood up holding on to the front of the pew with both hands.

"Parson B——," said he, "ax me some o' them hard ques'shuns."

"Uncle Joseph," said the dominie with a solemn face and drawling tone, "I don't you know you are in the bonds of sin and the depths of iniquity?"

"Yes'ir, and the gall of bitterness too—Ax me 'nother ques'shun."

☞ HOW TO AVERT THE ATTACKS OF MOSQUITOES.—An old Pilot on the Ohio river says: "Never fill or drive off a 'skeeter; let him have his fill, expose your body so as to get bitten all over, after which no 'skeeter will bite you; for a 'skeeter was never known to place his sucker in the same place that one has been in before him, even if it were fifty years ago." Being bitten 'call over" will therefore prove an effectual remedy.

☞ INTERCHANGE OF COMPLIMENTS.—"What a lovely woman!" was the exclamation of Lord Chancellor Eldon, upon passing a first class beauty, when pacing up and down Westminster Hall with his friend the Master of the rolls, previous to the opening of their respective Courts. "What an excellent Judge!" said the lady, when her sensitive ear caught the flattering decree of the Lord High Chancellor of England.

☞ SCENE AT A CAMP MEETING.—"Sister, are you happy?"

"Yes, deacon, I feel as though I was in Belzebub's bosom."

"Not in Belzebub's?"

"Well, some one of the patriarchs, don't know which."

☞ AT THE ladies' celebration at Barre, in England, nine hundred ladies were present. One of them let off the following toast:—"Old bachelors; may they lie on a bed of nettles, sit alone on a wooden stool, eat alone on a wooden trencher, and be their own kitchen maids!"

☞ IT IS as natural for ladies to show their ankles, as it is for gentlemen to—to look at them. Ankle study, now-a-days, is among the "higher branches" of a young man's education, though it is to be confessed that one must descend a good deal in the "pursuit of knowledge."

☞ GOOD ADVICE.—An old author quaintly remarks: "Avoid argument with ladies. In spinning yarns among silks and satins, a man is sure to be worsted and twisted. And when a man is worsted and twisted, he may consider himself wound up.

☞ DIVORCE IN THE WIND.—A divorce suit has been instituted by the wind, between "Bridegroom Sea" and "his wedded Bride, the Shore," Alexander Smith the poet being the cause.

☞ THE MAN who tried to sweeten his tea with one of his wife's smiles, has "fallen back" on sugar.

☞ TO SCHOOL BOYS.—How many miles does it take to make a Carson League?

MEDICINAL.

THE CELEBRATED AMERICAN HORSE POWDER,

A Certain, Safe, Speedy and Effectual Cure for Botts, Distemper, Coughs, Yellow Water, Loss of Appetite, Depression of Spirits, etc.

THE proprietor of the above powder takes great pleasure in calling your attention to an article which excels anything of the kind ever offered for public examination and patronage.

It has stood the test of many years' experience, and is no trifling humbug got up as a money-making scheme, but an article substantially and faithfully prepared; composed entirely of such remedies as have been found by practical experience to be valuable for the cure of the diseases for which it is recommended.

It should be in the hands of every Farmer, Farrier and Drayman. No owner of horses should be without it. It will save hundreds of property and in time, the lives of many valuable animals.

We ask you but to try it. Confident of its utility we deem it unnecessary to enter into any lengthy details of its virtues, but respectfully submit it for the patronage of a discerning public. Also—

THE CELEBRATED AMERICAN COW POWDER,
A NEW AND VALUABLE DISCOVERY.

Warranted to cure Hollow Horn, and other Diseases incident to Horned Cattle.

Notwithstanding the numerous compounds which are daily offered under the name of specifics, yet there has long been wanted a preparation that would ensure a safe and effectual cure of the many diseases to which every horned animal is subject. The object of the present one, containing ingredients of the most valuable description, is to enable all those who may own cattle afflicted with disease, to obtain a Medicine unsurpassed by any other ever offered.—Its composition is entirely different from the Horse Powder, being adapted expressly to horned animals and their diseases.

It is unnatural and inconsistent to administer the same medicine to both species for the cure of entirely different diseases. What may be valuable as a remedy in one instance, is entirely inactive and useless in the other. We have, therefore, prepared two remedies of dissimilar nature, which we warrant to eradicate the diseases for which they are recommended.

For this article once, and we venture to say you will not be without it after.

It has been tried by many intelligent farmers throughout the United States, and universally given the highest degree of satisfaction.

THE Hydromagen is a valuable discovery for protecting the feet from damp on cold, and therefore is preventative of many lung diseases, premature *decrepitude*. The Hydromagen is in the form of a sole, and worn inside the boot or shoe. Its modern and elegant character is powerful antidote to disease.

For Gentlemen it will be found agreeable, warm, and healthy, to wear in the coldest or rainiest weather, as the foot cannot become wet if the Hydromagen is inserted. Ladies may wear the lightest and most of shoes in the most inclement weather with impunity; while Consumption, so prevalent among the young of our country, may be thwarted by their general adoption. They entirely *supersede overshoes*, as the latter cause the feet to perspire in a very unhealthy manner; and besides, are not dangerous wear to pedestrians in icy weather, like india rubbers. While the latter cause the feet to perspire extremely freely, the Hydromagen, being a mere thin slice of cork prepared, peculiarly elastic, does not increase the size of the boot, nor cause the foot to appear untidy. To Children it is a most extremely valuable boon, as it gives exercise with comfort and healthy effects. Their expense is so slight as to scarce deed mention; besides, those who patronize them will find their yearly *doctor's bills much diminished thereby.*

As the Hydromagen is becoming more known, its sale is increasing to an almost unprecedented extent. Law year in London, Manchester, Birmingham, Liverpool, Glasgow, Leeds, Dublin, Paris, Antwerp, Hamburgh, and Berlin, our sales reached 1,739,450 pairs of cork soles. This year the number will far surpass it.

Ask the Faculty their opinion of their value as a preventative for Coughs, Colds, Bronchitis, Asthma and Consumption.

Men's size, per pair,	35 cents.

THE CHEST.
SIR ASTLEY COOPER, BART., M. D.,
THE EMINENT MEDICAL PRACTITIONER HAS LEFT A VALUABLE LEGACY TO THE WORLD IN HIS GREAT

PREVENTATIVE OF CONSUMPTION,
AND UNFAILING CURE OF PULMONARY DISEASES, WITHOUT THE USE OF MEDICINE.

DR. C. A. Bart., invented and advised the use of the Medicated Fur Chest Protector, in all persons of all ages and conditions, as certain and a safe shield against those fearful diseases, Consumption, Bronchitis, Asthma, Coughs, Colds, and other affections of the Lungs, which arise from the sudden change of the chest, *according to fashion*, and the continual changes of our climate.

"The Protector" is simply a chemically prepared fur, lined with silk and padded, which, suspended from the neck, covers the chest, in so agreeable a manner that, once worn, it becomes *a necessity* and *a comfort.*

"The Protector," although but recently introduced into America, is making rapid progress through the United States, the British Provinces, and the West Indies. It has for a long time been a staple article in England and on the continent of Europe, while it has grown in many countries to the position of an article of dress.

To demonstrate these facts a coupler of any English resident in your vicinity of his knowledge of the benefits arising from wearing the Protector, without recourse to doctoring of any kind. The cost of wearing these articles is a mere trifle, and one will last years. No one who values the health of himself or his family will be without them. The Hospitals in this country are not alone recommending them, but rapidly introducing them. Harcourt, Bradley & Co., of London, and Manchester, England, were originally entrusted with the manufacture of the Protector, by the lamented Dr. Cooper, and continue to manufacture according to his original instructions, and therefore recommend those who would wear "The Protectors," so see to their being genuine.

Remember this is a Staple article and no Patent Medicine.

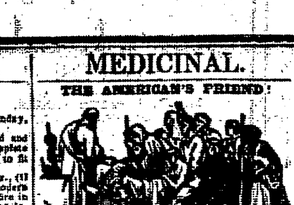
MEDICINAL.



THE AMERICAN'S FRIEND!

HOLLOWAY'S PILLS.

To the Citizens of the United States:

I most humbly and sincerely thank you for the immense patronage which you have bestowed upon my Pills. I take this opportunity of stating that my Ancestors were all American Citizens, and that I contend for all that concerns America and American cause, the most lively sympathizer, so much so that I originally compounded these Pills expressly to suit your climate, habits, constitutions and manner of living, intending to establish myself among you, which I have now done, by taking premises in New York.

THOMAS HOLLOWAY,
80, Corner of Ann and Nassau Streets, New York.

PURIFICATION OF THE BLOOD,
AND
LIVER AND BILIOUS COMPLAINTS.

The Citizens of the Union suffer much from disorders of the Liver and Stomach, scarcely any are free from the influence of these destructive maladies, behind which sits fast. The Liver, perhaps the most handsome in the World, up to a certain period when, distressing to say, many lose their health and good looks, which yet in the beginning of life, such and evils may be effectually remedied by continually keeping the blood pure, and the Liver and Stomach in healthy action, when life will flow smoothly, and resemble plains in a congenial climate, where no eternal spring appears to reign. As it regards the preservation of the human frame, and the duration of life, much may be effected and I say emphatically, that health and life can be prolonged for many years beyond their ordinary limits, if Holloway's Pills are taken to purify the blood according to the rules laid down for health contained in the directions which accompany each box.

A CASE OF WEAKNESS AND DEBILITY, OF 10 YEARS' STANDING, CURED BY HOLLOWAY'S PILLS.

Copy of a Letter from Captain John Johnson, Astor House, New York, January 5th, 1854.

To Professor HOLLOWAY, 80, Corner of Ann and Nassau streets, New York—Sir:—It is with the most heartfelt pleasure I have to inform you that I have been restored to health and strength by taking your Pills. For the last ten years, I suffered from a derangement of the Liver and Stomach, and was reduced to such an extremity that I gave up hope, never expecting to go to sea any more. I had tried every remedy that was recommended to me, but all to no purpose; and had given myself over to despair, when at last I was recommended to try your Pills. After using them for three months, the result is that I am now in better health than I have been for eleven years past, and indeed, as well as I ever was in my life. I am quite stillbetty to make this known for the benefit of others. I remain, Sir, yours respectfully, (Signed) JOHN JOHNSON.

These celebrated Pills are wonderfully efficacious in the following complaints:

Ague,	Indigestion,
Asthma,	Jaundice,
Bilious Complaints,	Liver Complaints,
Blotches on the Skin,	Piles,
Bowel Complaints,	Retention of Urine,
Constipation of the Bowels,	Scrofula, or King's Evil

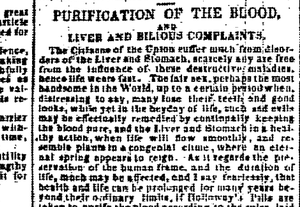
DR. J. B. MARCHISI'S
CELEBRATED CATHOLICON,



For the Relief and Cure of Suffering Females.

It stands pre-eminent for its curative powers in all the diseases for which it is intended, usually called FEMALE COMPLAINTS. Of these the Profuse Flux, or Whites; Fluor Albus, or Whites; Obstruction and Interruption of the Womb, Incidental Hemorrhage, or Flooding; Painful, or suppressed and Irregular Menstruation, &c., &c. Indeed all local accompanying evils, (Cancer excepted) no matter how severe or of how long standing.

The Catholicon far surpasses other remedies, in being more certain, less expensive, and leaving the system in a better condition. Let all interested call and obtain a pamphlet (free) containing ample testimony from the most respectable sources, showing the final results of its use; together with letters from highly experienced Physicians, who have used it in their practice, and speak from their own observations.

Notice to the Unfortunate Females.

I feel it a duty incumbent upon myself to thus publicly the great blessing Dr. Marchisi's Uterine Catholicon has proved to me. For two years my health was miserable; I was almost unable to walk. Physicians pronounced my complaint to be ulcerous ulcerations, commencing with their albus. The pains, irritation, prostration, and the incidental fetid discharge rendered life almost insupportable. In this miserable condition, Dr. F. P. Newland recommended Dr. Marchisi's Uterine Catholicon. After taking four bottles I find myself in perfect health. Gratitude for my restoration to health, and a desire that all may see, alike unfortunate, may find sure relief from this inestimable medicine.

ELIZABETH A. NEWLAND,
No. 17 West st., Utica, N. Y.

The above statement I know to be true.

F. P. NEWLAND, M. D., Utica, N. Y.

I have no hesitation in saying Dr Marchisi's Uterine Catholicon is invaluable in uterine diseases generally. I have used it in Fluor Albus, Amenorrhœa, Prolapsus Uteri, and in case of extensive ulceration of the vagina and os uteri. It is worthy of the notice of the faculty.

McLEAN'S VOLCANIC OIL LINIMENT

THE unparalleled success of this Liniment, and the miraculous cures that it has and is performing, in all parts of the Western and Southern country, is a sufficient guarantee for its astonishing efficacy.

Two Dollar Bottles of McLEAN'S VOLCANIC OIL LINIMENT will cure the most inveterate cases of Chronic and Inflammatory Rheumatism, Lumbago, Sciatica and Gout; in recent cases a few applications will give relief. For Paralysis, Contracted Muscles, Stiffness of the Joints, Weakness of the Back or Ligaments, it will never fail. If applied according to the directions, the once shrivelled and stiffened limbs will regain the elasticity of youth. Two bottles will cure Sore Throat, Toothache and Earache, and it will almost instantly remove any local inflammation or pain. For Sore Nipples, Caked Breasts, Sore Lips, Chapped Hands, Chilblains, &c., it is the only reliable remedy. One fifty cent bottle has never failed in curing the Piles. Hundreds now suffering for years with this distressing complaint, have been cured by a few applications. It will remove Bronchele, or Goitre, any unnatural lump, tender, painful and healthy, without leaving a cicatrix. Scrofula, or a disease called Fever Sores on the Legs, no difference how long they may have existed. One fifty cent bottle will be found more than sufficient to cure Scald, Fresh Cut, or Wound, without a scar. Bites of Mosquitoes, Sting of Bees, Wasps, and all poisonous insect, one application will give instant relief. For Bruises, Sprains, &c., it is an infallible remedy.

McLEAN'S VOLCANIC OIL LINIMENT has been thoroughly tested in each and every of the above diseases, and we have never known it to fail in performing a cure when applied according to directions. We, therefore, recommend it to all afflicted with these diseases, when a safe and sure remedy is so easily obtained.

A FAMILY should keep a supply always on hand, for use in time of need.

READER, have you friends that are suffering from external diseases? then go tell them to call at once and get a bottle of this invaluable Liniment.

TO PLANTERS, FARMERS AND OTHERS.

Working a large number of hands and stock, hundreds of Dollars can be saved annually by using McLEAN'S VOLCANIC OIL LINIMENT. It is equally efficacious in curing diseases in Horses and other animals, such as Spline, Spavin, Nodes, Swelling or Lameness. It will cure Poll-evil, Fistula, Old Sores, or Sweeny, if properly applied. For Strains, Bruises, Scratches, Chafes, Saddle or Collar Galls, Recent Sores, Wounds, &c., it is an infallible remedy.

There is no mistake about the McLEAN'S VOLCANIC OIL LINIMENT will never fail to cure any of the above diseases, if applied according to the directions which accompany each bottle, in English and German.

Read the following certificate, which is

INCONTESTABLE PROOF

of what we have asserted.

ST. LOUIS, MO., Dec. 1st, 1853.

Mr. McLEAN, St. Louis, Mo.—Dear Sir: I was afflicted for fifteen months, with rheumatism, so much that I was unable to attend to any business, my legs, arms and fingers were swollen dreadfully, the muscles were contracted, and I suffered the most excruciating pain. I applied some five or six bottles of Mustang Liniment; it had no more effect than so much water. I obtained one dozen bottles of Volcanic Oil Liniment of your agent, Mr. Pike, for which I shall ever feel grateful to him, and in five days I was entirely well, and I take pleasure in recommending it to the public. And I also state that one of my horses got cast in the stable and was unable to stand up. In the morning I made one of my boys rub on some of your Liniment, and in three hours he could walk about the yard, apparently as if nothing had happened to him. Mr. Bayles and others of my neighbors were present at the time, and they concur with me in saying that no planter should be without a supply of this invaluable medicine on hand. I remain yours, &c.,

MOSES B. WHITE.

Paulsa, Miss., Feb. 2, 1854.

Then trifle no longer with the many worthless Liniments offered you. Obtain a supply of McLEAN'S CELEBRATED LINIMENT. It will cure you.

For sale by J. H. McLEAN, sole proprietor, corner Third and Pine streets, St. Louis, Mo.

For sale by J. G. Brown, in Pottsville; J. Keller Burns, Minersville, Agent for the County.
