THE LAW OF NEWSPAPERS.

Subscribers order the discontinuance of their newspaper, the publisher may continue to send them until arrearages are paid.

If subscribers neglect or refuse to take their newspapers from the office to which they are directed, they are held responsible until they have settled the bills and ordered them discontinued.

If subscribers move to other places without informing the publisher, and the newspapers are sent to the former address, they are held responsible.

The courts have decided that refusing to take newspapers or periodicals from the post-office, or removing, and leaving them unclaimed for, is prima facie evidence of intentional fraud.

The Best Sewing Machines ever Invented!
At Fair and Equitable Prices.

We guarantee to every Purchaser a full Legal Protection in Use of our Patented Machines at All Hazards, and without Personal Inconvenience to Purchasers.
THE ELLIPTICAL LOCK-STITCH MACHINE, the very *ne plus ultra* of Family Machines, is capable of the highest speed, and *sewing with two threads*, makes the well known and highly commended "Lock Stitch," both sides being alike, and having, in one year, in the mere matter of thread, the value of a Machine, over those making the "double loop" or "chaining stitch." The "Elliptical" sews equally well either thick or thin fabrics, and uses all kinds of thread—silk or cotton. To this Machine, the imported Hem Folder may be attached.
THE IMPROVED SHUTTLE MACHINE, universally conceded to be the most wonderful triumph of mechanical art, is decidedly the best and simplest Shuttle Machine ever yet introduced. This machine, from its simplicity in construction, is particularly recommended for the use of Families, and all that have used it subscribe in our estimate of its capabilities, and say that it may be worked with ease and certainty by sewers of the most ordinary capacities.
Prices from Fifty to One Hundred Dollars.
Machines will be furnished to any style desired; and customers may order them in Cabinet form or otherwise, finished in Rosewood, Black Walnut, or Mahogany.—*Call, reader, and examine for yourself.*
