THE RACKET

Pinchin Shirt Corset

accomplishes what no other corset can, pinching in the waist, making loosening and shifting an impossibility, and giving elegance and grace to the figure. The old style corset loses its shape after a short time, but the Pinchin Waist Feature, by which a band encircles the waist, makes this impossible. It is the IDEAL CORSET; made of a beautiful quality Contille, fine boning, long hip. For sale here only by us.

THE RACKET.

All Fire Insurance Directors in the county should attend this meeting.

GEO. DALE, Master,
D. M. CAMPBELL, Sec'y.

Committee Wants Correct Names of Centre County Soldiers.

In order to secure absolute accuracy in the names and spelling thereof on our soldiers' monument, we will publish from time to time the lists of certain companies so as to enable those who are interested to suggest changes in initials or spelling, and also to suggest the names of any persons who may have been omitted from the rolls. This is the last opportunity which will be given to our people and to the survivors or friends of deceased soldiers who served from Centre county to have these names corrected. The Committee, therefore, appeals very earnestly to all who are interested in the subject to carefully scan all the names to ascertain.

1st, whether any have been omitted; and

2nd, whether the names of those already contained in the rolls are properly spelled.

It is also very important that the names of soldiers who enlisted in organizations outside of the county or State should be secured, in order that they may find their place among the nation's defenders upon the monument. This is perhaps the most important thing which the Committee has in charge, the organizations from our own county being already well known. If, therefore, any person, in or out of the county, has knowledge of a citizen of Centre county who enlisted in organizations outside of the county and State, it is especially important that their names should be ascertained, so that they may find a place among those who enlisted at home.

Any communication in regard to these names addressed to Gen. John I. Curtin or William H. Musser, Bellefonte, will receive prompt attention.

DEER LIVES WITH COWS.

More Than Contented With the Domestic Animals on the Farm.

A doe has been living with a herd of cows near Watsontown for over four months. It goes with the cows to pasture in the morning, returns with them in the evening and sleeps with them in the barn at night.

The deer put in an appearance at a farm on the night of January 3 last, having jumped a high fence to get inside of the barn yard. Knowing of the severity of the game laws the owner of the farm attemdted to drive the doe away. The animal fled to the nearby woods, but returned when the cows came in that afternoon from a stream where they had been watered.

Several efforts were made to compel the doe to take to the tall timbers, but failed. The farmer has since cared for the timid animal and it receives its portion of hay and other food as do the cows.

Several days ago the doe became the mother of two fawns. The presence of the doe and the fawns have been reported to the state game commission. When the fawns are large enough an effort will be made to turn the fawns and their mother adrift.

Juniata Shops Get Nice Order.

The Pennsylvania Railroad Co. has assigned to the Juniata shops an order for the construction of one hundred and sixty-eight engines of various types during the year. It is about the average number built yearly at the local works and will be sufficient to keep the small army of workmen busy for the remainder of the year.

It now requires 4,300 copies for the regular weekly edition of the Centre Democrat.

Third-term Abe seems to have a mortgage on his party.

KATZ & CO'S
