Song For The Million.

AIR—*"The Soldier's Tear."*

Before the glass the maiden stood, to take a last fond look
At the remnant of a head of hair whose loss she ill could brook;
The fame of a au "Lustrale" is not familiar to her ear,
She hears no *"Hair Restoratives,"* and sheds a bitter tear.

A few short months are past—behold that maiden on her knees!
And thoughtlessness has long dark hair, which flutters in the breeze.
She breathes a prayer that Hazel's name in after time may live—
The inventor of the *"Eau Lustrale,"* great *Hair Restoratives.*

She rose and sought the glass again—ah! do not deem her weak,
For beauteous are that maiden's looks, and smiles are on her cheek,
She is but one among the hosts that Jules Hazel shall cheer;
Be sure his *Hair Restorative* saves many a bitter tear.

A Distressing Cough and Sore Throat Cured.

DR. O. M. JACKSON:

"A short time since I was attacked with a very severe sore throat and hoarseness, accompanied with a most distressing and violent cough, which racked my system terribly. I used various remedies without obtaining relief, and finally purchased two bottles of Hoofland's Balsamic Cordial, on taking which I was entirely cured. We have since used it for other members of our family, and find that *it never fails.* We look upon it as the very best medicine of the kind in the world.

"Very respectfully yours,
"D. DOBBS.

Burnett's Cocoaine.

A compound of Cocoa-nut Oil, &c., for dressing the Hair. For efficacy and agreeableness, it is without an equal.

It prevents the hair from falling off.
It promotes its healthy and vigorous growth!
It is not greasy or sticky.
It leaves no disagreeable odor.
It softens the hair when hard and dry.
It soothes the irritated scalp skin.
It affords the richest lustre.
It remains longest in effect.

BURNETT'S COCOAINE.

BOSTON, July 19, 1857.

☞ Messrs. J. BURNETT & Co.—I cannot refuse to state the salutary effect in my own aggravated case of your excellent Hair Oil—(Cocoaine.)

For many months my hair had been falling off, until I was fearful of losing it entirely. The skin upon my head became gradually more and more inflamed, so that I could not touch it without pain. This irritated condition I attributed to the use of various advertised hair washes, which I have since been told contain camphene spirit.

By the advice of my physician, to whom you had shown your process of purifying the Oil, I commenced its use the last week in June. The first application allayed the itching and irritation; in three or four days the redness and tenderness disappeared—the hair ceased to fall, and I have now a thick growth of new hair.

Yours, very truly,
SUSAN R. POPE.

BURNETT'S COCOAINE.

☞ A single application renders the hair (no matter how stiff and dry) soft and glossy for several days. It is conceded by all who have used it, to be *the best and cheapest Hair Dressing in the World.*

Silver's Gas Consuming Stoves!—Unless these Stoves are made in a proper manner they are no better than the common old-fashioned heating Stoves.

I employ none but the best workmen, and use the choicest imported Russia iron.

I warrant every Gas Consumer I sell to be FULLY EQUAL to those I had on exhibition in the Franklin Institute, and which attracted the attention and admiration of visiters generally. The Committee conceded that GALLAGHER'S make of SILVER'S GAS CONSUMING STOVES were the best in the Exhibition. I call attention to the following letter:

"I have examined the 'Silver Gas Consumers' manufactured by Mr. A J. GALLAGHER, and pronounce them fully equal to any I have ever seen. The Russia Iron is the VERY BEST, the workmanship unsurpassed. The whole stove fully embraces my invention. I recommend with pleasure to my friends and the public Mr. Gallagher's make of Stoves. J. S. SILVER."

No More Poisoning.—For years the Piles has been one of the most prevalent, as it is the most obstinate disease known to afflicted humanity and the medical faculty. This is to be attributed to the use of white and printed paper in the water-closet. White paper is made of colored rags, and is otherwise (owing to the chemicals required in bleaching) intensely poisonous. When printed on, the ink makes it doubly dangerous and deleterious. GAVITTY'S medicated paper for the water closet is a grand invention, calculated to banish the Piles, as it is both a sure cure and preventive. Healthy, as well as afflicted people, will do well to patron'ze this excellent and novel article. It is meeting with favor among all medical men of standing, many of whom buy it for themselves and families, and is already for sale by all the large and small drug houses. Remember that it is pure paper, (manufactured from Manila hemp,) and medicated after an entirely new plan. It is very cheap; one thousand sheets costing only $1. Sold, wholesale and retail, at the office of the inventor, No. 41 Ann street, New York, and by T. R. GALLENDER & CO.,
N. W. corner of Third and Walnut sreets,
Philadelphia.

We perceive that Mr. Andrew Scott is in the "show business" at last. He ought to do well from many causes; but the fact that he has secured Mr. J. H. Robinson as his manager, and a select company of admirable performers, is a further inducement to visit the Shakspeare Concert Saloon, Sixth and Chestnut streets. The advertisement will be found in another column.

Bronchitis.—Many prevalent and fatally tending diseases are now comprehended under the term "Bronchitis;" in all of them the membrane of the air passages is more or less affected. They resemble consumption in symptoms and fatality, and in many cases actually end in "phthisis." The PERUVIAN SYRUP is signally beneficial in such cases, and has snatched many from premature graves.
