CENTRE COUNTY ELECTION RETURNS.

The Vote Cast November 7th, for the Local Offices in Centre County.

Last week, in tabulated form, we gave the vote cast in each district for County Offices, at the election on Tuesday, November 7, 1911. Time and space alone prevented us from giving the vote for the local offices, as is our custom, and it therefore was postponed one week later.

We do not republish a corrected official table this week as the count has made no material change on the result as originally published, and the majorities range from 100 to 1100 for the entire Democratic Ticket. In another part of this issue we publish the total official vote for each candidate for a county office, as made last Thursday.

In the following compilation the vote for the borough of Bellefonte is not given as that was published in detail in last issue. Note carefully that the vote is only given by election precincts and for the result in entire townships and boroughs that are divided, the reader will have to compile the same. In this statement we first give the name of the office, then the Republican candidate, and his vote, and the Democrat comes last or at the end of the line. In cases where a third nominee, or Independent candidate appeared, his name and vote is given in the middle of the line. In cases where an insignificant scattering vote was cast, no mention is made in this report, as it was not deemed important. In order to get names in a single line it was necessary to give only initials of some candidates. The following is the vote by districts:
