A NEW HISTORY AND BIOGRAPHY, In one Volume.

PUDNEY & RUSSELL have just published a new and highly interesting volume entitled the TRIALS OF A PUBLIC BENEFACTOR, BY N. P. RICE, M. D. 12mo., 472 pp. Price One Dollar.

TO THE GENERAL READER,
seeking for information or entertainment, it will be a volume that will amply reward his perusal. The whole ground is novel, and of the highest interest.

TO INVENTORS
and those who use inventions, this narrative of the losses and trials, under the most appalling discouragements, of one whose discovery "has made the world his debtor," will have an unusual attraction.

TO THE MEDICAL PROFESSION
it is, therefore, of permanent value; indispensable as a history, and inspiring in the lessons of patience, and perseverance, and indomitable energy, which are set forth in the Biography of Dr. Wm. T. G. Morton, the discoverer of the anæsthetic properties of sulphuric ether.

TO THE MEN
who have suffered or may suffer the tortures of a surgical operation, this will show how it may be endured without pain; and

TO THE WOMEN
who, in woman's hour of sorest need, would pass from agony to peaceful slumber, this work will possess an engrossing interest.

The CIRCUMLOCUTION OFFICE at Washington, and all who have dealings with it, and whoever is engaged in the pursuit of justice under difficulties, amid the mazes of Congressional Committees of Government officials; in short, whoever would know
HOW TO DO IT
AND
HOW NOT TO DO IT,
should read this Book.
