COLLEGIAN SPONSORS DANCE

Due to the rapidly decreasing funds which operate this newspaper, the Collegian Staff has organized a fund raising dance. In order to bring the school at least one more edition of the paper, it is necessary that we raise between \$50.00-\$100 at this affair.

Saturday evening, May 11, is the date scheduled for the dance. It will be from 9-12 P.M. in the SUB. Dress will be informal; shorts and slacks for girls, jeans for boys. Admission will be \$1.00.

"The HueMain Society" will provide the entertainment. Adam Zane, former leader of the "Whazoos" is introducing this exciting new group. In their short time together the boys of the band have had one successful engagement after another. They have recently completed engagements at Scranton and Cornell Universities.

Everyone is urged to attend this dance for it promises to be a great night's entertainment and will also keep the Collegian alive if it is successful!

TRAFFIC COMMITTEE TAKES SURVEY

A survey taken by the Student Traffic Control Committee has returned several interesting items of information.

While many students are being fined for violation of traffic rules, it is surprising to discover how many of the students are not even aware of the reasons for these fines. Furthermore, many students are not even aware that certain violations exist.

The majority of participants in the survey were unaware: 1) of penalties for ignoring traffic tickets, 2) that additional fees will be assessed if a car has to be identified through outside sources, and 3) that a car can be legally towed away if it is in violation of traffic regulations.

Most students felt that traffic violations should be handled through a traffic court. They also felt that only sophomores and veterans should be allotted parking space in the upper lot.

Negative replies were handed down by the larger portion of the students on the question of whether it is fair to pick freshman at random to be permitted upper lot parking privileges, and whether freshman should be assigned to the upper lot according to cumulative average.
