For the Hair

Cost of Keeping Convicts.

The Blair county commissioners have been billed by the officers of the Western penitentiary at Allegheny for the cost of maintaining Blair county's prisoners confined in that institution in 1911. There were fifty prisoners confined there, a total of 12,239 days at the rate of 32 2-5 cents per day, making the total cost $3,965.44, upon which there is a credit of $1,272.86 for labor, leaving the net cost $2,692.58. This is exactly 22 cents per day. They are fed, clothed and sheltered for this amount. It is held that when the new penitentiary is built and provision made to work all the men all the time, that the penitentiary can be made nearly self-sustaining. At present they are working but one third of the men.—Tyrone Herald.
