Lancaster Intelligencer.

FRIDAY EVENING, SEPT. 28, 1883.

"BOY'S-LOVE."

Stepping down the grassy lane,
Timorously as a dove,
Came an artless little damsel,
Looking out ahead for love.
(All the wild rose-hedge was budded—apple-boughs hung white above.)

"Whoso'er I first do meet
With the Boy's-Love in my shoe,
He's the one I'm sure to wed,
Sure to wed and love him true."

She'd a fair face, sweetly peeping from a little hood of blue.

She had never had a lover,
But she'd dreamed of one alway,
And would find him by the Boy's-Love
Hidden in her shoe to-day:
For it is a test worth trying, all the wise old grandams say.

Should she meet the tanner's boy,
Should she meet the miller's son,
She was so in love with loving,
She would love them either one
Nor doubt he was the one she'd dreamed of ever since she first begun.

So, she met a rosy stripling,
And they passed without a word;
But her heart would beat so loudly,
She was almost sure he heard,
And her snowy kerchief trembled like the plumage of a bird.

Innocently sideways glancing,
From her little gingham hood,
Through her soul she felt the fragrance
Of that sprig of southernwood,
And she thought the lad so pretty, and believed him wise and good.

Then she lay awake, a-thinking
Of the lad, the whole night through;
But he soundly slept till day's break,
Just as he was used to do.
And never dreamed he'd met a damsel with some Boy's-Love in her shoe.

MEDICAL.

BROWN'S IRON BITTERS.

THREE PARTICULAR POINTS.

Point the First.—BROWN'S IRON BITTERS is not an intoxicating compound. It is a tonic medicine, not a drink. It is a skillfully compounded preparation made to restore strength and health; not a beverage to be sold in bar-rooms and taverns.

Point the Second.—BROWN'S IRON BITTERS is free from everything injurious. The most delicate ladies and the most enfeebled infants may use it with perfect safety and with great advantage. While it is powerful in its remedial agency, it is gentle in its operation, restoring wasted strength and imparting robust health in the most efficient manner.

Point the Third.—BROWN'S IRON BITTERS is made by the Brown Chemical Company of Baltimore, a long established house, whose reputation is well known to the business world and the general community. There is no risk in buying such a medicine.

HAVING DISSOLVED PARTNERSHIP and permanently closed the Chestnut Street Iron Works, I desire to inform my old patrons and the public generally, that I am still in the business, being located in the Penn Iron Company's Works, North Plum street, where I am making Iron and Brass Castings of every description, and will be pleased to serve all who may favor me with their patronage. From 40 years experience in the business and using the best material and employing the best mechanics, I am satisfied I can guarantee entire satisfaction. Castings made from a mixture of iron and steel which are more reliable for strength and durability than the best cast iron known. Verseth roll pinions, rolls and rolling mill work a specialty. Castings made of very soft iron, and brass castings of every description. I have all the patterns of the well and favorably known Mowrer Corn and Cob Crusher, refitted and improved. Also on hand, mills completely fitted up or in parts, to replace old ones which have been in use for years, guaranteeing them to give satisfaction.
