No Time to Hesitate.—A clergyman of one of our Eastern States, who during his life-time was so much distinguished for his eccentricities, in his sermons and for the singularity and variety of his piety, ended one Thanksgiving day, with the usual custom of his church. The deacon, being an old-fashioned man, was in the habit of making blessings of a most wearisome length. On this occasion he was particularly prolix, and finally was forced to pause to gain a new supply of breath and words. The interval he stopped the pastor saw and accentuated nothing, his knife and fork. The worthy deacon, very much discomfited by the conduct of his reverend guest, opened one eye, and, looking down to him, exclaimed, "Doctor! I'm not through yet!" "Hesitate!" replied the Doctor, "it is no time to hesitate when a man's eating!"

What Was Treasure.—On perusing some lines, the other day, entitled "A Loose Leaf from my Geological Note Book," the enormity of the depreciative value of nothing that we can't have, or have owned, and not that the book would use to keep the place, instead of allowing any part of it to go to large.

A Mavourneen.—An unsuccessful lover being asked by what means he had lost the object of his adoration, replied, "Alas! I listened her till she became too proud to speak to me."

FIRST THINGS,

OR,

DEVELOPMENT OF CHURCH LIFE.

BY BARON STOW, D. D.

12mo.....Cloth.....63 cents.

An admirable exposition of the Constitution, Polity, and Life of the Christian Church in the purest days; adapted to the Acts of the Apostles. To inquirers for truth must go to the inspired Grandfathers of the Church, instead of to the erring Fathers.

GOOD NEWS FOR CHILDREN!

AGNES HOPETOUN'S SCHOOLS AND HOLIDAYS.

BY MRS. OLIPHANT,

Author of "Margaret Maitland."

16mo.....Cloth.....63 cents

A charming story, full of fascination to all children and youth, and teaching the best lessons of virtue and piety. It will carry sunny hours and nobler aims into many family circles.

A LESSON FOR THE DAY!

SECOND EDITION OF

THE STATE OF THE IMPENITENT DEAD.

BY A. HOVEY, D. D.,

Professor of Christian Theology in Newton Theological Institution.

16mo.....Cloth.....50 cents.

The rapid sale of this little volume, and the high commendation it has received from competent judges, are the best testimony to its great worth. It discusses one of the most important doctrines of the Bible with learning and candor, and overturns by the simple force of truth the sophical theories of our age. It will gain the attention of unbelievers by its fairness, and convince inquirers by its plain expositions of Scripture, and its strong and manly logic.

It effectually settles, upon Bible evidence, the main questions between Universalists, of whatever type, and evangelical Christians.—Pres. Banner and Advocate.

As a whole work, giving the result of patient thought and study on the important theme discussed.—Lutheran Observer.

We do not see how his positions can be subverted. The book is timely, and will do much good. It is small, and thus comes within the reach of all.—Morning Star.

It effectually refutes the popular objections to the doctrine of eternal punishment.—Presbyterian.

A TREATISE

ON THE

LAW OF EVIDENCE.

TENTH ENGLISH EDITION,

WITH CONSIDERABLE ALTERATIONS AND ADDITIONS.

By the Right Hon. S. MARCH PHILLIPS and THOS. JAMES ARNOLD, Esq., one of the Police Magistrates for the Metropolis.

FOURTH AMERICAN EDITION,

With COWEN & HILL'S Notes, and with additional Notes and References to the English and American cases to the present time. Including those added to the last edition by J. Marsden Van Cott.

BY ISAAC EDWARDS,

COUNSELLOR AT LAW.

In 3 volumes. Price $18.

Just Published and for sale by

BANKS & BROS.,

144 Nassau st., N. Y., and 475 Broadway, Albany, N. Y.

The unequalled work of Mr. Phillips on the Law of Evidence has long been acknowledged.

This edition has undergone a thorough revision by Mr. Edwards, and has received an immense amount of labor, and it is now as nearly perfect as can be made.

The American labor and talent bestowed upon the work are not less than that derived from the English source. The immortal notes of Messrs Cowen & Hill, together with those of Mr Van Cott, have been carefully preserved; and instead of being put in a volume by themselves, as formerly, they are now placed below the text—a disposition of them which will very much facilitate reference. The entire note and text are arranged in three compact volumes, with a table of cases, and an extremely full index to each. Mr. Edwards has carefully noted any distinctions that may exist between the English and American law, and has added all the late American decisions.
