SINGULAR CIRCUMSTANCE.—Not long since a little son of Calvin B. Jacobs, of Hollidaysburg, Pa., by some means got a grain of corn in his nose. On complaining of the pain a physician was sent for, who made an examination, but failed to discover the grain. A few days after, while the child was lying down, Mr. Jacobs thought he saw the grain, and immediately called in the physician, who came prepared with an instrument to remove it. The child refused to be operated upon, but finally went to the yard, where, by vigorous blowing, the grain of corn was dislodged, and on examining it, was found to have *two sprouts upon it*. In all probability death would have ensued but for this timely removal.

A CLARION COUNTY, PA., HORSE IN FRANCE.—We have always been under the belief that as good horses as can be found in Pennsylvania are raised in our county, but we were a little surprised to find that a fine dappled gray horse, raised on the farm of Frederick Berlin, in Beaver township, Pa., is now in the possession of Louis Napoleon, the Emperor of the French; and may perhaps, at the present time, be bearing his imperial master to the battle-fields of Italy. This horse was sold before he left this country for $175, afterwards, as one of a pair of matches, brought $900, and was subsequently purchased in New York, along with his mate, for Napoleon, at $2,400. It was a spanking team, and worth a good price.

The women of Blissfield, Michigan, have organized a lodge of the "Daughters of Malta," and are holding their mysterious meetings two or three evenings of each week. The men have thus far failed to ascertain the object and manners of the new society. The regalia worn by the "Daughters" is said to be similar to that of the "Sons," with a slight variation.

The Trenton *True American* says that the masons' and brickmakers' laborers of that place are on a strike for $1.25 a day. They now receive $1, and they represent that, with the loss of time by rainy weather, and the high prices of provisions, they are unable to make both ends meet.

Andrew Armstrong, an old schoolmaster, died suddenly in Colerain township, Lancaster county, Pa.

Bread.

MECHANICAL BAKERY, S. W. corner BROAD and VINE Streets, Philadelphia.
This establishment is now in successful operation day and night, and all are respectfully invited to call and see the whole process of bread making for themselves.
The undersigned takes the liberty of saying that for thirty-five years he has been a practical baker—five as apprentice, and five as journeyman in one of the first houses in Scotland, and twenty-five as master—during which time he has had the opportunity of making many experiments and observing all the improvements which have been made during that period.
In this establishment, of which he has now the management, in addition to the complete labor-saving machinery, he has now facilities of many kinds not heretofore possessed.
Being unrestrained in the purchase of flour, none but the soundest and best shall ever be used; and he has no hesitation in saying that bread of all kinds can be delivered, unsurpassed in quality and weight to that made in the ordinary process.
Families in which the bread made by the Mechanical Bakery has not been tried, or in which it has been tried only at its commencement, before the machinery was in perfect working order, are respectfully asked to give it a trial now—the undersigned believing it would lead to mutual advantage.

Medicinal.

SCROFULA, WHITE SWELLING, TETTER, SCALD HEAD,
And all Eruptions of the Skin are radically and permanently cured by
THE IMPERIAL DEPURATIVE.
SCROFULA AND WHITE SWELLING,
though obstinate and stubborn diseases, and resisting all ORDINARY REMEDIES, do not fail to yield under the unequalled curative and healing properties of the
IMPERIAL DEPURATIVE.
One or two bottles will convince the most skeptical.
TETTER has proved the greatest stumbling block to the ordinary remedies of the day. Local applications alone do no good, and often do MUCH HARM. The disease must be eliminated thoroughly from the system in order to effect a complete cure; and it is this radical action of the well-known
IMPERIAL DEPURATIVE
in expelling all vitiated matter from the blood that has induced so many to pronounce it the GREAT SPECIFIC for TETTER, &c.
THE IMPERIAL DEPURATIVE
WILL CURE TETTER,
and all diseases originating in
