DURYEA'S CELEBRATED MAIZENA,
FOR BLANC MANGE, MINUTE PUDDING, BAKED PUDDING, BOILED CUSTARD, MOCK CREAM ICE CREAM, PIES, CAKES, &c.
MANUFACTORY—GLEN COVE, L. ISLAND.
We take great pleasure in presenting to the public our MAIZENA, (which is put up in one pound packages, with directions for use on the wrapper), as being by far the CHEAPEST, as well as the most delicate and wholesome article for culinary use now extant, and is consequently to be, by the many that have tested its delicate qualities, a most important addition to our national "Bill of Fare," particularly for dessert. The article is manufactured with the utmost care from the choicest selected Southern Indian Corn. The water used in its manufacture is drawn from perennis Springs, and is remarkably pure and wholesome; no water could be better fitted for the cleansing of a substance designed to be used largely for food, and to render it particularly adapted to the use of invalids and the sick room, it being equal, if not superior, to the best Bermuda Arrow Root. Parties in the Trade are invited to call, when we will take pleasure in presenting them samples.
